

THE HOUSEKEEPER.

Eat Bread.
One of our contemporaries publishes an important article on the subject of eating bread, which is deserving the attention of all who are compelled to economize in their household expenses. When beef is worth twenty-five to thirty cents per pound, potatoes two dollars a bushel, and other articles of food in proportion, it becomes important to know what possesses the most nutriment, and is at the same time the most economical. Without doubt that article is Bread, as the experience of all abundantly proves. It is the first and almost the only food known to children's appetites, and of which children of a larger growth seldom tire. A stronger argument in favor of bread could be given, than natural, unsatisfied logic for it—which as the horse craves oats, shows it to be nature's main support. As to its nourishing properties, it is asserted that it contains three times as much nutriment as roast beef. Five hundred pounds of flour gives to the body thirty pounds of substance that makes bones, while the same quantity of bran gives one hundred and twenty pounds. This bony substance is one of the indispensable elements of the human body, and is thought to be imparted by bread in a greater degree than by any other food. As to its economy, flour is hardly ever as expensive, relative, as meat. Even at the present time, the price of one pound of meat, would buy three pounds of flour or bread, and those three pounds of bread furnish as much nutriment to the eater as nine pounds of good roast beef. In dollars and cents, three pounds of bread are worth about twenty-five cents, and nine pounds of beef are worth two dollars and twenty-five cents—leaving a balance of two dollars in favor of bread.

Healthful Effect of the Tomato.
The tomato is one of the most healthful, as well as one of the most universally liked of all the vegetables. Its healthful qualities do not depend on the mode of preparation for the table; it may be eaten thrice in a day, cold or hot, cooked or raw, alone, or altogether, to a like advantage, and in the utmost that can be taken with an appetite. Its healthful quality arises from its slight acidity, in this making it as valuable, perhaps, as berries, cherries, currants, and similar articles. It is also highly nutritious. The tomato season ends with the frost. If the vines are pulled up before the frost comes, and hung up in a well ventilated cellar, with the tomatoes hanging to them, the 'love apple' will continue ripening until Christmas. The cellar should not be too dry nor too warm. The knowledge of this may be improved to great practical advantage for the benefit of many who are invalids and are fond of the tomato.

SWYERS' AMERICAN LINIMENT,
And Pain Exterminator,
An Infallible Remedy for all Chronic and Inflammatory Rheumatism, Diphtheria, Sore Throat, Quinsy, Sprains, Neuralgia, Pain in the Back and Limbs, Cramps, &c.
New Testimonials.
DERRY TOWNSHIP, March, 1864.
Mr. Joseph Swyers—After my best respects to you, this is to let you know that I have been troubled with chills for the last fifteen years, some of them so hard that I thought I could not live over night. I was for days and nights not able to go out. Last fall they came on again as usual, and having about half a bottle of your liniment about the house, I thought I would try it, and took about 20 drops night and morning for some time. From the time I took it I have never had one chill, and can say that I never had used any medicine that gave so much satisfaction as your liniment. Your o'b't servant,
Adam Baird.
March 28th, 1864.
Mr. J. Swyers: My son had a sore neck for three months back, for which I used your liniment, and it is a perfect cure. He also had a sore leg for two years back; I got one of your bottles of liniment, which has cured it soundly.
Yours respectfully,
Charles Mitchell.
FREEDOM FORGE, March 28, 1864.
Mr. Swyers: I recommend your liniment to be the best that I ever had in my house. I had a pain in my side for about 15 years, and I doctored with doctors far and near, but they done me no good, when I heard of your liniment, tried it, and I am thankful to say it has cured me sound and well; and Hugh's hand were dreadfully cracked open with the wind, and he rubbed them with it, and it has cured them.
Mrs. Margaret E. Summers.

LILLEYSVILLE, Decatur tp.,

Mr. Joseph Swyers: This is to certify that I cured my child of the diphtheria in three days with your liniment.

AYER'S Sarsaparilla
is compounded from the most effectual antidotes that medical science has discovered for this afflicting disorder, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.
We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL.
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.
This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
Prepared by Dr. J. C. AYER & Co., Lowell, Mass.
Sold by all druggists every where.
Sold by Chas. Metz and O. J. Martin, Lewistown; H. S. McNabb & Co., Belleville; Jacob Metz, Allentown; Mrs. Mary Bretnon, McVeytown; Joseph Strode, Strode's Mills; and by dealers generally. jyl3

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

TIME MAKES CHANGES.
Our Change of Base.
He who by the plow would thrive,
Himself must either hold or drive;
Franklin thus wrote the words of truth,
When Uncle Sam was in his youth.
But now Young America is all alive,
And needs to be cautioned how to drive;
And Uncle Sam, I think, he too
Is rather dashing his way through.
Now, he who safely would progress,
Must step by step still onward press;
But he who would take two,
Often falls down "a few."
