Lewistown Post Office.

Mails arrive and close at the Lewistown P. O. as follows:

Table with columns for 'ARRIVE' and 'CLOSE' listing various routes like Eastern through, Western, and Northumberland.

Lewistown Station.

Trains leave Lewistown Station as follows:

Table with columns for 'Westward' and 'Eastward' listing train routes to Pittsburgh and Erie, Baltimore, and Harrisburg.

Galbraith's Omnibuses convey passengers to and from all the trains, taking up or setting them down at all points within the borough limits.

The new Assessors are requested to note all the principal improvements on farms, &c., as a column has been introduced in the new assessment books under the head of "Description of Improvements."

We may also state that by law the term of assessors commences the day after the October election and continues until said day next year—consequently the duty of attending the Presidential election devolves upon the assessors elected last spring.

FATAL ACCIDENT.—Joseph Bingham Fener, son of Henry Fener, of this place, was so severely injured at St. Mary's, on the Erie Railroad, on Wednesday last, that he survived but a short time. He was fireman, and the train running off the track it is supposed he either attempted to jump or was thrown off the engine.

IREMS.—A passenger car is now running on the new railroad as far as Yeagertown.—A fine deer was killed a few miles up the river last week, and several bear have already been captured on Shade mountain.—John Clinger, formerly of this county, was killed in Cambria county last month, by a wagon running over him.—The weather, which had been rather pleasant during the past month, set in with heavy rains on Thursday night, followed by stormy winds on Friday, which divested nearly all the trees of their remaining foliage.

Swain has lately added largely to his stock of confectioneries, letter and note paper, envelopes, nuts, fruit, elegant portraits, and a variety of fancy articles innumerable. You can't go amiss in calling at his establishment, as he has always the best of everything.

The Return Judges met again on Friday last, and after adding the soldier's vote appointed C. M. Shull congressional, Wm. Ross senatorial, and J. M. Bell representative return judges, to meet on Friday next at the places appointed by law.

McEwen's FERROTYPES or GEM PICTURES, as taken at their Car in the Diamond, are among the finest we have seen, and cannot fail to recommend themselves to the public as both beautiful and cheap. Per dozen, \$2.50, or 4 for \$1.00. Finished immediately after sitting.

Judge Woods requests us to say that Jurors and Witnesses at November court need not attend until Wednesday morning of court week, so that all can exercise their privilege of voting at the Presidential election before coming here.

EXPERIENCE IN PAVING.—A strip of pavement about 70 feet in length on Third street, not half as bad as some owned by the borough fathers, and of no use to us but a good deal to the public schools and the public generally, we concluded to lay some weeks ago for their benefit. One would naturally suppose that an improvement of this kind would be appreciated by the children, as well as others, and afford them pleasure to further its consummation. Our experience however is different, and our advice to all is not to lay a pavement hereafter for the accommodation of such—well, just give them whatever name suits best. Our workman was continually subjected to every annoyance that any set of young devils could have devised—unnecessarily taunts—sand thrown about—guards broke down—grade three times destroyed—and finally an entire course of 121 bricks wantonly kicked out of place. Its completion was thus delayed until after the heavy rain of last week, at which time the guard boards were broken down at each end and the whole pack had fine fun in stamping down bricks into the wet sand, and thus making an uneven walk. It cost us nearly \$50; we make no complaint, but we will see all the schools in this neighborhood in Jericho before we lay another brick for their accommodation, unless compelled by law. Dirt and mud holes evidently suit them best—let them have their idols.

The Postmaster of this place has now the necessary blanks for money orders, and all persons desiring to send sums from \$1 to \$50 with safety to authorized offices, can call. The percentage charged on sums not exceeding \$10 is ten cents; from \$10 to \$20 fifteen cents; and from \$20 to \$30 twenty cents.

For the Gazette. For the truth of the queries put to H. Frysinger, that the ignorant were with them, and that Lincoln ought to recognize the South, I call S. J. BRISBIN, Esq., and desire him to state whether he did not hear the editor of the Democrat make the assertions charged.

WAR NEWS.

Official Despatches.

WASHINGTON, Oct. 28, 9 p. m. Despatches from General Grant, received this evening, inform the Department that an advance in force, for the purpose of a reconnaissance, was made yesterday by Warren and Hancock.

In the evening the enemy attacked Hancock vigorously, but were repulsed. The purpose being accomplished, the troops were withdrawn from the advanced position to which they had been pushed nearer to their line of former occupation. The telegrams of General Grant give all the details received.

CITY POINT, Oct. 28, 8 p. m. Hon. E. M. Stanton, Secretary of War: I have just returned from the crossing of the Boydton plank road with Hatcher's creek. Our line now extends from its former left to Armstrong's mill, thence by the south bank of Hatcher's creek to the point above named.

At every point the enemy was found to be entrenched and his works manned. No attack was made during the day further than to drive the pickets and cavalry inside of the main work. Our casualties have been light, probably less than two hundred killed, wounded and missing. The same is probably true with the enemy. We captured, however, seven loaded teams on their way from Stony creek to the enemy, about a dozen beef cattle, a traveling forge, and 75 to 100 prisoners.

On our right Butler extended around well toward the Yorktown road, without finding a point unguarded. I shall keep our troops out where they are until towards noon to-morrow, in hopes of inviting an attack.

U. S. GRANT, Lieut. Gen. CITY POINT, Oct. 28.—Hon. E. M. Stanton, Secretary of War:—The attack on Gen. Hancock proved to be a decided failure. He repulsed the enemy, and remained in his position, holding possession of the field until midnight, when he commenced withdrawing. Orders had been given for the withdrawal of the 2d Corps before the attack was made. We lost no prisoners except the usual stragglers who are always picked up. Our captures for the day on the south side foot up to 910.

The rebel General Dearing is reported killed. Gen. Meade, in his report, says: "I am induced to believe the success of the operation, which was most decided, was mainly due to the personal exertions of Major Gen. Hancock and the conspicuous gallantry of Brig. Gen. Egan."

U. S. GRANT, Lieut. Gen.

Reports from Gen. Sherman's department to six o'clock this evening, indicate that the rebel army is again threatening demonstrations towards Tennessee—but there is no reason to doubt that Sherman and Thomas will be found prepared for whatever movement may take place. The reports from Missouri and Arkansas concur in stating the defeat of Price with heavy loss. E. M. STANTON, Sec'y. of War.

ABOLITIONISM RAMPANT IN THE SOUTH.

The Cry of "Nigger War" Played Out! NEW YORK, Oct. 31. The rebel papers received here appear to be unanimous in favor of arming the blacks. The editor of the Southern Confederate, in writing home to his paper from Richmond, says: The pressure brought upon the blacks has been too strong to resist—hence it is with gratitude I am able to state officially, that arrangements are now being made to arm for the spring campaign 300,000 slaves, whose masters are to be compensated by the Confederate government. The slaves thus armed are to have their freedom and fifty (50) acres of land each, which insures them permanent homes in the south.

—Just think of it! a political party appealing on behalf of its candidates and its principles to the cowardice of the American people! What an unendurable insult to the bravest race on this earth—what fatality in politics, inconceivable if it had not actually happened, incredible if it was not actually transpiring!

—There is nothing in the history of impudence to be compared with the proposition made to the American nation by the democrats in the Chicago convention: "Commit suicide that slavery may live."
