#### 17th Congressional District. [ADJOURNED METTING.]

Conference met at Ward House, Tyrone, on Wednesday the 3d day of August at 10 o'clock, a. m. pursuant to adjournment, and was called to order by the President. The roll being called, all the members answered to their names, except Mr. Mc-Camant from whom a letter was read, stating his inability to be present before noon to day.

On motion of Mr. Henderson the Conference adjourned until 11 o'clock this afternoon.

#### AFTERNOON SESSION.

Conference re-assembled at 11, p. m when the following ballots were had: (376 to 392) Barker 6, Hall 3, Dorris 3. Mr. McCamant then presented the fol-

lowing letter which was read and ordered to be made part of the minutes : Letter From Mr. Hall.

### ALTOONA, August 3d, 1864.

Messrs. McCamant, Guyer and Loudon . GENTLEMEN-The Congressional Con ference having balloted through three suc essive days without any result before adjournment, I deem it proper to relieve you of any embarrassment so far as I am personally concerned. I need not say to you, gentlemen, my personal friends, and who are familiar with the history of the events which resulted in placing me in my present attitude, that I am not now, and have not been, anxious to be the Union

Candidate for Congress in this District. To the National Union party of the County of Blair which, in the Conven tion of its delegates, by a vote so decided and flattering, designated me as its candi date, and to you, gentlemen, representing the sentiment of that party and its convention, for the zeal and earnestness with which you have aimed to carry out that preference, I return my most profound acknowledgement. I would, however, be unworthy of the confidence reposed in me by my friends at home, if, with a selfish ness incapable of looking beyond personal claims or aspirations, I should ask you to do more than you have already done, to effect my nomination. I have personally no claim or merit, which does not dwindle to nothing in view of the CAUSE which it is. or should be, the aim of all of us to fur ther, in this trying hour of the republic. A pertinacious adherence to local claims or would, as we must all feel, be unpardonable. At any time the expressed preference of County Convention, must commit some thing to the discretion of its delegated agents. That discretion, I am free to say. should now be exercised by you, in your best judgment and most devoted patriotism. It was in this spirit and in good faith, that I absolved you on the sec ond day of your ballotting, from any obligations you might feel to me personally; and I now say more explicitly, that I do not desire you to insist further upon my nomination, in any future ballotting by the Conference. I am, gentlemen.

TE GAZETTE. opened an office in West Market street. where recruits are now enlisted, sworn in and subsisted. Union, Armagh and Brown are also offering liberal bounties to volunteers.

> A meeting was held in the Town Hall on Thursday evening last, for the purpose of aiding the Chambersburg sufferers, which was addressed by Rev. Messrs. McClean and Barnes. The attendance was rather small, but few monied men being there. Committees were appointed to make collections; Mr. Russell offered to be one of ten to give \$100 each, but thus far has not been seconded. These committees made reports at an adjourned meeting held on Monday evening, in the Presbyterian lecture room, when it was found that an aggregate sum of \$176 .-75 had been subscribed, of which \$135 .-50 was already paid in. Assurances were given to the meeting, also, that other subscriptions would be made which would probably swell the amount of relief up to \$200, or more. Wm. Russell, Esq., was appointed Treasurer, and Rev. O. O. McClean to forward the funds to the proper hands

in Chambersburg. Our inhabitants generally, and those in Water street especially, were startled on Monday last by the shrill whistle of a locomotive passing over the M. & C. C. R. R., which is being rapidly completed towards Milroy, as these operations show. This road runs through a very romantic region, and by next summer crowds of visitors may take the numerous advantages offered of "riding on a rail," and refresh themselves in the pure air of the mountain's height, bag the speckled beauties in the streams, or explore the dark caverns of the mammoth cave near that place, all of which charms are presented to dictative fancy. The enterprising citizens of those numerous romantic spots along the line should make these places attractive by converting them into desirable resorts, thus inducing a large portion of the intelligent population in this and other

States to come here and enjoy themselves outside of the bustle and business of our large cities. Since the cars run through town, our "special" fails to report accident No. 1, but from the numerous youngsters constantly congregating at the track and on the cars, we fear we will not issue many editions before chronicling among our locale "Sad Accident." Parents should look to children more closely now than ever.

ACCIDENTS, &c. -- A man heavily ironed jumped from a railroad train personal preferences, in times like these, somewhere above this place one night last week, but thus far we believe nothing has been heard whether he was killed or escaped He was we believe one of a gang of counterfeiters arrested in the west. A Mr. Boyle, a returned soldier from the Army, was killed near Burnt Cabins a few weeks ago, by the ball from a pistol in the hands of one Forbis, from Franklin county, who alleges the shooting accidental. The fast mail train east killed a man named Peter Swanger on Saturday morning a week. He was walking on the track, and observing a freight train coming toward him, he stepped on the other track to allow it to pass, when the fast mail struck him from behind. killing him instantly. Swanger has been for some time employed as a teamster at Rockville Furnace, about five miles from Shirleysburg. He was abont fifty years of age, and leaves a wife and four children. The accident took place near Huntingdon.

"Last of the Alabama," "This Harp is Mute," and the "Drummer Boy of Vicksburg," are on our table. The first is handsomely embellished with a colored frontispiece, and is one of those songs which will become popular with all who give it one trial of either instrument or voice. The second is more sentimental, but is published as "a beautiful song." The title of the Vicks- 279 and 281 South Fifth St., above Spruce, burg song is enough. All are aware of the reputable popularity which those numerous "drummer boy songs" have gained. This is one of the latest out, and will commend itself wherever sung. They are all published, with everything else in the same line by J. Marsh, 1102 Chestnut street, Philadelphia. Send for them.

India Prices .- Prices are higher by a hundred per cent in India than they ever were before. The silver rupee, worth about fifty cents, will not buy as much as twenty-five cents will in England. Articles of ladies' dress there cost five times as much they do at home. And yet India is draining Europe of specie and keeps it all. A plethora of gold appears to be as bad as a plethora of paper.

..... We shall continue to publish the Gazette at its present terms, but to do so will be compelled to prune our list of all who do not pay promptly. There are many on it to whom it would afford us pleasure to furnish the paper without remuneration further than its cost, but at present prices of printing paper, with a prospect that it will still continue to advance, we cannot do so without prompt payment.
