Mutiny at Fort Sumter-Soldier Horriby Whipped.

Among the soldiers now at Fort Sumter is James Cahel, an Irishman, who a few weeks ago had the bravery to say that when the Union fleet hove in sight he intended to spike the gans of the fort. For this expression Captain Rhett (son of the editor of the Mercury) ordered him to be tied across a gun and whipped-to receive one hundred and twenty five lashes, well laid on. The soldiers in the fort rebelled against the infliction of this punishment, and so alarming was the mutiny that Rhett sent to Fort Moultrie for soldiers to quell it. They came and the man was whipped. This incident which occurred but two or three weeks ago, shows the state of feelings among the soldiers at Fort Sumter. They are mostly foreigners and Northern men, who, having no work, were obliged to go into the army to live.

Free Negro Contributions.

A number of the 'first gentlemen' of Charleston have negro children whom they have liberated and assisted in business .-Among these may be mentioned the proprietor of a machine shop, named Weston, who is reported to be worth \$80,000; Deriff, a wood factor, \$60,000; Howard, a wood and brick factor, \$30,000. Another Weston has a large tailoring establishment, employing some twenty colored tailors, who is quite wealthy. All these men were made to contribute largely to the fund for the army, and subscriptions were also exacted from the more humble of the free colored population.

Colored Abandoned Women.

Charleston boasts of a large number of these women, and a plan was set on foot to get money from them. To carry it out, one of their own class, well known in Washington, named Mary Gondallis, was deputed to collect it, and in a short time Mary returned with \$450, which the 'pious ladies,' who meet daily at the rooms of the Young Men's Christian Association, received and put into their funds.

Southern Currency.

The Richmond Dispatch of recent date, under the head of its correspondence from Lynchburg, contains the following reference to the monetary currency of that once flourishing city:

The amount of trash in the shape of currency thrown out on the public in this community is truly alarming. For some time past the notes of numberless defunct southern banks have been imposed on the ignorant and unsuspicious; but the latest abomination out is in the shape of individual notes of denominations of ten, twenty, twenty five and fifty cents, which made their appearance in our city on last Thursday. This rag currency goes off readily with the ignorant and soldiers who are strangers here, and are very naturally led to believe it to be the best of money merely because it purports to be issued at Lynchburg. If prompt measures are not taken to suppress the circulation of these illegal issues, the whole country will be flooded to such an extent that we shall have no currency at all, as it will be supplanted by the due bills of every individual who chooses to force his worthless trash on the communi-

It is no new and untried article, but one that has stood the test of a tweize years' trial before the American people, and its reputation and sale are univalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known physicians and individuals in all parts of the country is immense, and a careful perusal of the almanac, published annually by the proprietors, and to be had gratis of any of their agents, cannot but satisfy the most skeptical that this remedy is really deserving the great calcilier it has a triver. gratis of any of their agents, cannot but sat-most skeptical that this remedy is really de-he great calebrity it has obtained.

Sarsaparilla FOR PURIFYING THE BLOOM and for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimpires, Pustules, Blotches, Boils, Blains, and all Skin Discases.

Primpres, Pustules, Blotches, Boils, Blains, and all Skin Discuss.

Oblians, Ind., 6th June, 1889.

J. C. Arek & Co. Gents: I feel it my duty to acknowledge what your Saisaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and sures; sometimes it turned inward and distressed us at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and louthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. A length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparitie), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it curred me. I took it, as you advise, in small doses of a tempoonful over a month, and used almost three bettles. New and healthy skin soon began to form under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the sposition of the age, and remain ever gratefully.

Leucorrheea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Chaming, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerons complaints for which we employ such a remedy, but especially in Female Disease of the Scrofiones disthesis. I have cured many inveterate cases of Lencorrhoea by it, and some where the complaint was caused by ubcrations of the uterus. The olceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous verrien tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extigation could afford relief, but he advises the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ayer. Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have a cured with it, it may practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venezal and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the picers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become es sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She, teo, was sured entirely by your Sarsaparilla in a few weeks. I know from its formuly, which your agent gave me, that this Prejaration from your bebratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours.

A guest suggest cases have been reported to us where cares of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanne, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable curs of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the abtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cares which have won so strongly upon the confidence of mankind.
