LOCAL AFFAIRS.

THE LADIES' VOLUNTEER AID ASSOCIATION acknowledge the receipt of ten dollars in aid of its object from the Dialectic Society.

TAVERN KEEPERS, to whom licences were granted are reminded that they will be forfeited if not lifted within fifteen days.

FATAL ACCIDENT.—We regret to learn from the Lancaster Union that on Saturday a week Abraham Lind, only brother of Wm. Lind of this place, while assisting in the sawmill at Wabank, four miles from Lancaster, was killed under the following circumstances: It appears that Mr. Lind and a Mr. Wolf were sawing material for pale fences, and owing to some unknown circumstance, Lind let go the piece on one side of the saw before his companion took hold of the other end—the piece was caught in the saw and thrown back with great violence, striking him first on the arm and then on the chest, killing him instantly.

RANDOM ITEMS.—A Lutheran friend suggests that it would be good policy for the official board of the Church to declare all pews vacant at the end of each year, giving a renewal to those who have paid their seats, and throwing all others open to those wishing to take them.

CONDENSED MILK.—The Soldiers' Aid Society of Cleveland have published the following receipt for preparing condensed milk, an article highly needed for use in the hospitals: Take new milk warm from the cow, strain it. To each quart add a pound of fine white sugar; pour the sugar in gradually, stirring it all the time; let it simmer slowly until it is like a thick ropy syrup. Let it cool. When perfectly cool seal it up in cans. Care should be taken to prevent the milk from burning.

THE COURT we learn have granted a petition of many citizens of Decatur to hold another election to make choice of a proper situation for fixing the polls, which is to be held on the 15th May. The majority of the petitions favor its removal to S. Stumpff's, which is as near the centre as a place can be obtained.

THE FRANKLIN FIRE INSURANCE COMPANY of Philadelphia gives a new proof of its excellent management and good fortune, in a semi-annual dividend of five per cent., and an extra dividend of ten per cent., payable on and after the 17th inst. The Franklin does a very heavy insurance business in this part of the State through H. J. Walters, Esq., agent for Mifflin and Centre counties.

INTERESTING ASTRONOMICAL FACT. Two persons were born at the same place, at the same moment of time. After an age of fifty years they both died, also at the same spot, and at the same instant, yet, one of them lived one hundred days more than the other. How was this possible? Not to keep our friends in suspense, the solution turns on a curious, but, with a very little reflection, a very obvious point in circumnavigation. A person going round the world to the west, loses a day, and toward the east, he gains one. Supposing then two persons born at Cape of Good

Hope, whence a voyage around the world may be performed in a year; if one perform this constantly towards the west, in fifty one years he will be fifty days behind the stationary inhabitants; and if the other sail equally east, he will be fifty days in advance of them. One, therefore, will have seen one hundred days more than the other, though they were born and died at the same place, and at the same moment, and even lived continually in the same latitudes and reckoned by the same calendar.

Deaths of Distinguished Persons.

PRINCE WINDSCHGRAETZ. Prince Alfred Windschgraetz, of Austria, whose death is reported by the European arrival of Tuesday, was at one time Commander-in-chief of the Austrian armies. He was born on the 11th of May, 1877, and was, therefore, 75 years of age at the time of his death. On the maternal side, the Prince was descended from the great Duke of Friedland. He plumed himself on the purity of his descent; was an absolutist and reactionary in politics; and during the revolutionary movements of 1848, in the summer of that year, he led the armies which bombarded Prague, Pesth, and the Austrian Capital in succession. The Prince succeeded, sixty years ago, to his father's title, and married in 1817 a Princess of the house of Schwarzenberg, by whom he had six children. His name will only be remembered in connection with the repression of Liberty.

COUNT NESSELRODE. The death of Count Nesselrode is announced by the arrival from Europe on Tuesday. Karl Robert von Nesselrode was born on board a Russian frigate, in the port of Lisbon, December 14, 1780. He was descended from a noble German family, long settled in the provinces of the Lower Rhine, who were made at the beginning of the 18th century Counts of the Empire. He began his career in the military service, but early became attached to the various embassies of his father, and subsequently the leading diplomatist of Russia. In 1844 he was promoted to the rank of Chancellor of the Empire. He conducted the foreign affairs of the country until July 30, 1856, four months after the signing of the Treaty of Peace at Paris, since which time he lived in retirement.

ABOLITION OF SLAVERY IN THE DISTRICT OF COLUMBIA.

Special Message of the President. FELLOW CITIZENS of the Senate and House of Representatives: The act entitled "An Act for the release of certain persons held to service or labor in the District of Columbia," has this day been approved and signed. I have never doubted the constitutional authority of Congress to abolish slavery in this District, and I have ever desired to see the National Capital freed from the institution in some satisfactory way; hence there has never been in my mind any question upon the subject except the one of expediency arising in view of all the circumstances.

ABRAHAM LINCOLN. April 16, 1862.

When Gen. Mitchell reached Decatur, Ala., on the late bridge expedition, he took possession of the telegraph office, cut the wires, leaving Decatur and Corinth only a telegraphic communication. Beauregard sent a message to President Davis, demanding reinforcements for Corinth, declaring that he could not otherwise hold the position. Mitchell promised the reinforcements immediately. This is one of the most comical episodes of the war.

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first cause of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of truth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure. FOR COSTIVENESS.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and restore the bowels, and the system of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

FOR A FOUL STOMACH, or Morbid Inaction of the Bowels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, Pain in the Stomach, Back, or Side, take from four to eight Pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear those and their kindred disorders because your stomach is foul.

FOR SCROFULA, ERYSIPELAS, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all sorts of the unclean diseases of the skin, because your system wants cleansing.

TO PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhoea, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes general debility, sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritates, and tends to biliousness, which may turn to bilious fever, bilious colic, bilious diarrhoea, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, and all Inflammatory Fevers are rapidly cured by the purifying effects of these Pills, which cleanse the blood and the system which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a Family PILLS, this is best agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.
