

AGRICULTURAL.

The Value of Feeding Materials.
There is much interest in ascertaining the relative value of different feeding materials. The last Scottish Farmer has quite an elaborate article on Oil cake, in which the writer states the following as its feeding value, relatively to beans, peas, barley and oats, and also of beans and peas relatively to oats and barley:
1 cwt. of oil cake is equal to 1 1/2 cwt. of beans or peas.
1 cwt. of oil cake is equal to 1 1/4 cwt. of oats or barley.
1 cwt. of beans or peas is equal to 1 1/2 cwt. of oats or barley.
In other words, three pounds of oil cake are equal to four of beans or peas, and four pounds of oil cake to seven of oats or barley. He does not take into account whatever difference in quality of manure there might be in favor of the cake. But one consideration he presents is equally true here, except in the immediate vicinity of oil mills, viz: that in country districts generally, if we sell grain and buy oil cake, we sell in the cheapest market and buy in the dearest; we pay the highest price for what we buy, and receive the lowest price for what we sell.

A scientific publication gives the following: Many of our readers have doubtless had more or less trouble at some period of their lives in repairing water pipes, where the water could not be shut off conveniently at the fountain head or some intermediate point. In going to my office a few days since, my way led past a place where a man was preparing a lead pipe, which had been cut off accidentally, in making an excavation. There was pressure of more than fifty feet ahead. His plan seemed to me novel and ingenious. The two ends of the pipe were plugged, and then a small pile of broken ice and salt was placed around them; in five minutes the water in the pipe was frozen, the plugs removed, a short piece of pipe inserted and perfectly soldered, and in five minutes more the ice in the pipe was thawed and the water flowing freely through it.

THE HOUSEKEEPER.

Important Requisites in a Wife.
A knowledge of domestic duties is beyond all price to a woman. Every one of the sex ought to know how to sew, and knit, and mend, and cook, and superintend a household. In every situation of life, high or low, this sort of knowledge is of great advantage. There is no necessity that the gaining of such information should interfere with intellectual acquirement or even elegant accomplishment. A well regulated mind can find time to attend to all. When a girl is nine or ten years old, she should be accustomed to take some regular share in household duties, and to feel responsible for the manner in which her part is performed—such as her own mending, washing the cups and putting them in place, cleaning silver, or dusting and arranging the parlor. This should not be done occasionally, and neglected whenever she finds it convenient; she should consider it her department. When older than twelve, girls should begin to take turns in superintending the household; making puddings, pies, cakes, &c. To learn effectually, they should actually do these things themselves, and not stand by and see others do them. Many a husband has been ruined for want of these domestic qualities in a wife—and many a husband has been saved from ruin by his wife being able to manage well the household concerns.

Gum Arabic Starch.—Take two ounces of gum arabic powder, put it into a pitcher, and pour on it a pint or more of boiling water (according to the degree of strength desired) and then having covered it, let it set all night. In the morning pour it carefully from the dregs into a clean bottle, cork it up and keep it for use. A tablespoonful of gum water stirred into a pint of starch, that has been made in the usual manner, will give always (white, black or printed) a look of newness, when nothing else can restore them after washing. It is also good, much diluted, for thin white muslin and bobinet.—*Scientific American.*

Brown Charlotte Pudding.—Butter a pudding mould thickly, and sprinkle brown sugar over the butter; cut some thin slices of bread and butter, (the butter not to be used sparingly) and after having cut off the crusts, line the mould with the slices. Choose some good baking apples, pare them, and slice them as for a dumpling, place them in the mould in layers, and between the layers sprinkle a few slices of candied citron, and the grated rind of a lemon. Add sugar sufficient to sweeten the whole; and when the mould is full cover the apples with a slice of bread, which has been previously soaked in butter melted or oiled before the fire. Put the pudding into a moderately-heated oven, and bake it for three hours. When turned out of the mould, the outside should be brown and crisp.

SWYERS'
AMERICAN LINIMENT,
And Pain Exterminator,
An Infallible Remedy for all Chronic and
Inflammatory Rheumatism, Diptheria,
Sore Throat, Quinsy, Sprains,
Neuralgia, Pain in the Back
and Limbs, Cramps, &c.

MR Swyers, by repeated experiments,
has succeeded in compounding a Lin
iment which possesses all the magic powers
of a perfect Pain Exterminator. Its virtues
have been unmistakably tested, and every
application has given almost immediate re
lief; and the object in giving notice of the
above discovery is, not to enlarge the list of
worthless compounds already quite too large,
but simply to inform any who may be afflicted
with any of the above named diseases
where they can be supplied with an infallible
remedy. A long list of names of individuals
who have had access to the ablest physicians,
and have tested most of the patent remedies,
all to no advantage, but who were almost im
mediately relieved by this powerful Liniment,
could be obtained. We, however, give but a
few, knowing that the Liniment will speak
for itself as soon as applied:
Jacob Sager, Y. R. Samers, James Mendenhall,
John Smith, John A. Brought, Seymour Dowd,
W. P. Mendenhall, Daniel Ayers, John Rollins,
Joshua Gieschel, William Mowry, Robert Nelson,
Jonathan Price, John Tenney, George Bascely,
Melissa L. Basely, Noah Smith, Henry Dasher,
Catherine Dasher, Lydia Sager, Elmira Dearmont.

TESTIMONIALS.
DERRY TOWNSHIP, July 17, 1863.
Mr. Swyers: Sir: I have tried your lin
iment for a pain in my side, which I have
been subject to for several years. Some time
last May I took a very severe attack in my
side and breast, and after using other medi
cines without receiving any apparent benefit
from them, I thought I would try your lin
iment, and see what virtue there was in it. I
got a bottle, and after using it but a few days
I found that I was much better, and at present
consider myself perfectly cured.
Yours, truly, Isaac Price.
DERRY TOWNSHIP, April 27, 1863.
Mr. Swyers: Sir: I have used your lin
iment for some time, and have found a great
benefit by the use of it. I believe it to be a
great remedy for the rheumatism, and think
where there is no other disease it is sure.
Respectfully yours, Geo. E. Parsons.
FREEDOM FORGE, Millin Co., June 6, 1863.
This is to certify that I am diseased with
the asthma or the phthisic from child up,
and have tried many things to relieve me,
but found nothing to relieve me as much as
Mr. Swyer's liniment. Samuel H. Fry.
LEWISTOWN, June 13, 1863.
My Swyers: I have tried your liniment
for rheumatic pain in my hip and found re
lief by it, and I believe it to be a good pre
paration. O. L. Umberger.
LEWISTOWN, May 25, 1863.
Mr. Swyers: Dear Sir: I have used your
liniment for the quinsy, and found immediate
relief. Yours, truly, James Riden.
Mr. Swyers: Sir: I believe your liniment
to be a perfect and hasty cure for rheuma
tism which I had, and by taking 15 drops
inwardly and rubbing my back I was instan
tly relieved. Frederick Steidle.
LEWISTOWN, May 31, 1863.
Mr. Swyers: Dear Sir: I have used your
liniment for the diptheria and found relief in
twenty four hours. My daughter took it; I
applied the liniment and she was relieved.
Yours, truly, Mrs. Mary Riden.
LEWISTOWN, May 23, 1863.
Mr. Swyers: Sir: I believe your liniment
to be a perfect and hasty cure for cramp,
which I had, and by taking 15 drops I was
instantly relieved. S. B. Davis.
Mr. Swyers: I have tried your liniment
and found relief. I feel no more of the rheu
matism. Mrs. Martha Owens.

Notice to Collectors of Taxes.
THE Commissioners have adopted the fol
lowing regulations respecting Collectors
of Taxes:
1st. That the Treasurer be and is hereby
directed, on the 6th day of April, 1864, to
charge interest on all balances due by col
lectors of State and county taxes for 1860,
1861 and 1862—in each case charging inter
est from Wednesday of the April court fol
lowing the year of the issue of the duplicate
—and on the 1st of May next to add similar
interest to all outstanding taxes for 1863.

2d. That the treasurer is hereby directed,
on Wednesday of April court of each year
to add interest on all outstanding balances
on duplicates for the previous year.
3d. That the Treasurer furnish the com
missioners, at the times above designated,
with the several amounts due by collectors.
4th. That no exonerations will hereafter
be granted to collectors after the January
court following the issue of the duplicate.
By order of the Commissioners,
GEORGE FRYINGER,
Clerk.
Lewistown, Jan. 20, 1863.

To my Friends both Old & New.
I've something good to tell you,
Were you sitting by my side,
But of things I've to sell you,
You can read at your fire-side.

If you'll only send and get
A book I have for you,
That will tell you all and yet
Will keep you laughing too.
And since the book is printed,
To my stock I've added new,
Things even there not hinted,
So I'll mention one to you.

I've bought a Patent Fastning,
For putting up tin spout,
Nearer, better and more lasting,
Than any you see about.
But I must be brief for you
In a column here like this,
So now I'll say, but no!
That COFFEE POT SIGN don't miss.

P. S.—A good Lard Can for every man,
And a Fat Press that is the best.
