#### LOCAL AFFAIRS.

DEATH OF PETER PRINTZ, JR .- We regret to learn that Peter Printz, son of Peter Printz, of this place, was drowned in the Ohio river at Paducah, Kentucky, a short time ago. Some months back he had rendered valuable services to the goverement as a scout in the neighborhood of Columbus and other points then occupied by the rebels, and had we believe intended to make a visit home this spring. He was in the 33d year of his age. His brother feft here on Monday evening for the scene of the disaster, in hopes that his body may he recovered, and afford his deeply grieved father the consolation of interring his remains here. We append a letter from the former employer of the deceased, who gives the particulars so far as they are known:

PADUCAR, KENTUCKY, March 41, 1862. Dear Nir-It becomes to me a most sad and painful duty to announce to you a great calamity that has befallen all of us. Peter. your son, is dead. He was drowned at the wharf boat in this place on the morning of the 8th, at 1 o'clock a.m. The particulars are as follows: He got into a skiff to pass around some boats that were lying at the landing, and was seen to shove out and continue well out into the stream, to avoid the strong current that set in towards the boats, (the river being higher than for several years:) that is the last that was seen of him. At the same time, as near as I can learn, there was a man seen in the water asking for assistance. but before any could be rendered he had drift ed out of sight and hearing. The only con-clusion that others as well as myself can arrive at is, that the current must have drawn him under the wheel of one of the boats, (several of which were at the landing with their wheels revolving slowly) capsized the skiff, and probably wounded him; otherwise I cannot help thinking that he would have been saved. We have made all effort possible so far to recover his body, but without success; but we shall continue as the river falls, and all most sincerely hope our efforts may meet with success, for in him I recognize to you a most worthy son and to myself a faithful friend.

EXHIBITION .- The 1st quarterly exhibition of the Dialexian Society of Lewistown will be held in the Town Hall, on year, TURSDAY and WEDNESDAY evenings, March 25th and 26th, 1862. The exercimission 15 cents. Children 10 cents. To probably another victim to alchohol. commence at 71 o'clock.

TEMPERANCE.-Rev. Mr. Orr will dethe Town Hall (Friday evening,) when Consumption-is anxious to make known to his fellow drinking men generally are invited to at- sufferers the means of cure tend, so as to see from actual analyzation what kind of stuff they are using.

SOAP.-Enoch Swain sends us a few pieces of Harrison's German Detersive Soap, which we think deserves a trial at the hands of all housekeepers. It can be used by three methods for washing clothing, and is represented equally efficient for the finest fabrics as well as coarse wear, and for personal ablution we know it to be a desirable article. Mr. Swain has also a general variety of fancy soaps, for washing and shaving purposes, at his establishment next door to Schneider Lind.

HATTI.-Two emigrants (Molson and Todd) have returned with discouraging accounts of the land of promise, but on the other hand we have seen a letter from Archie Saunders, dated St. Marks, Jan. 25th, which speaks in rapturous terms of the country, its products, and its institutions, winding up with the invitation to his friends "to come HOME, for this is the only place for the colored man on this earth." The most untoward news is the death of Robt. Stills, well known for many years as an ostler at the leading hotels here, who disregarding the advice of friends, continued his labors during the heat of the day, and thus lost his life. The colony could have better spared some others.

A CERTAIN CURE FOR SCROFULA .-Nicholas Longworth, the famous millionaire and wine grower of Cincinnati, publishes a cure for scrofula. The directions he gives are the following:

Put two ounces of aquafortis on a plate on which you have two copper cents. Let them from eight to twenty-four hours .--Then add four ounces of clear, strong vinegar. Put cents and all in a large mouthed bottle, and keep it well corked. Begin by pouring four drops in a teaspoonful of rain water, and apply it to the sore. Make the application three times and are rith a coft hair pencil or three times a day, with a soft hair pencil, or made of soft rage. If yery painful add a drop or two of water. As the sore heals apply it weaker.

I request editors in all parts of the Union, and abroad to copy this, and to re-publish it quarterly; it may save many lives.

It appears that the "formidable defences" of the rebels at Centreville, of which we have heard so much, were manned by wooden guns. This was stated by the poor negroes who ran to our lines in pursuit of "liberty," but it appears the word of rebel spies was more relied on by our Generals than the darkies.
