#### LOCAL AFFAIRS.

WAR MEETING .- A large number of our citizens assembled in the Town Hall on Monday evening for the purpose of adopting measures to raise one or more companies of volunteers, Judge Wilson in the chair. Messrs. McMurray and Guyer made patriotic addresses, in which they pointed out the evils likely to result in the nartisan feelings manifested by so many persons against the Government, who were thus instrumental in producing the apathy and indifference so prevalent at a time when the hearts of all ought to be engaged to strengthen its efforts to put down this infamous rebellion. Jno. A. Wright and Geo. W. Elder, Esq. also addressed the meeting, when a subscription was opened and about \$1300 subscribed for the purpose of paying \$10 to each recruit.

The committee, consisting of Geo. W. Elder, Chairman, D. W. Woods, Treasurer, H. J. Walters, Secretary, James Burns and Samuel Comfort, appeal to all patriotic citizens in the county to subscribe funds for the purpose of paying at least \$10 to each volunteer who may enlist under R. W. Patton or Jos. S. Waream, who are now recruiting for the service.

Considerable curiosity was excited on Monday morning by a Red, White and Blue Signal put up through town. No body seemed to know what it meant.

The wife of Henry Kemerling we learn fell from a cherry tree last week, injuring herself considerably.

Mrs. Murray, of the Lewistown Hotel, the upsetting cf a chair on which she was standing, is recovering.

The clothes' line of Lewis Wisler was robbed one night last week.

A NEW ENEMY TO FARMERS. -The disappearance of the grain wevil in this section has been followed by a small brownish red insect which is now visible on oats by thousands, in some instances covering the stalk below the grains for two or three inches, and imparting a strange appearance to the fields. There is no doubt entire crops are now being rapidly destroyed by this successor to the late pest, and as we perceive it has also appeared in York and other counties, it will probably render the cultivation of oats for some years a risky crop. We have often thought that farmers ought to pay more attention to the appear ance of destructive insects, and make experiments to destroy them. For instance, the use of a few bushels of salt, sown broakeast on an acre of ground, would do much towards relieving the soil of destructive insects, as most of them are no doubt hatched in it, and would besides do no harm to the land.

OUR SOLDIERS .- Captain Maclay returned to Milroy on Monday last, considerably debilitated in health. David Kennedy, of the Logan Guards, is reported very ill with typhoid fever. Daniel Blett, of this place, a member of the Bucktails, was seen alive at the close of the fight in which that regiment suffered so terribly, and is probably a prisoner. Surgeon Woodhull, of New Jersey, who has been actively engaged before Richmond, is now on a visit to his mother, (the widow of Wm. McCay, Esq., deceased,) who has been quite ill for some weeks.

Among the sick and wounded recently released on parole and sent north, are W. E. Lawber, comp. G, 49th Pa.; J. Barlow, comp. C, 49th Pa; Isaac L. Grey, comp. C, 49th Pa , debility; Jos. Ewing, corporal, comp. K. 49th Pa., fever.

Wm. Beaver, 49th Pa., wounded in hand; Wm. Kennedy, 49th, hand; John A. Kestler, comp. I, 49th, rheumatism; S. Kennedy, comp. B, 49th, rheumatism; A. H. Whitfield, comp. E, 49th, fever; G. W. Dix, comp. D, 49th, debility; S. Funk, comp. D, 49th, rheumatism, and Wm. Shultz of Lewistown, 107th Pa regt., were at last accounts in hospitals at Washington, Alexandria, &c.

No SHINPLASTERS—Postage Stamps a Legal Tender .- On Thursday Congress passed a bill prohibiting notes of a less denomination than one dollar, from whatever source, from being circulated, under a penalty of five hundred dollars fine or six months' imprisonment. Instead of shinplasters a bill has passed both Houses, to take effect on the 1st of August, making United States postage stamps a national currency, to pay for any amount under five dollars. The stamps are to be redeemed in United States notes, and thus obviate all pretence for the issue of small notes of any kind.

Singular Event .- On Saturday last, in Bald Eagle, Mrs. Polly Wilson, died to all appearances. Her coffin and shroud were ordered, and the necessary arrangements for her funeral were made. Strange to say she revived, and is doing well. She has been sick for some months. Her age is about 75 years.— fiendish atrocities, but they allow them to continue unrebuked. In some instances the taken in exchange for goods at cash prices.

#### WAR NEWS.

General Pope, in a despatch to the War Department announces the complete success of a cavalry expedition sent out from Fredericksburg on Saturday last. The force made a descent upon the Virginia Central Railroad at Beaver Dam, thirty-five miles from Richmond, destroyed the railroad track and telegraph for several miles, and burned up the depot, which contained forty thousand rounds of musket ammunition, one hundred barrels of flour, and much other valuable property. The expedition occasioned the most intense alarm in the country through which it passed. The hood, cavalry marched eighty miles in thirty hours, and accomplished their purpose with apply to lawless bands of individuals not for only one man wounded. General Sigel's Division is at Sperrysville, near the entrance to the Luray Valley, where his pickets have frequent encounters with the Rebel scouts. By consulting the mapit will be seen that the position of General Pope's forces railroads, telegraph lines and bridges, and from Warrenton to Gordonsville is such as to hold the entrance to the Shenandoah Valley, and to preclude any more raids from Jackson in that direction. The strategetic value of the line now held is so manifest and important that the wonder is it has not before been taken.

From Cairo we get the true account of the running of the Rebel ram Arkansas down to Vicksburg, and find as we antici pated that the story of the great damage inflicted upon our fleet was a monstrous exaggeration. Two of our gunboats, the Carondelet and Tyler first encountered the Arkansas up the Yazoo river. In the fight the Carondelet grappled with the Arkansas and both grounded. The Arkansas got off whilst the Carondelet remained fast for over an hour. The Tyler, one of the least formidable of our gunboats mantained a running fight with the Arkansas until she reached our fleet above Vicksburg. None of the fleet had steam up, and were so scattered that but few could bring their guns to bear on the Rebel boat. Those that who had a severe fall a few weeks ago by could opened their broadsides on her, and no doubt did considerable damage, though not sufficient to prevent her from reaching Vicksburg. The entire Federal loss was twelve killed and fifteen wounded. None of our gunboats were either sunk, blown up, or burned.

Governor Morgan, on behalf of the State of New York, assumes the responsibility of proclaiming a bounty of \$50 for each new recruit under the recent call for troops. He does this to save the time and expense of a special session of the Legislature, trusting that that body will indorse his action.

The Petersburg (Va.) Express, announces that Hamilton, N. C., has been sheltered by our gunboats, and considers it probable that an attempt will be made to reach Weldon by the Roanoke river, as that stream is now high. Hamilton is situated about midway between Weldon and the confluence of the Roanoke river with the Albemarle sound.

The Rebel Gen. Lee, in his congratulatory orders to the Rebel army, published there, claims as the immediate result of the series of battles before Richmond the relief of the city from a state of siege, many thousand prison. ers, including officers of high rank, and the capture and destruction of thousands of arms and fifty one pieces of artillery.

Wm. II. Aspinwall, Esq, of New York, has given a striking example of disinterested patriotism to greedy contractors and specula tors who are thriving off of the needs and exigencies of the Government. As the agent of abroad at a stipulated price he received a profit from the operation. The Secretary of War has appropriately acknowledged the rewhich induced its return.

The Nashville Union states that a company ceeds will pay the expense. of guerrillas, ninety in number, were busily engaged in drilling in an old field between Gallatin and Hartsville, on Thursday, July 10, and otherwise preparing themselves for the work of murder and highway robbery, as taught in the code of Ferguson and Morgan, when several companies of Gol. Boone's regiment pounced upon them and captured the whole gang. They were taken to Nashville

The report of the safe arrival of General Curtis' army at Helena, Ark , is confirmed. The force left Batesville June 24, reached Jacksonport on the 26th, and on the 2d of July started across the country. On the 4th the 13th Illinois regiment, while coming down White River, were fired upon by guerillas, whom they easily routed. On the 7th Gen. Curtis' advance was attacked by two regiflight, and lost a number of prisoners and army arrived at Helena they had but three

days' supplies. The Assassination of Union men in Virginia.- A single correspondent mentions in a letter to a New York paper seven cases of murder of Union men in the vicinity of Front Royal, Virginia. John F. Haynes, aged 62, and a Mr. Bealer, Union residents of Page county, were assassinated during the present month for no crime save legalty. Their bodies have been left unburied for a week. Absalom Clem, a Union farmer near the Luray Valley, was killed on his own property by a company of rebel troops. His remains, pierced with six bullets, were found soon after. An individual named Ridenour was murdered for going to Woodstock to buy salt, the rebels accusing him of communicating with the Yankees, and dragging him to a place of execution from the bosom of his family. In one county seven such cases of the murder of non-combatants have been noted during the month of July. Openly the rebel commanders do not countenance such fiendish atrocities, but they allow them to con-

perpetrators of these bloody deeds were near neighbors of the victims, and in no case were the sufferers soldiers in the Union army.

Gen. Pope has issued the following order, which looks like war:

Headquarters Army of Virginia, Washington, July 18, 1862. General Orders No. 7.

The people of the Valley of the Shenandoah and throughout the region of railroad and telegraph, and along the route of travel in rear of the United States forces, are notified that they will be held responsible for any injury done to the track, line or road, or for any attacks upon trains or straggling soldiers by bands of guerillas in their neighbor-

No privileges nor immunities of war can ming part of the organized forces of the enenor wearing the garb of soldiers, who, my, seeking and obtaining safety on pretext of being peaceful citizens, steal out in the rear of the army, attack and murder straggling commit outrages disgraceful to civilized people and revolting to humanity. Evil disposed persons, in rear of our armies, who do not themselves engage directly in these lawless acts, encourage them by refusing to interfere or to give any information by which such acts can be prevented, or the perpetrators punish ed. Safety of life and property of all per sons living in the rear of our advancing armies depends upon the maintenance of peace and quiet among themselves, and upon the unmolested movements through their midst of all pertaining to the military service .-They are to understand distinctly that this security of travel is their only warrant of per-

sonal safety,
It is therefore ordered that whenever a railroad, wagon road or telegraph is injured by parties of guerillas, the citizens living within five miles of the spot shall be turned out in mass to repair the damage, and shall, beside pay to the United States in money or in property, to be levied by military force, the full amount of the pay and subsistence of the whole force necessary to coerce the perform ance of the work during the time occupied in

If a soldier or legitimate follower of the ar my be fired upon from any house, the house shall be razed to the ground, and the inhabitants sent prisoners to the headquarters of this army. If such an outrage occur at any place distant from settlements, the people within five miles around shall be held accountable and pay an indemnity sufficient for

Any persons detected in such outrages, either during the act or at any time after-ward, shall be shot without awaiting civil

No such acts can influence the result of this war, and they can only lead to heavy afflic-tion to the population to no purpose. It is therefore enjoined upon all persons,

both for the security of their property and the safety of their own persons, that they act vigorously and cordially together to prevent the perpetration of such outrages.

Whilst it is the wish of the General com manding this army that all peaceably dispo sed persons who remain at their homes and pursue their accustomed avocations shall be subjected to no improper burthen of war, yet their own safety must, of necessity, depend upon the strict preservation of peace and order among themselves; and they are to understand that nothing will deter him from enforcing, promptly and to the full extent, every provision of this order.

By command of Major General Pope. GEO. D. RUGGLES Colonel, A. A. G. and Chief of Staff.

Medicines that Cure .- One of the special peculiarities of Dr. Ayer's preparations is, that they accomplish what is promised for them. Who, in this community, does not know that of all the cough remedies the Cherry Pectoral is far the best? Who that ever uses pills but will tell you Ayer's Pills are at once the mildest and most searching, most effectual of all? Did anybody ever hear of his Ague Cure failing in a single case? Not an instance has been found where Fever and Ague has resisted the faithful trial of it. This may seem a bold assertion, but are assured it is true. And still more important are the effects of his alterative called Extract of Sarsaparilla. One after another patients come ments of Texas cavalry and a large force of forth from their leprosy, cleaned, purified into infantry, but the latter were soon put to health, by this witchery of medico-chemical skill. Saturated with the accumulated rotover one hundred killed. Our loss was eight tenness of years, and poisoned by the corkilled and thirty two wounded. When our ruption of their cwn blood, they could only live to suffer. This master combination, purging out the foul impurities, has instilled the vigor of health, and restored them to enjoyment and life again. If these are truths, and they are, should not our readers know it? What facts can we publish of more vital importance to them ?- Courier, Princeton, Ky.

A Lion at Play .- The African, of Constantina, states that as a woodcutter was proceeding from St. Charles to Gastonville, he suddenly saw crouched in the road before him an enormous lion. Seized with terror, he turned round and ran off, when the lion pursued and went past him, and on reaching a certain distance in advance again lay down, as if to await the man's approach. The man again turned round and went back, the lion once more rushing beyond him and lying down. This manœuvre was repeated by the animal several times, when the man at length fell to the ground, exhausted by fright and fatigue. The lion then approached him, and after examining him from head to foot walked off with a friendly roar, as if expressive of its pleasure at the trick it had played him.
