RECIPES.

Turtle Soup From Beans.—Take 3 pints of black Spanish beans, put them in a pot with the proper quantity of water, boil them until thoroughly cooked, then dip the beans out of the pot and press them through a colander. Then return this flour of the beans thus pressed, into the pot in which they were boiled, tie up in a cotton cloth some thyme and let it boil in the mixture, add a little butter, and season with salt, pepper, parsley, sweet basil and sweet marjoram. Have ready force-meat balls, 4 hard-boiled eggs, quartered, and add to the soup, together with a sliced lemon—and wine to your taste just upon serving the soup. This will approach so near in flavor to the real turtle soup that few would be able to distinguish the difference.

Election Cake.—4 pounds of flour, 2 pounds of sugar, 2 pounds butter, 1 quart of warmed milk, and a tumbler of home-made yeast. Stir the butter and sugar together, and after putting in the yeast put in half the mixture of butter and sugar, and rub all thoroughly into the flour, wetting it with the quart of milk. Set it at least six hours, then add the remainder of the butter and sugar, and raisins and mace, and the whole stand over night. Then take out and put in the baking pans, let it stand a short time and bake in a slow oven. This is truly an economical cake when eggs are dear. The ladies will always find this a great favorite with gentlemen.

Cup-Cake, the Nicest Kind.—1 cup of butter, 2 of sugar, 3 of flour, the whites of 8 eggs, a cup of sweet milk, 2 tea spoons cream of tartar, 1 (small) of soda.—The cream of tartar to be put in the flour, and the flour in the milk. Stir in the milk and soda the last thing, alternately, and put in the oven immediately. For cocoa nut cake grate one cocoa nut and add to it—or a pound of blanched almonds, and extract of bitter almond and a glass of brandy, will make delicious almond cake.

A Delicate Kind of Fried Cake.—1 cup of pul. sugar, one of sweet milk, 2 eggs, 1 table spoonful butter, 1 of cream of tartar and 1 tea spoonful of soda. Rub your cream of tartar on the flour to make a spongy paste, and roll to the thickness of less than half an inch. Then fry them with great care—and they make a most delicious cake.

Apple Puddings.—To a quart of stewed and strained apples add a piece of butter as large as an egg, sweeten well, and add six eggs well beaten, nutmeg or lemon for flavor. Make a nice patty and cover three or four deep baking plates, and fill with the prepared apple. This makes a very delicious pie or pudding. It is best cold.

The Red, White and Blue,
Is the Big Coffee Pot Sign!
My friends, I suppose you wish to know, Why the Poetry Machine don't go; But to tell you the truth, since the war, To me her notes seem all to jar.
And only now her invitation, Is to Union men of this Nation; As for the ladies, I know they can Go for the Union to a—man!
And the right kind of a man is he, Who will call at the Tin Shop to see The things that will suit his own dear wife, And add to her comfort through life.
And the right sort of a woman is she, Who will find a nice man who will be, Her dear husband, so good and kind, And'll call at the Coffee Pot Sign.
For there you will find I always keep, Stoves and Tin Ware, (and I'll sell cheap); And Coal Buckets, too, all very neat, Some sit on their bottoms, some stand on feet.
From two dollars and upwards I'll sell, Parlor Gas Burners that will do well; But cash you must know is all the go, When prices are so very low.
Many other things I would mention, But I will just call your attention To my lately improved FAT SQUEEZER—Should your wife need one, don't tease her.
A short hint like this I think should do— If you heed it not she'll make you frow;
T. J. I. WALLIS, for he's the man, To sell you a Squeezer and a Lard Can.

6. Being small, it soon becomes saturated with water.
7. It is durable, lasting from 20 to 30 years.
8. It has a large bore, and is not liable to clog.
9. It can be made larger to bear pressure.
10. Iron will fill with incrustation, or will rust out.
11. The mineral of lead and iron is very unhealthy.
12. Iron and lead, same size, will cost 6 times as much.

The Prince Royal and Royal Cook Cooking Stoves.
THE subscriber has for sale the best Cooking Stove in the market. Hundreds have been sold, and in every case given the warmest satisfaction. They are more durable, the entire top being double plated with wrought iron; the back plates are double of cast iron. Every housekeeper knows that these are the only parts affected by the heat, hence the value of this great improvement. No burning out of pieces. Hole covers and oven-tops. These Stoves possess a neat and beautiful appearance, have all the most valuable improvements that make a Cook Stove a household pleasure, viz: largest diving flues, which increase the draught, and diffuse the heat just where it is wanted, under and around the baking oven—large fire chambers, taking wood from 24 to 30 inches long—deep ash-pit, adding much to the convenience of cleaning out the stove—with wood and coal grates, firebrick, &c.
Every Stove warranted, and sold as low as any ordinary Cooking Stove.
