a response to the reception of an flay from the ladies of Kishaco- Mr quillas alley, Major Falls transmitted the following reply :

Camp of 1st Pa. Cavalry, in the field, Fairfax county, Va., Sept. 18, 1882. } To Mrs. Wm. Mann and other Ladies of Kishacohuill Valley, Mijlin county, Pa.:

Ladies :---Having been requested by my Battalion to acknowledge the receipt of a costly and very beautiful flag, this day re- To ceived by the 1st Battalion of the 1st Regiment of Penna. Reserve Cavalry, as a present from a number of ladies, residents of Kishacoquillas Valley, Mifflin county, To Pa., as a token of their respect and appre-To To ciation for the heroic and gallant manner in which the 1st Battallion conducted itself To on that memorable occasion, the 9th of August, 1862, at the sanguinary, terrific and To terrible battle of Cedar Mountain; and while I tender you, kind ladies, the sincere and heartfelt thanks of the Battalion for To your splendid and most magnificent present, I assure you in behalf of the officers and men of the Battalion, (it affords me the greatest gratification to be able to do so) that their object, aim and desire will ever be to protect, preserve inviolate, and respect that flag, not only for the sake of our national emblem, and flattering compli- By cash paid for muslin, canton flanment displayed on its face, but for the sake of its fair donors, (Heaven bless them.) By eash paid for muslin bo't of Miss The bare knowledge of our being remembered by our fair and loved ones at home, will of itself be an incentive for us to press on in the performance of our duty, in hamstringing and annihilating this unholy and hell born rebellion. And when it shall be By cash paid James Parker for spoken of as a thing that was, and our glorious old banner again floats in triumph wherever it did, then, and not till then, will we sheath our sabres and return to our peaceful homes, pleasant valleys, and happy firesides, bringing with us (with the help of God) our flag, untarnished and undimmed, as an evidence of our right to the approving prayers and smiles of the good and generous throughout our land, (and especially the ladies of Kishacoquillas Valley.) Again, ladies, permit me, in behalf of the officers and men of my Battallion, to thank you kindly for your lovely flag. It shall never want protection while a man of the 1st Battalion exists to swing a sabre, or a standard bearer, while there is a man left of the gallant Captain J. P Taylor's company (every man of which I am proud of, and their friends have good

reason to be) to take the place of the brave and heroic sergeant Romick. In conclusion you will please pardon me for saying a word in reference to the other

two Battalions of our Regiment, for whom I entertain the highest esteem and regard, and it was simply owing to circumstances G. Hale, 2 boxes. To Hospital at Frederick, that they did not take so conspicuous a part care of Rev. Mr. Crever, 2 boxes. To Armoas did the 1st at Cedar Mountain, (they ry Square Hospital, Washington City, care heing at the time detached in other parts Mrs. Phipps, 1 box and 1 barrel. of the field, where they rendered important service and where they would have been but too glad to have given a good account of themselves, had an opportunity been afforded them.) And if it be so, and from observation I have no doubt it is, that the entire Reserve Corps is composed of like material, then may the old Keystone State well be truly proud of her noble sons in the army; and as I am an outsider, a native of New York, a resident of California, where my wife and little loved ones now are, (oh, how I long to see them) and having no political, congressional, State, or other axe to grind, on this side of the Pacific at least, I may justly, I hope, be considered unbiased, and I assure you a finer body of men than Pennsylvania has in the field, especially the 1st Regt. Reserve cavalry, I never saw, and I have seen something of soldiering and war, this being the third that I have participated in. A very large majority of them seem to think that not only the reputation of their regiment but of their State to a great extent, depended upon their individual good conduct, and act accordingly ; and it requires not the eye of a physiognomist to see in nearly every soldier's face of our regiment, that hightoned, moral character that goes to make up the pure patriot and true soldier, ever willing to sacrifice home, friends, affluence, yea everything held sacred and dear, and to endure hardships, privations, want and sufferings of every character and kind imagin_ble-(all of which are synonymous with war, civil war, grim vizaged war, such as we now find in our land) the glorious pride, pomp and circumstance' of which is (with us at least to a great extent played out) all for the sake of his country, his government and his flag; but these once rescued and replaced upon a basis as firm as the rock of ages, then let me bespeak for the boys, on their return (at least for those who are permitted to do so) to their loved valley Kishacoquillas, a kind and cordial reception-such a one as only the noble and the brave are entitled to, and such a one as the virtuous and the pure alone know how to give. Please pardon the extreme length of this article, and believe me, respected ladies, Your humble and most ob't serv't, R. J. FALLS, Maj. 1st Regt. Pa. Res. Cav., Com. 1st Battallion.
