

THE HOUSEKEEPER.
Lemon Pie.—Two lemons, five cups of sugar, three cups of water, one cup of vinegar, two spoonfuls of flour, one teaspoonful of soda.

Fruit Cake.—One cup of butter, one of sugar, one of molasses, one of sweet milk, three of flour and four eggs, one and a half teaspoonfuls of cream of tartar and one of soda, two lbs raisins chopped fine, one nutmeg and a little brandy.

From Godley's Lady's Book for October.
Fruit's Pudding.—Put the yolks of four and the whites of two eggs, with one-quarter of a pound of fine sifted sugar, into a basin; beat them a little together; add one-quarter of a pound of butter, melted; beat this all together till it is quite thick. Line a dish with light puff paste, spreading on it a thick covering of preserve; pour on the above mixture and bake it in a moderate oven.

German Cakes.—Beat up four eggs, beat into them half a pound of butter, melted until it becomes liquid, a pint and a half of warm milk, and a teaspoonful of yeast. Stir in as much flour as will make the mixture stiff; then tie it loosely in a cloth, put it into a pan of water and leave it there until it rises to the top. Take the dough out of the cloth, mix with it three-quarters of a pound of sugar, the same of raisins (stoned), chopped lemon peel, citron and almonds, and divide it into cakes two inches across. Place these cakes on tins and bake them.

Portugal Cakes.—The necessary ingredients are one pound of flour, half a pound of butter, three eggs, a little cream, three-quarters of a pound of fine sugar, some currants, and the peel of three lemons. Mix the flour, half the butter, the yolks of three eggs and the white of one. Add sufficient cream to make it into a soft paste, and then add the sugar and the currants and grate in the lemon peel, roll out the paste, putting in the remainder of the butter. Divide it into little cakes and bake them upon tins.

From the Lady's Friend for October.
Quince Cheese.—Have fine quinces and pare and core them. Cut them into pieces and weigh them; and to each pound of the cut quinces allow half a pound of the best brown sugar. Put the cores and parings into a kettle with water enough to cover them, keeping the lid of the kettle closed. When you find that they are all boiled to pieces and quite soft, strain off the water over the sugar, and when it is entirely dissolved, put it over the fire and boil it to a thick syrup, skimming it well. When no more scum rises, put in the quinces, cover them closely, and boil them all day over a slow fire, stirring them and mashing them down with a spoon till they are a thick, smooth paste. Then take it out and put it into buttered tin pans or deep dishes. Let it set to get cold. It will turn out so firm that you may cut it into slices, like cheese. Keep it in a dry place in broad stone pots. It is intended for the tea-table.

Spiced Peaches.—Take nine pounds of good ripe peaches, rub them with a coarse towel and halve them; put four pounds sugar and a pint of good vinegar in your preserving kettle, with cloves, cinnamon and mace; when the syrup is formed throw in the peaches, a few at a time, so as to keep them as whole as may be; when clear, take them out and put in more; boil the syrup till quite rich, and then pour it over the peaches.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, long living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the general infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children into the third and fourth generation; indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla
is compounded from the most effectual antitoxins that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indicated by the fact that a small quantity of the medicine has cured cases which it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S ANTI-SYPHILITIC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effective than any other which has ever been available to them.

AYER'S CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.
This has been so long used and so universally known, that we need no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all druggists everywhere.
Sold by Glass, King and Dr. R. Martin, Lewistown; H. S. McComb & Co., Bellefonte; Jacob Metz, Allentown; Mrs. Mary Brehm, McVeytown; Joseph Strode, Stroud Mills; and by dealers generally. jyl3

"In cases where the name of the person claiming to vote is found on the list furnished by the Commissioners and Assessors, of his right to vote whether found thereon or not, is objected to by any qualified citizen, it shall be the duty of the inspectors to examine such person on oath as to his qualifications, and if he claimed to have resided within in the State one year or more, his oath shall not be sufficient proof thereof, but shall make proof by at least one competent witness who shall be a qualified elector, that he has resided within the district more than ten days next preceding such election, and shall also himself swear that his bona fide residence in pursuance of his calling is within the district, and that he did not remove into said district for the purpose of voting therein.
"If any person shall prevent or attempt to prevent any officer of any election under this act from holding such election, or use or threaten violence to any such officers, or shall interrupt or improperly interfere with him in the execution of his duty, or shall block up or attempt to block up the window or avenue to any window, where the same may be lodged; or shall riotously disturb the peace at such election; or shall use or practise any intimidation, threats, force or violence, with design to influence, unduly or overawe any elector, or to prevent him from voting, or to restrain the freedom of choice, such person, on conviction, shall be fined in any sum not exceeding \$500, and be imprisoned for any time not less than one nor more than twelve months. And if it shall be shown to the court, where the trial of such offense shall be had, that the person so offending was not a resident of the city, ward, district or township, where the said offense was committed, and not entitled to vote therein, then, on conviction, he shall be sentenced to pay a fine of not less than \$100 nor more than \$1000, and be imprisoned not less than six months nor more than two years.

If any person, not by law qualified, shall fraudulently vote at any election within this Commonwealth, or being otherwise qualified, shall vote out of his proper district, or if any person knowing the want of such qualification, shall aid or procure such person to vote, the person or persons so offending shall, on conviction, be fined in any sum not exceeding \$200, and be imprisoned for any term not exceeding three months.
"If any person shall vote at more than one election district, or otherwise fraudulently vote more than once on the same day, or shall fraudulently fold and deliver to the inspector two or more tickets folded together, with the intent to illegally vote, or shall procure another to do so, he or they so offending shall, on conviction, be fined in any sum not less than fifty nor more than five hundred dollars, and be imprisoned for any term not less than three nor more than twelve months.
"If any person not qualified to vote in this Commonwealth, agreeably to law, (excepting sons of qualified citizens,) shall appear at any place of election, for the purpose of issuing tickets or influencing the citizens qualified to vote, he shall, on conviction, forfeit and pay any sum not exceeding \$100 for every such offense, and be imprisoned for any term not exceeding three months.
"Accordingly to the provisions of the 61st section of said act, every general and special election shall be opened between the hours of eight and ten o'clock in the forenoon, and shall continue without interruption or adjournment until seven o'clock in the evening, when the polls shall be closed.
