

THE HOUSEKEEPER.

RECIPES.

Cream Cheese.—An inquiry in the London Field, for a receipt for making cream cheese was replied to as follows by three correspondents:

I see in the Field a request for a good receipt for a cream cheese. Those we make at home are much admired. We put a quart of cream in a clean jug, with half a teaspoonful of salt stirred in, and let it stand a day or two till thick. Then we fold an ordinary glass cloth about six or eight times, and sprinkle it with salt, then lay it in a sieve about eight inches in diameter. The sides of the cloth should come up over the sides. Then pour in the cream and sprinkle a little salt on it. Change the cloth as often as it becomes moist, and as the cheese dries press it with the cloth and sieve. In about a week or nine days it will be prime and fit to eat. The air alone suffices to turn the cream into cheese.

—Take about half a pint of cream, tie it up in a piece of thin muslin, and suspend it in a cool place. After five or six days take it out of the muslin and put it between two plates, with a small weight on the upper one. This will make it a good shape for the table, and also help to ripen the cheese, which will be fit to use in about eight days from the commencement of the making.

—Take a quart of cream, either fresh or sour, mix about a saltspoonful of salt and the same quantity of sugar. Put it in a cloth with a net outside, hang it up, and change the cloth every other day; in ten days it will be fit for use.

To Preserve Cucumbers for Pickling.—Cut the cucumbers from off the vines without bruising the stems; lay them carefully in a basket; take them to the cellar; sort and pack them in barrels, putting different sizes into different barrels; spread a layer of salt between each layer of cucumbers; there should be enough salt to entirely cover the pickles between the layers. Continue to pack the cucumbers daily as they are picked, never using any but fine cucumbers, discarding all that are crooked or of slow growth. Keep boards over the pickles, and weight to press them under the brine, which will be formed without the addition of water with the juice extracted from the fruit by the salt. Pickles packed in this manner may be preserved for years if there are no impurities in the salt; but if the salt is mixed with lime they will soon soften and spoil.

TUSCARORA FEMALE SEMINARY,

Chartered by the Legislature in 1859. This Institution is located at Academia, in Tuscarora Valley, Juniata county, Pennsylvania. It is situated 8 miles southwest of Millin, and 6 miles west of Perryville Station, Pennsylvania Railroad leading from Philadelphia to Pittsburgh, and is six hours' ride from the former place. This situation has always been noted for its healthfulness. The scenery, for variety and grandeur, cannot be surpassed; the buildings being on a high eminence, command the enchanting view of Tuscarora Mountain and Valley for thirty miles in extent.

Tuscarora Academy; an Institution of wide celebrity, and extensively patronized—being located here, persons having sons and daughters to educate, may have the opportunity of sending them to the same place, where they may enjoy each other's society while prosecuting their studies. None, however, but relatives, are allowed to visit the pupils, without a written permission from their guardians or parents. Libraries, Literary Societies, and occasional courses of Lectures on various topics, will be auxiliary to the main course of studies prescribed.

The great object of the course of training is to fit the young ladies for future usefulness. By a judicious combination of useful accomplishments, with thorough mental discipline and high moral culture, it is hoped that the Institution will merit and receive the liberal patronage of the public.

Claims. The \$100 Bounty the soldiers discharged for wounds received in battle, collected WITHOUT DELAY. We pay special attention to claims in which other attorneys have failed, or which have been suspended, of which there are tens of thousands. We have already collected and paid over to soldiers and their heirs over \$500,000, and are paying thousands daily. We secure Pensions for ten dollars, and collect Bounty and Back-Pay for ten per cent, and no pay until after we have succeeded.
THE ARMY EMERALD is published monthly, and is devoted to the interests of the soldier and his heirs—to whom it is invaluable. Write us and we will send you a copy free, or for thirty cents we will send you by return mail a fine engraved tinted Likeness (Album size) of Lt. Gen. Grant, and the Army Herald for one year. To persons sending a club of four, we will send as premium, an additional Likeness and the Herald for one year, and for each additional subscriber an additional Likeness to the value of the club, so that a person sending a club and \$2, will be entitled to receive, himself, seven Likenesses and the Army Herald for one year, and for any other number in the same ratio.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein it falls into disorder and is incompetent to sustain the vital forces in their vigorous action, and leaves the system to decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children into the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children." The disease originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla
is compounded from the most effectual antitoxics that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL.
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.
This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
Prepared by DR. J. C. AYER & CO., Lowell, Mass.

SWYERS' AMERICAN LINIMENT,

And Pain Exterminator, An Infallible Remedy for all Chronic and Inflammatory Rheumatism, Diphtheria, Sore Throat, Quinsy, Sprains, Neuralgia, Pain in the Back and Limbs, Cramps, &c.

New Testimonials.
DERRY TOWNSHIP, March, 1864.
Mr. Joseph Swyers—After my best respects to you, this is to let you know that I have been troubled with chills for the last fifteen years, some of them so hard that I thought I could not live over night. I was for days and nights not able to go out. Last fall they came on again as usual, and having about half a bottle of your liniment about the house, I thought I would try it, and took about 20 drops night and morning for some time. From the time I took it I have never had one chill, and can say that I never had used any medicine that gave so much satisfaction as your liniment. Your obedient servant,
Adam Baird.
March 28th, 1864.
Mr. J. Swyers: My son had a sore neck for three months back, for which I used your liniment, and it is a perfect cure. He also had a sore leg for two years back; I got one of your bottles of liniment, which has cured it soundly.
Yours, respectfully,
Charles Mitchell.
FRED-M FORGE, March 28, 1864.
Mr. Swyers: I recommend your liniment to be the best that I ever had in my house. I had a pain in my side for about 15 years, and I doctored with doctors far and near, but they done me no good, when I heard of your liniment, tried it, and I am thankful to say it has cured me sound and well; and for the children I could not do without it. Hugh's hand were dreadfully cracked with the wind, and he rubbed them with it, and it has cured them.
Mrs. Margaret E. Summers, Hugh Summers, LILLETTSVILLE, Decatur tp., Millin County, Pa.

Mr. Joseph Swyers: This is to certify that I cured my child of the diphtheria in three days with your liniment.
