

# THE HOUSEKEEPER.

## RECIPES.

**Potato Sausages.**—Roast some potatoes in the oven, and when done, skin them and pound them in a mortar, with a small piece of butter warmed in a little milk.— Chop a shallot very fine and add some pepper and salt, according to taste, then roll them like sausages with a few crumbs and egg, fry them a little brown. They can be served either with or without some good gravy.

**Marlborough Pudding.**—Mix well together the following ingredients—four ounces of melted butter, four ounces of lump sugar finely powdered, and four eggs well beaten. Line a dish with puff paste, upon which place a layer of preserve, then pour on the melted butter, etc., and bake for half an hour.

**Lemon Pudding.**—Two pints of milk boiled with two ounces butter, poured hot on the crumbs of a penny loaf; the grated rind of a lemon, a quarter of a pound of loaf sugar, four eggs, and a spoonful of brandy. Bake three quarters of an hour and put paste around the dish.

**Fig Pudding.**—Half pound of figs, half pound of flour, two eggs, half pound of suet, a little sugar, and a little wine. To be boiled in a tin shape for four hours.

**How to Dress a Ham.**—Major General Lord Blaney tells us:—Bayonne is celebrated for its hams. I accordingly had one dressed under my own inspection and as a considerable degree of science is required in dressing a ham, I publish my receipt: Boil it in hock a quarter of an hour each pound; then put it in an oven, and bake it another quarter of an hour to the same weight; and I'll venture to say the epicures will acknowledge that nothing can be more delicious.

**Delicious Outlet.**—In Mr. Honan's entertaining work recently published, we find a receipt for preparing a *Culetto de Vitolo a la Milanese*: First take your outlet and beat it well with the flat side of the cleaver, or with a rolling-pin; beat it for at least five minutes; then having thrown a quantity of butter, eggs, and flour into a frying pan, when the mixture is hissing hot, fling your outlet in, and there let it stew.

**Oyster Toast.**—Bruise one anchovy fine in a mortar; take twenty oysters, cut of their beards, and chop them small. Mix the anchovy and chopped oysters in a saucpan with as much cream as will make them of a good consistency. Add a little cayenne pepper, spread them when quite hot on a round of hot, well-buttered toast; cut as for anchovy toast.

**Lemon Mince.**—Squeeze two large lemons, boil the peel till tender enough to beat to a mash, six large apples, half a pound of suet, one pound of currants, half a pound of sugar, and candied fruit as for other mince pies.

**Short Crust.**—To half a pound of flour put a quarter of a pound of butter, ounce of fine sugar, the yolk of one egg; beat up with a tablespoonful of water. All the ingredients must be well mixed before the fire, which is the chief thing in this receipt.

## PATENT COAL OIL GREASE.

THIS Grease is made from COAL OIL, and has been found by repeated tests to be the most economical, and at the same time the best lubricator for Mill Gearing, Stages, Wagons, Carts, Carriages, Vehicles of all kinds, and all heavy bearings, keeping the axles always cool, and not requiring them to be looked after for weeks. It has been tested on railroad cars, and with one soaking of the waste it has run, with the cars, 20,000 miles! All railroad, omnibus, livery stable and Express companies that have tried it pronounce it the *ne plus ultra*.

It combines the body and fluidity of tallow, beeswax and tar, and unlike general lubricators, will not run off, it being warranted to stand any temperature.

I have it in boxes 2 1/2 to 10 lbs. Also kegs and barrels from 30 to 400 lbs, for general use and sale. The boxes are more preferable; they are 6 inches in diameter by 2 1/2 inches deep, and hold 2 1/2 lbs net; the boxes are clean, and hardly a carman, teamster, expressman, or miller or farmer, that would not purchase a box for trial. F. G. FRANCISCUS, Lewistown, February 12, 1862.
