To Preserve Strawberries .- To pounds of fine large strawberries add two pounds of powdered sugar, and put them in a preserving kettle, over a slow fire, till the sugar is melted; then boil them precisely twenty minutes, as fast as possible; have ready a number of small jars, and put the fruit in boiling hot. Cork and seal the jars immediately, and keep them through the summer in a cold, dry cellar. The jars | tice. must be heated before the fruit is poured in, otherwise they will break.

Strawberries Stewed for Tarts. - Make a syrup of one pound of sugar and a teacup of water; add a little white of eggs; let it boil, and skim it until only a foam rises; then put in a quart of berries free from stems and hulls; let them boil till they look clear and the syrup is quite thick. Finish with fine puff paste.

Raspberries.-These may be preserved wet, bottled, or made jam or marmalade of, the same as strawberries. Raspberries are very good dried in the sun or in a warm oven. They are very delicious stewed for table or tarts.

Strawberry Jelly .- Express the juice from the fruit through a cloth, strain it clear, weigh, and stir to it an eqal proportion of the finest sugar dried and reduced to powder; when this is dissolved, place the preserving pan over a very clear fire, and stir the jelly often until it boils; clear it carefully from scum, and boil it quickly from fifteen to twenty-five minutes. This receipt is for a moderate quantity of the preserve; a very small portion will require much less time.

To Preserve Rhubarb .- To one and a quarter pound of rhubarb add one pound of sugar, half an ounce of bitter almonds blanched and chopped very fine, half the peel of a lemon also chopped very fine; boil all together rather longer than other following reasons for its use: fruit, or till it will set firm. If the fruit is not quite young, the sticks should be peeled, being first wiped quite dry.

Rhubarb Jam .- To seven pounds of rhubarb add four sweet oranges and five pounds of sugar. Peel and cut up the rhubarb. Put in the thin peels of the oranges and the pulp, after taking out the choke. seeds and all the whites. Boil all together for one hour and a half.

Cherries Preserved .- Take fine large cherries, not very ripe; take off the stems, and take out the stones; save whatever juice runs from them ; take an equal weight of white sugar; make the syrup of a teacup of water for each pound, set it over the fire until it is dissolved and boiling hot, then put in the juice and cherries, boil them from the syrup with a skimmer, and spread them on flat dishes to cool; let the syrup boil until it is rich and quite thick; set it to cool and settle; take the fruit into jars and pots, and pour the syrup carefully over; let them remain open till the next day; then cover as directed. Sweet cherries are improved by the addition of a pint of red currant-juice, and half a pound of sugar to it, for four or five pounds of cher-

"I am happy to say of your Catharic Pills, that I have found them a better family inedicine, for common use, than any other within my knowledge. Many of my friends have realized marked benefits from them, and coincide with me in believing that they possess extraordinary virtues for driving out diseases and curing the sick. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public, when they are known."

when they are known."

The venerable Chancellor WARDLAW writes from Baltimore, 15th April, 1854:

"Da. J. C. Aver — Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of appetite, and Bilious headache, which has of late years overtaken me in the spring. A few doses of your Pills cured me. I have used your Cherry Pectoral many years in my family for coughs and colds with unfailing success. You make medicines which cure; and I feel it a pleasure to commend you for the good you have done and are doing."

ever consent to be, while my means will procure them."

The widely renowned S. S. STEVENS, M. D., of Wentworth, N. H., writes:

"Having used your Cathartic Pills in my practice, I certify from experience that they are an invaluable purgative. In cases of disordered functions of the liver, causing headache, indigestion, costiveness, and the great variety of diseases that follow, they are a surer remedy than any other. In all cases where a purgative remedy is required, I confidently recommend these Pills to the public, as superior to any other I have ever found. They are sure in their operation, and perfectly safe—qualities which make them an invaluable article for public use. I have for many years known your Cherry Pectoral as the best Cough medicine in the world; and these Pills are in no wise inferior to that admirable preparation for the treatment of diseases."

With what feelings of rejoicing I write can only be imagined when you realize what I have suffered, and how long.

Never until now have I been free from this loathsome disease in some shape. At times it attacked my eyes, and made me almost blind, besides the unendurable pain; at others it settled in the scalp of my bead, and destroyed my hair, and has kept me partly bald all my day; sometimes it came out in my face, and kept it for months a raw sore.

"Your Pills have cured me from a bilious attack which agoes from derangement of the Liver, which had become very serious. I had failed of any relief by my Physician, and from every remedy I could try; but a few doses of your Pills have completely restored me to health. I have given them to my children for worms, with the best effects. They were promptly cured. I recommended them to a friend for costiveness, which had troubled him for months; he told me in a few days they had cured him. You make the best medicine in the world; and I am free to say so."

"New Orleans, 5th April, 1854.

"Sir: I have great satisfaction in assuring you that anyself and family have been very much benefited by your medicines. My wife was cured, two years since, of a severe and dangerous cough, by your Cherray Preconal, and since then has enjoyed perfect health. My children have several times been cured from attacks of the Influenza and Croup by it. It is an invaluable remedy for these complaints. Your Cathartic Pills have entirely cured me from a dyspepsia and costiveness, which has grown upon me for some years,—indeed, this cure is much more important, from the fact that I had failed to get relief from the best Physicians which this section of the country affords, and from any of the numerous remedies I had taken.

"You seem to us, Doctor, like a providential blessing to our family, and you may well suppose we are not unmindful of it. Yours respectfully,

"Dr. J. C. Ayer — Honored Sir: I have made a thorough trial of the Catamatre Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first dose relieved me, and a few subsequent doses have entirely removed the disease. I feel in better health now than for some years before, which I attribute entirely to the effects of your Catharte Pills. Yours with great respect, LUCIUS B. METCALF,"
