

LOCAL AFFAIRS.

The Glamorgan Furnace of Lewistown. In March last, the Messrs. Roberts, R. D. Wood and Lewis T. Watson, of Philadelphia, R. B. Wigton of Huntingdon and others, forming the Glamorgan Iron Company, purchased Lewistown Furnace and the ore banks appurtenant, from Etting, Graff & Co. The furnace had been several years out of blast and required a complete overhauling and repairing. This important duty was entrusted to the Superintendent, Mr. George W. Enney, late Superintendent of the St. Charles Furnace, Columbia, and has been executed by him with masterly energy and skill.

The inside of the stack, except six feet of the inwall, was taken down and rebuilt, the old boilers were fitted on new and more elevated foundations and a new boiler added, the gas apparatus was greatly changed with entire satisfaction, a new and larger steam cylinder was put up, heavy iron segments were bolted to the fly-wheel to maintain and steady the power of the engine, the pumps were repaired, a new foundation was built for the engine, the wharf was enlarged and repaired and the feeder was deepened. Two new ore washing machines were erected, the McGirk hematite bank and the Wakefield and Ort fossil banks were put in working order and every preparation made for blowing the furnace in. In these arduous labors Mr. Enney was ably supported by the energetic and intelligent President of the company, Mr. R. B. Wigton, and in many of the minor details by Mr. Jones, the gentleman clerk, and Mr. Tippery, a most successful and skillful founder. The height of the furnace is 40 feet, width at the bushes 11 feet, hearth $3\frac{1}{2}$ feet.

On the 9th of September last the furnace blew in and has continued to work since that time very satisfactorily, yielding seventy five tons of good iron per week; although her capacity is ninety tons per week—it was considered injudicious to push the furnace at the start. She is somewhat short of fossil ore and uses therefore two thirds hematite and one-third fossil, but will no doubt soon reverse this proportion, for long experience, particularly at Freedom Iron Works, (whose iron is so justly celebrated), clearly demonstrates that with two thirds fossil and one-third hematite, thoroughly cleaned, the very best iron of Central Pennsylvania is made.

The perfect success of Glamorgan Furnace establishes, beyond contradiction, that Broad Top coke, the fuel used in this furnace, is the strongest and purest coke in the State; it will bear a more pokeful blast and has less sulphur than a yoke of Pennsylvania; and it establishes another fact, that the manufacture of iron at this point requires only skill, common sense and capital. An enormous amount of ignorance and its constant companion, presumption, has attempted this business in this region and failed ignominiously, and will forever fail, even in the immediate presence of exhaustless deposits of ore, cheap fuel and cheap transportation, but managed by intelligence and its invariable companion courage, Glamorgan has thus far succeeded and is destined to an eminent and permanent success.

The gentlemen composing the Glamorgan Iron Company have a very large capital and great experience in business and will, we trust and believe, follow their good fortune in Glamorgan and enlarge their works. This is an admirable point for the manufacture of iron; our hills are teeming with the rich oxides and the bluish grey carbonates of iron in immense force, as well as the fossiliferous ores, both soft and compact; a rich magnesian limestone lies close to the Mifflin and Centre County Railroad, which passes through our town and connects with the Pennsylvania Central Railroad directly across the Juniata. We have also the canal, and the rich semi-anthracite coal field of Broad Top is within sixty miles.

We need nothing but capital. The way is now clear, the problem of the perfect adaptation of Broad Top coal to the iron ores of this extensive region is settled, a new era is dawning upon us, the minerals which lie side by side and which were thus placed for the benefit of man by the all-wise and beneficent Creator, are about to be developed by skill, courage and science.

OUR SOLDIERS.—The following is a list of killed and wounded in the 49th at the battle of Winchester, as given by Sergt. T. B. Hildebrand of Co. G: Company A. Killed—Wm. Forest. Wounded—Capt J. Wounded—Finley Steiner, neck; William Botton, left side; Benjamin Brosicem, right side. Sergt. H. in writing to the Mifflintown Sentinel, says: "You no doubt have a full account of this

battle. It was a hard one but the victory was complete and well deserved. The boys are well and in the best of spirits, and are anxious for a chance to elect Uncle Abe."

We are sorry to learn that Captain Wakefield of the 49th was captured by guerrillas while on his way from Harper's Ferry to rejoin his regiment.

Capt. McNitt and Lieut. Norris are still held prisoners at Charleston, S. C. Parker Harvey had a finger shot off recently at Petersburg, but says he don't mind it much.

Col. Beaver with a leg amputated, arrived in town last night.

The following named members of the Logan Guards, having served out their term of enlistment, arrived in town on Saturday last: John S. Garrett, John Fichthorn, Wm. E. Mayes, Samuel Hemphill, Robert McCormick, George Howenstine, Wm. H. Armstrong, Lawrence Kreps and Wm. M. Miller.

Wayne and Bratton are filling their quotas. All the other districts are full, or have surpluses. Lewistown has 8 over, Derry even.

There was a slim attendance at a Chicago platform meeting in the Town Hall on Thursday evening last, which was addressed by E. Banks and H. Frysinger, on the nigger theme. Singularly enough the bills calling the meeting were headed Friends of the Soldiers attend, and yet one certainly and perhaps both of the speakers voted against the soldiers having a right to vote! Friends of the Soldiers, indeed!

A grand mass meeting will be held at Bellefonte to-morrow, 6th instant.

H. J. Walters, Esq., was yesterday elected Cashier of the Mifflin County Bank, in place of Mr. Williams, resigned.

A soldier says the statement in the Huntingdon Monitor that the 205th cheered for McClellan before the President is false.

We are authorized and requested to say that the statement in the Democrat that the Union County Committee had issued a secret circular "telling that the democrats are now ahead," &c., is a falsehood from beginning to end.

Messrs. Walters and Christy have issued an address to the people of this Senatorial district, in which "spades" are evidently trump, for they appeal to their record and ask support, not as "partisans but as patriots." A discussion is going on just now as to Mr. Walters' record, and the Hollidaysburg Register gives Christy's latest as follows: "He" (Dr. Christy) "hoped to see the time when the North would get down on its knees to Jeff. Davis and the South!"

—Do the copperheads at home pray for the success or defeat of our armies? The sneaks admit that the fall of Atlanta, our successes at Mobile, and Sheridan's defeat of Early, have damaged McClellan; and if so, is it not a singular thing that McClellan prospects are brightest when rebel prospects are the same, and that McClellan stock depreciates when the Union arms are triumphant! Union men, call yourselves by what party name you may, come out from a concern where blue-lights are so apparent.

—G. B. McClellan has drawn the pay of a Major General for two years, \$6000 a year, and is now drawing half-pay, without rendering a day's service in return for such remuneration. He is now the nominee of a professedly great party—whose success he considers beyond the peradventure of a doubt. Why does he not exhibit his confidence in his friends by resigning?

—The Chicago Platform claims that the Democratic party, in the past, firmly adhered to the Union and the Constitution. The falsity of this claim is shown by the fact that in every slave State which left the Union to set up an independent Government and inaugurate a bloody civil war, the Democratic party was in power.

Died.
Near Newton Hamilton, June 3d, LEE SHAVER, in the 26th year of his age. In August 1854, he was happily converted to God and joined the M. E. church, and remained steadfast until death. His sufferings during his sickness were at times intense, but he bore them with patience and christian resignation. In his death his friends have sustained a loss which none but they can properly estimate; he exhorted them all to meet him in heaven, as also his neighbors that came to see him, then died in sure hope of a blessed immortality. Thus passed away our friend, young in years, but through the grace of God eminently matured for heaven, where no chilling wind or poisonous breath can reach that beatific shore; Sickness and sorrow, pain and death are felt and feared no more.

For the Gazette.
Killed, in the battle of Winchester, on the 19th September, while charging upon the enemy, WILLIAM ROSENBERG, aged 18 years. Young R. enlisted at McVeytown when volunteers were first called out, and served two years and six months, during which time he was engaged in 27 battles. He re-enlisted in February last, and at the time of his death had served three years. He was a brave soldier, a dutiful son and affectionate brother. He leaves a mother, brothers and sisters—also a large circle of friends to mourn his irreparable loss. None knew him but to love him, having been one of those noble boys who are not to be found every where. A friend has gone to bring the body home to McVeytown, where he will be interred on Thursday next. All members of the 49th regiment, who are now at home, are requested to attend the funeral, at the residence of his mother, in Water street. LEUT. E. H. GRAY.

WOLF'S celebrated Hanover Gloves, just received by
R. F. ELLIS.

U. S. 7-30 Loan.

THE Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 16th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.
These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1000 and \$5000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.
The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.
Parties depositing twenty-five thousand dollars and upwards for these notes at any one time, will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.
SPECIAL ADVANTAGES OF THIS LOAN.
It is a NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. notes, considers that it is paying in the best circulating medium in the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.
Convertible into a 6 per cent. 5-20 Bond.
In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.
But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.
It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people. Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of the notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.
SUBSCRIPTIONS WILL BE RECEIVED BY THE Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the
First National Bank of Philadelphia, Pa.
Second National Bank of Philadelphia, Pa.
Third National Bank of Philadelphia, Pa.
First National Bank of Altoona, Pa.
First National Bank of Carlisle, Pa.
and by all National Banks which are depositaries of public money, and
ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information & AFFORD EVERY FACILITY TO SUBSCRIBERS.
