

LOCAL AFFAIRS.

THE DRAFT.—We learn that the quotas for the several districts in this county, under the call for 500,000 men, as they were registered on the Provost Marshal's books at Huntingdon last week, were as follows:

Table with 2 columns: District Name and Quota. Includes Lewistown (56), Granville (17), Derry (36), Deatur (24), Armagh (21), Brown (23), Union (24), Menno (22), Oliver (19), Bratton (13), M'Veytown (11), Wayne and N. Hamilton (30).

Total, 296. All therefore that the different districts have now to do is to see that credits are given on these figures. Re-enlisted veterans are credited according to their rolls, and these cannot be changed from one district to another. It may also be worth while to inquire whether some such credits have not already been given, leaving the above number to be supplied, for to our mind several look out of all proportion as they stand. That this has been done is quite likely, as we learn from an authentic source that all enlistments and re-enlistments since October are a credit on the two calls for men; consequently if recent re-enlistments were not yet credited when the above was furnished the marshals, Lewistown and some other districts are "out of the woods." Bounty committees it is certain cannot be too careful in disbursing funds entrusted to their care, as it would be rather a hard case to pay out \$5000 or \$6000 for a district and then stand a draft besides.

The following instructions, which we have met with since the above was in type, we believe to be correct, readily account for the disproportion noted in some districts, and will enable our citizens to go to work in the right way. 1st. That the several sub-districts receive credit for all such volunteers as may have been mustered into the service of the United States, since the last draft, and that the number so credited be deducted from their quota under the recent call. 2d. If the man receive any local bounty from any particular locality, they are to be credited to that locality. 3d. If they do not receive any local bounty, they are to be credited to the place at which they enlist or their actual residence, if they have one, as they may select.

4th. Veterans re-enlisted in the field, will be credited according to their muster-rolls, provided, that their residence, or the locality to which their credit is due, is noted therein. Muster-rolls defective as to these statements, will be completed by supplementary muster-rolls, to be made out by the respective company commanders, and forwarded by them to the office of the Acting Assistant Provost Marshal General at Harrisburg, with the certified copies of the defective rolls. 5th. The assignment, decision, announcement and bestowal of credits of this district will be either by the Provost Marshal General, or under his direction, or by the Acting Assistant Provost Marshal General at Harrisburg. 6th. The Provost Marshal General has directed the premium of \$25 and \$15 to be paid to any non-commissioned officer, private or citizen who presents an accepted recruit.

7. No transfers can now be made in the enrollment, unless specially authorized by the act now before Congress—the time for all alterations having expired Jan. 5th. 8th. It should be borne in mind that the quotas heretofore published will not in all cases be correct. The real quotas are much larger, but are to be reduced by deducting from them:

1st. The number of volunteers furnished by each sub-district subsequent to the late draft and prior to the 31st of January 1864, and duly reported as such. 2d. The number of men held to service under the late draft or who paid commutation or furnished substitutes. The balance thus ascertained constitutes the number to be drafted from each sub-district, subject to a credit for such volunteers as each may furnish between Feb. 1st, and Feb. 29, 1864.

LEWISTOWN FURNACE.—We learn that there is a prospect that this furnace will be put in operation by a firm with ample means, a consummation devoutly to be wished for, if we may be allowed to use the expression. An abundance of superior ore is now known to exist on the farm of Henry Ort, in Derry township, a considerable quantity of which has been mined by Col. Irwin, and we know of no reason why the best quality of iron should not be made at this establishment as well as elsewhere.

Captain Dickey's company, 8th regiment U. S. colored troops, we learn was in the engagements in Florida, and lost a few men. The regiment behaved splendidly, not a man faltering in advancing on a battery.

THE WEATHER.—Wednesday intensely cold all day, thermometer below zero; clear with a high wind. Thursday clear, wind abated, but very cold. Friday clear and moderating. Saturday cloudy, not cold. Sunday ditto. Monday cloudy all day, with a little rain late in the afternoon; evening clear; rain late in the night. Tuesday clear and pleasant in forenoon, cloudy in afternoon.

Local bounty committees will materially facilitate applicants to the Relief Board, by handing in to the Senior Editor of the Gazette certified lists of men mustered into the service and credited to this county, the latter being an imperative requirement.

Patton, at his Jewelry Store in East Market street, between Ritz's Drug Store and the Mifflin County Bank, has just received a new stock of Watches, consisting of American, Patent Lever, Detached Lever, all neat, cheap and durable. The remainder of the bounty will be paid in six equal instalments. Persons enlisting at the present time can have themselves credited to any Ward, Township or County in the State, and will thereby receive a Local Bounty of from one hundred and thirty to two hundred dollars, in addition to the United States Bounty.

SWYERS' AMERICAN LINIMENT, And Pain Exterminator, An Infallible Remedy for all Chronic and Inflammatory Rheumatism, Diphtheria, Sore Throat, Quinsy, Sprains, Neuralgia, Pain in the Back and Limbs, Cramps, &c.

MR. Swyers, by repeated experiments, has succeeded in compounding a Liniment which possesses all the magic powers of a perfect Pain Exterminator. Its virtues have been unmistakably tested, and every application has given almost immediate relief; and the object in giving notice of the above discovery is, not to enlarge the list of worthless compounds already quite too large, but simply to inform any who may be afflicted with any of the above named diseases where they can be supplied with an infallible remedy. A long list of names of individuals who have had access to the ablest physicians, all to no advantage, but who were almost immediately relieved by this powerful Liniment, could be obtained. We, however, give but a few, knowing that the Liniment will speak for itself as soon as applied: Jacob Sager, Y. H. Summers, James Mendenhall, John Smith, Daniel Averill, Seymour Downs, W. F. Mendenhall, Daniel Averill, Robert Nelson, Joshua Gorsuch, William Mowry, John Rollins, Jonathan Price, John Yonce, George Bassey, Melissa L. Bassey, Noah Smith, H. C. Bassey, Catharine Dasher, Lydia Sager, Elmira Deamant.

TESTIMONIALS. DERRY TOWNSHIP, July 17, 1863. Mr. Swyers: Sir: I have tried your Liniment for a pain in my side, which I have been subject to for several years. Some time last May I took a very severe attack in my side and breast, and after using other medicines without receiving any apparent benefit from them, I thought I would try your Liniment, and see what virtue there was in it. I got a bottle, and after using it but a few days I found that I was much better, and at present consider myself perfectly cured. Yours, truly, Isaac Price.

DERRY TOWNSHIP, April 27, 1863. Mr. Swyers: Sir: I have used your Liniment for some time, and have found a great benefit by the use of it. I believe it to be a great remedy for the rheumatism, and think where there is no other disease it is sure. Respectfully yours, Geo. E. Parsons.
