WAR NEWS.

Uriel Wright, Esq., arrived in Chicago on the 1st inst. from New Orleans. He succeeded in making his escape by assuming the disf a rebel officer.

Mr. Wright brings no special intelligence f importance. The secession leaders are ery close about the army and operations in rginia, and they know but little more about them in Louisiana than we do in the North. His inferences are, from the number of men who have gone from Louisiana, that the rebel force is at least 200,000 strong. But few re-emits were going forward, as all that it was to spare from home service are thought safe already with the main army or in Tennessee and Missouri. There was a strong Union feeling in Louisiana, but it was suppressed, with the main army or in Tennessee yet ready to break out whenever a sufficient ational force for protection should appear. The blockade of the Mississippi was drawing closer, still vessels continue to arrive and depart through the "passes," though not so frequently as formerly. The slaves were qui but the inhabitants were under constant ap-

chensions of a rising. Some considerable nsurrections had taken place, but they were speedily put down. The business of New Orleans was prostrated, and there was nothing doing except in the necessaries, which were scarce and high. The poorer classes suffered terribly, but most of the men had gone to the war. The banks had suspended, and were anticipating a seizure of their spe cie funds (of which they held some \$12, 000,000) by the Government. There were great fears of an attack upon the city by a aval expedition, and preparations for deence were being made on quite an extensive Mr. Wright confirms the reports of scale. the employment of the Indian tribes of the They expect outhwest by the secessionists. to bring into the field from 5,000 to 10,000 warriors.

A new illustration of the fiendish charac ter of the traitors now in arms against the Government is furnished by the fact that at Falls Church the other day, when they re treated, they poisoned the meat with strychnine, in order to entrap the Federal troops who drove them out. Fortunately our sol-diers were too wise to be victimized by this wicked scheme.

The Nashville Union says that large numbers of Kentuckians are docking to Buckner's standard. Gov. Harris has called out 30,000 additional volunteers, in accordance with the request of Gen. Johnston. Breckinridge and Powell Requested to Resign. We published some time ago an account of Kentucky, requesting Breekinridge and Powell to tesign, in consequence of their secession proclivities. In the House on the 1st inst., after an animated debate, in which the treachery of Breckinridge was elequently depicted, similar action was taken. An ef fort was made to shield Powell from this censure, but it was unsuccessful. The Frankfort correspondent of the Louisville Journal, in section of the State. describing these proceedings, says:

At the conclusion of Mr. Yeaman's remarks Mr. Underwood offered a preamble and resolution that, whereas, the Legislature believes that Breckinridge is in favor of disupiting the States by acknowledging the inder endence and separate nationality of the Confederate States, and will act with a view to accomplish that object, therefore he is instructed to resign. This was rejected -44 to 20-showing the determination of the House to act on both Senators. The previous question was then demanded, the motion being to strike out Powell's name, which was rejected-44 to 25. The question then came up on the resolution from the Committee on Federal Relations, which is, that as Breckinridge and Powell do not represent the will of the people of Kentucky they are instructed to resign. This was adopted-53 to 21-and thus the House has executed a duty which should have been promptly performed long since as a matter of justice to the State. The majority would have been greater, but that Powell had a few friends in the House.

Reports from Charleston, Kanawha coun y, Va., say that a battle was going on be tween Gen. Cox and the rebels under Wise and Floyd, at Sewell's Mountain, and that the latter were retreating to their Lewisburg entrenchments.

From Chest Mountain.

[Telegraphic Correspondence Daily Commercial.] CHEAT MOUNTAIN, Va, Oct. 1 .- On the 27th of September an armed reconnoissance was made in front of Elkwater, by the Sixth Ohio (Guthrie Greys) and thirteen regiments, and a detachment of Loomis's Battery, un command of Col. Sullivan. They proceeded about fifteen miles, when they came upon the enemy's pickets, consisting of two com-panies, who immediately fiel, and were fired upon by our troops, killing fifteen of them. They also surprised another picket of about twelve or fifteen men and killed two. ------

Return of Henry S. Magraw.-Henry S. Magraw, formerly State Treasurer, but now a resident of Lancaster city, who was arrested a few days after the battle of Bull Run while on an errand to Manasses to rescue the body of Col. Cameron, returned to his home last Friday. The commission appointed to examine into the character of the charges of the State prisoners at Richmond reported favorably in Mr. Magraw's case some four or five weeks ago, but through a misunderstanding log toward Cape Girardeau. John Ross, the chief of the Cherokee Na the report was not confirmed by the rebel cab inet until the latter part of last week.

The loss was about \$5,000; it was insured, however, to the amount of \$1,000 in the Valley Insurance Company. We also learn that the elegant mansion of Captain H. M.
