**Notice to Owners of Unseated Lands.**  
 THE Commissioners request all owners of Unseated Lands, whether regularly assessed or not, immediately to furnish them with the number of acres, name of warrantee, and whom adjoining, for the purpose of registering the same in this office, so as to avoid all difficulty hereafter in advertising such lands at Treasurer's Sales. At present it is impossible to tell whether certain lands are regularly assessed, as the transcripts do not give the names of warrantees. It may not be amiss to state that owners of Unseated lands are required by law to make return as above, and that on failure thereof the Commissioners are directed to add four times the amount of tax assessed thereon.  
**GEO. Frysinger, Clerk.**  
 Commissioners' Office,  
 Lewistown, March 16, 1864.

men to different parts of the State! These rolls were afterwards withdrawn, but our citizens, naturally indignant at such conduct, are now determined to probe the matter to the bottom, and have the guilty punished, be they whom they may.

**McVEY TOWN ACADEMY.**—This institution is now in charge of Rev. S. J. HAYES, who, with able assistants, will use his best efforts to make it a first rate Academy and Normal School, where scholars can be educated to fill all situations in private life, enter any of the colleges, or receive thorough instruction in the art of teaching, which is annually becoming a more agreeable and profitable occupation. Most of the public schools are now or will shortly be closed, and the spring and summer therefore afford teachers who still acknowledge to imperfections—who does not?—an opportunity for attending a Normal School where improvement can be made of the most desirable kind. Mr. Hayes comes highly recommended as an accomplished teacher, having been engaged in the business during the past ten years, during four of which he had charge of the Latrobe and Ligonier Normal Schools and Academies. Parents, guardians, teachers, and others ought by all means to visit such institutions as the above before going elsewhere.

**RELIGIOUS.**—Rev. Strain preached in the Methodist church on Sunday morning last, and Rev. Miller Woods in the Presbyterian. In the evening the pulpit at the Methodist church was filled by Rev. Kesler, of the Philadelphia Conference. There will be no preaching in the Lutheran church on Sunday next.

**THE WEATHER.**—Wednesday cloudy and cold. Thursday cold, rather cloudy, evening moderate. Friday morning clear and pleasant, cloudy by noon, clear in evening. Saturday cloudy and cool in morning, clear rest of day. Sunday cloudy, cold, windy. Monday clear and cold. Tuesday morning clear, cold; rest of day cloudy, cold, windy.

**ITEMS.**—The Fair for the benefit of the pastor of the A. M. E. church, held last week, netted about forty dollars. We printed sixteen jobs last week, (one of them 2000 handbills), making thirty seven from the 1st to the 19th of March. This was the heaviest week's work done in our office for a long time.—We had a visit from a patent medicine man last week, who wanted to advertise a column weekly and at out half a column occasionally, for a year, but we told him we didn't make contracts for that much matter for that length of time, at any price, as a half column or so is "news" enough for our readers. We sent him to the Patent Medicine Democrat down street, where we presume the advertisement will duly appear and be cited as an evidence of "want of room for reading matter."—A calf raised by Wm. Russell, Esq., four weeks old on Saturday a week, killed by Col. Butler last week, weighed 125 lbs. This must have been one of the calves we read about on the return of the prodigal.—Some rogue threw a large rock through the skylight of McEwens' Photograph car, on Sunday night last.—The Logan Guards passed west on Monday evening.
