### THE GAZETTE.

### LOCAL AFFAIRS.

DEDICATION .- The new Lutheran Williamsport, Maryland.

More Hose .- It is evident at every fire that at least 500 feet of additional about 1400 feet, which divided between two companies, afforded ample length to reach a fire in almost any quarter, but some sections are worn out, others now lay enough to reach a fire at certain extreme points between two plugs. With the above quantity of additional hose, and the appointment of a man to attend to the buildings and apparatus -(why not give the lamplighter \$50 more for this additional duty?)—time List of Orders issued by Commissioners from January 1, 1863, to December and property would both be saved. We hope the Burgess and Council will, attend to this at once, as it will have to be done before long, and it is much better to do it before than after another

THE DRAFT.-Active exertions are making in the different districts, by local bounties, to fill their quotas under the draft. Lewistown offers \$130, and some of the townships exceed that figure.

It is again stated that re-enlisted veterans credited to counties at large, can change their credits to local districts by amending the roll or filing a supplement

The Weather.—Wednesday morning snow, afternoon windy. Thursday morning cloudy, afternoon clear, rathor plays afternoon clear, rathor plays afternoon snow, afternoon clear, rathor plays afternoon clear, rathor plays afternoon snow, afternoon clear, rathor plays afternoon clear er pleasant. Friday morning snow, afternoon clear. Saturday morning a light snow, clear and pleasant the rest of the day. Sunday cloudy but not cold. Monday morning cloudy with a little wind; snow squalls in the afternoon. Tuesday cold, with occasional snow blusters; evening clear and quite cold. Week has been variable.

Quite a number of the gallant 45th regiment are now on a visit home, nearly the entire body having re-enlisted. Many others of different regiments are also here.

The Logan Guards we learn are at Harrisburg.

As we intimated last week the testimony before the officers detailed to examine into the alleged frauds at Mifflintown, shows that much of it was got up out of personal animosity between parties who have been at war with each other for several years. We care for none of them, but as an instance may mention that the name of John J. Patterson, who was bandied about as the head and front of the frauds, was not even mentioned by a single witness. Whatever wrong was perpetrated, was done by a clique of all parties-the majority patent democrats-who always have their hands in such transactions, whether the State, the United States, or the People are to be robbed or swindled.

Just opened at E. Swain's Fancy Store, one of the largest and best selected assortments of Perfumery, Extracts and Toilet Articles ever offered for sale in this town. Any lady or gentleman who wishes a genuine article of that kind will find just the thing they want. Some weeks ago we notified our readers that Swain's was the place to find the best assortment of French and American Stationery to be met with this side of our eastern eities, and now we will inform the young folks who delight in paying their respects to each other at this season of the year, that they will find some of the handsomest Valentines ever seen. Just give him a call and satisfy yourselves of the truth of what we say. Don't forget the place-between Blymyer's and Ritz's stores, East Market street, south 3

INSTRUMENT FOR SALE .- An elegant fine-toned Piano is offered for sale, on reasonable terms. Any person wishing to purchase an instrument of this kind, should apply immediately. Further information given at this office

-At Gettysburg 28,000 muskets were taken. It is stated that of these 20,000 were found to be loaded, 12,000 containing two loads, and 6,000 from three to ten leads each. In many instances half a dozen balls were driven in on a single charge of powder. In some cases the former possessor had reversed the usual order, placing the ball at the bottom of the barrel and the powder on the top.

A Dead Man Driving a Horse .- The Galena Democrat cells of a man who, in a buggy, was slowly passing a farm house in the neighborhood of Warren, Ill., one of the cold days last week. The woman of the house thinking that he must be very church at Allenville will be dedicated cold, called on him to come in and warm on Thursday, 25th inst., services com- bimself. He made no reply, but, turning mencing at half past 10. The sermon neither to the right or left, kept slowly on will be preached by Rev. C. Lepley, of his way. The lady fearing that the man would freeze; knowing that there was no house for five miles in the direction he was going, requested her husband to follow him and induce him to stop and warm himself. He did so, and coming up, found hose is wanted. There was originally him frozen stiff, dead, with whip in one hand and lines in the other.

Killed by a Vicious Horse.-A man named Robert Quick, residing in Northumberland county, was killed by one of his unfit for use, so that neither reel can own horses the other day. The brute seized his arm between his teeth and shattered it to pieces, after which he reared upon him and trampled him to death. So terocious was the brute that it was with the greatest difficulty that the body of the deceased was secured from the stable.
