LOCAL AFFAIRS.

RELEASED UNION PRISONERS .- On Thursday last twenty-two of the released prisoners of company I, of the 15th regiment, P. V., commanded by Col. R. A. Oakford, in the three month service, called upon H. C. Alleman, Esq., who was a first lieutenant of company E, of the same regiment. These men were captured at the battle of Falling Waters, on the 2d day of July last, by Stuart's cavalry, num- are gener liv very mild, except the present bering four hundred and thirty men .-There were two of the regiment killed, raining. This town stands on the bank of four wounded and forty-two taken prisoners, among them Lieut. Hutchinson. The prisoners were placed in irons immediately after their capture, and marched to within five miles of Winchester the first day .--The next day they reached Winchester, and remained there until the 18th of July. The day following the march of Gen. Patterson's Division from Bunker's Hill to Charleston, they were taken to Richmond and remained in the tobacco warehouse the farming land: it is about second quality.

The Gold mines of this Territory are rich, until the 25th of September, when they were taken to New Orleans. They were taken to the Irish jail and remained there in close confinement until the 6th of Febguary, when they were taken to Salisbury, N. C , and placed in a large barracks with Col. Corcoran, Lieut. Col. Bowman the Czar will have something to say first. and other officers. They left Salisbury for New York on the ship Stars and Stripes, May 22d, and reached Harrisburg on the above day. They report having received hard treatment from the rebels, and having been first of the federal forces cap tured, were paraded for show to the extreme delight of the secessionists and ladies in particular. They report Col. Corcoran in good health, but Lieutenant Colonel Bowman as being almost blind, and grey as a badger. Two of the men died since their capture. We learn from the Tele graph that they were all ordered to Camp Cartin for pay, not having received one cent, although they were mustered into the service on the 23d of April, 1861. They say they hardly know what money looks like, not having seen any since their capture. They report that Gen. Joseph E. Johnson had but fourteen thousand men, while Gen. Patterson was at Bunker Hill with twenty-two thousand, and that the cortifications around Winchester were of a gave saw fit to call and take her to himself very trifling character. They left Winchester on the same day that Gen. Johnson marched ten thousand men to reinforce and enables them calmly to submit to the will Beauregard at Manassas. The men generally look to be in good health, and are all anxious to return to the service to pay the rebels a big debt they owe them. They say there are a great many true Union men down south. They found them in Richmond and Salisbury quite numerous, but his age. Mr. Hewes was a volunteer in Comquiet, or else take the consequences of being forced into the service.

Edmiston returned to this place on Thursday and Edwards on Saturday, both looking quite well, and were heartily congratulated by our citizens. G. W. Threlked, another prisoner, arrived at New York day before yesterday, and we presume Samuel Tice may be looked for shortly.

RAIN AND HAIL .- We had a heavy rain last week, which raised the Juniata bank full, but did no harm. On Saturday a thunderstorm from the north discharged a considerable quantity of hail about the size of a hazelnut, but with the exception of cutting leaves and prostrating an occasional spot in a grain or grass field, passed off with much less injury than was supposed from the quantity that fell. The weather has been quite cool since, and yesterday

several shopkeepers rendered their rooms comfortable with fires in stoves.

The wheat fields in this neighborhood present a sad appearance this morning, the stalks lying down as if a roller had passed over. Should this extend over the country, the crop has been seriously damaged.

STEILACOOM, WASHINGTON TERRITORY,)

February 27, 1862. Readers of the Lewistown Gazette: -I am in this far off land, and likely you would have me give you a faint ricture of this place: The town is small-say 100 buildings-situate some 40 degrees north latitude, yet the winters which is severe; we have had about ten inches of snow since Christmas, but now it is Puget Sound-an inland sea large enough to harbor all the shipping of the world. We are in sight of white-capped mountains, perpet ually covered with snow. One, a volcano— St. Helens—is 14,000 feet high; we have from here the most beautiful scenery I ever beheld. Fronting the town is the Sound, some 18 miles At the far shore the land rises gently some 25 miles, to the foot of Mount Olympia, and covered with heavy timber-the tallest in the world. Then uprises the mountain to mix with the clouds, snow capped perpetually. An artist could never do justice to paint this pi; ture, it is so sublime. I cannot say so much of

beyond a doubt. The Salmon river country, perhaps, surpasses California; I think, from reports that appear reliable, that more Gold will be taken out than the yield of California. But Brother Jonathan is not the only Gold finder. John Bull has made some very rich strikes in the Carriboo country, up to 54° 40" The Carriboo mines have yielded as high as \$15,000 to poor men in three months' working, yet a number come back as poor as they This is a poor part of the Territory, but it is large enough to make several States,

and some rich in Gold mines. The farmers here have but few barns, consequently most of their stock died this winter for want of feed. We are all very anxious to get Eastern news. About nine tenths of the citizens here are loyal, one tenth rebels; they are from Missouri, as they are named here Pike countians.

HON. JOHN ROWE. Shall the Union be Sustained by a Union of Honest Men?

From the Philadelphia Press. The people of Pennsylvania, while their sons and brothers are contending nobly for the Union, against a desperate band of armed conspirators and barbarians, will be short ly called upon to contend for a political result which must have an important influence on the contest of arms which our brothers are so valliantly waging. In this contest one of the first great objects to be achieved is the selection of proper leaders or candidates. When this has been accomplished, and when a fair and definite understanding has been had among all loyal men, I have no fear as to the triumph that will be won at the ballot box. In view of this understanding, then, as to candidates, I rejoice to note the unanimity with which the name of Hon. John Rowe, of Franklin county, is hailed as a candidate for Surveyor General; because it indicates a de to harmonize on a sound Union man, while such a Union foreshadows a victory as

certain as the day of election approaches Mr. John Rowe is a Union Democrat. During the last session of the Legislature he was Speaker of the House, and in that position supported all the measures of legislation calculated to sustain the National Administra tion. In the beginning of the struggle to crush rebellion, he was among the first to declare against the traitors, and took a prompt and positive part in the active measures then devised by the government for its own pres ervation. He made an issue with every man who refused a full and cordial support of the war measures of President Lincoln, and while e done this, he incurred the resentment of that portion of the Democratic party who had determined to make their support of Breck inridge a blind to conceal their own treason

I believe it would be sound policy for the Convention that meets in Harrisburg, July 17th, 1862, to nominate John Rowe as the Union candidate for Surveyor General. Of his popularity and ability, there is no ques tion, while as a man of integrity, his character will compare favorably with that of any other man in the State.

In making these suggestions, I feel that I elerence of a large majority of the Union loving people of Pennsylvania. A UNION VOTER.
