LOCAL AFFAIRS.

THE MILITARY ENROLLMENT .- We learn that the authorities at Haprisburg estimate it will take one out of from 15 to 18 population, after making allowance for those already in service, to fill the draft. From this an approximation can be arrived at as to the number to be furnished from each district by dividing 15 or 18 into the population, and then deducting the number in service. Taking the minimum number as the safest, we arrive at the following statistics :

The maximum number (18) would re duce the whole number required from this county to 918-so if that should be the ply our quota, a part of whom have enlisted since Saturday.

The boroughs exhibit a remarkable surplus, thus affording convincing evidence to our rural friends that if some evils arise from men congregating in towns, they also are sources of benefit when emergencies call for men enduring the hardships and privations of war. In this respect the West Ward, McVeytown and N. Hamilton stand conspicuous.

The number of persons enrolled is as fol-

Deducting about 900 in service, it would leave 2100 subject to a draft, of which number nearly one half would be exempt from disability or conscientious scruples, so that the draft would have to be taken from about 1200 able bodied men in the county. And if it should be determined to make the draft from 21 to 45, as our present militia law stands, some 300 more would be stricken off. The whole management we believe is left in the hands of Governor Curtin, who has we learn appointed Col A. K. M'Clure as State Commissioner to superintend it

The Union Sabbath School Association of McVeytown and vicinity held a meeting in the Presbyterian church of that place, on Monday evening, Aug. 4th, and effected a permanent organization by the

election of the following officers: President, J. H. Ross; Vice Presidents, G. W. Coulter, A. Mason, H. Garver, Wm. Macklin, Jno. Hanawalt, M. Boas, W. Bareus, P. McKinney, and H. S. Price; Secretary, I. Winter; Corresponding Secretary, R. Clark; Treasurer, J. F. Rohrer.

A committee was appointed to draft a constitution and by-laws, to be handed in at the next meeting. Messrs. Ross, Clark and Anderson addressed the meeting.

PAY AND BOUNTY FOR DECRASED SOL-DIERS .- The Pennsylvania Relief Association, owing to the fact that agents charge heavy fees for obtaining arrears of pay and bounty for deceased soldiers, has requested J. A. Williamson, Esq., (son-in-law of Rev. Dr. Woods, deceased,) to attend to this business, and that gentleman has patriotically consented to do so without charge. Heirs of deceased soldiers can therefore address "J. A. Williamson, Esq., Pay and Bounty Agent Penn. Relief Association. Washington City, D. C.," with the assurance that the widow and fatherless will be protected in all their rights. Our exchanges will we hope make this generous offer

IMPORTANT TO RECRUITS .- It is doubtless known to all our citizens that the time basis, it would require but 52 men to sup- of enlistment has been extended to the 15th inst., by order of the Governor, in view of having the State quota of troops in the field without drafting, after which date the drafting will be commenced. The company now organizing, therefore, will be the only chance for avoiding the draft, and the only one to secure a bounty. As for those authorized to organize the company, we have known them long and well, and recognize them as good citizens, strictly temperate and moral, and imbued with the right spirit. Capt. McEwen has had 12 months experience in active warfare, baying been with Gen. McClellan throughout his peninsular campaign, and together with Lieuts. Rudisill and Blymyer cannot fail to do honor to our noble little county. Rally at once, you can get no better chance .-Avoid the draft and get a bounty.

Mr. Editor-Allow me the privilege of sayng, through your columns, a few words re-pecting the Institute just closed.

t could not be expected that, in the exciting upon a purely educational meeting. The attendance was small, yet not so small as might of the Union and to encourage the rebels." naturally have been feared; the exercises were mainly of a practical character, designed to render those present more familiar with the branches taught in schools and with the best modes of teaching them. These exercises, though of comparatively small interest to spectators, are of prime importance to many of those present, who have taught little if any, and are useless to none, however experienced.

A new exercise, in Scientific Etymology, of e Study of Words was found quite interes ting by many, and it bids fair to be highly beneficial. A lecture by Pres. Johnson, of Dickinson Co lege, showed the rich vein of historic and mental wealth contained in the words that compose our English tongue .-Lectures on practical teaching, by Mr. Shu-maker, of Tuscarora Academy, and Mr. Sharp, of Kishacoquillas Seminary; and a lecture by Dr. Burrowes, on the school system, as the national outgrowth of popular sentiment, and on the importance that ought to be attached to it by citizens and the interest they ought to evince in the election of good Directors and in the visitation of schools, -were listened to with attention both by teachers and the audi ence. Good essays were read by David Allen, and Misses H. Davis, Mary A. Miller, Jane A. Kerr, Mary E. Stewart, and Miss McCord for Mary S. Shaw, candidates for the Profes-

sional Certificate. Such is an outline of the work done at the Institute. It is not for us to speak flatteringly concerning it; but, under the circumstances we cannot help regarding it as quite highly successful, and as destined to exert a very healthful influence in the schools of the county the ensuing term.

At the Teachers' Institute, held in Lewistown, commencing August 18th and continuing in sersion two weeks, the following resolutions were unanimously adopted:

Resolved, That we, teachers of Mifflin county, and members of the Mifflin county Institute, in view of the disastrous war now casting its baneful influences over the land, see much reason for doubling our diligence in the noble work in which we are engaged.

Resolved, That we go to work with more earnestness and zeal in developing, not only the powers of the intellect, but also those of the heart, that our youth may grow up strong in moral as well as intellectual force, and thus grace with honor and dignity any position in life which they may be called upon to fill.

Resolved, That our worthy Superintendent, Mr. Smith, merits our highest esteem, and has our sincerest thanks for the deep interest he has taken in our common cause; also for the able and gentlemanly manner in which he has conducted the exercises of this Institute. Resolved, That we carry with us into our schools the valuable suggestions received at this Institute, and thus take a step forward towards that high mark which every true

eacher has before him. Resolved, That we deem it our duty to avail ourselves of every means in our power for our better qualification, and therefore will attend

teachers' Institutes whenever practicable. Resolved, That we are under personal obligation to Messrs. Bates, Henderson, Shumaker, Sharp and Burrowes, for their able 150c; rye 73a78c; corn 65a66c; oats 58a60c.

The following is a list of delegates lectures, from which we derived much that is useful to aid and encourage us in performing the duties of the schoolroom.

Resolved. That the editors of each of the Lewistown papers have our thanks for open-McVeytown-G. W. McBride, Wm. J. Mc- ing their columns to the teachers of the coun-
