LEWISTOWN, PA.

Wednesday, November 9, 1864.

G. & G. R. FRYINGER, PUBLISHERS.

The Gazette is the only paper in this part of the State printed on a power press, and has facilities for doing work of all kinds equaled by few. We have three presses in operation—an Adams Power Press for the Paper, a double medium hand press for Jobs, and a Newbury Jobber for Blanks, Cards, &c.

TERMS OF SUBSCRIPTION.

The GAZETTE is published every Wednesday by GEORGE FRYINGER & SON, at \$1.50 in advance, or \$2 at the end of the year.

Cambridge	2855	1418
Huntingdon	1376	1462
Mifflin	6338	5557

McAllister's maj. 781.

At that time the democracy professed to be a war party, and advocated their candidate as such. Now the same party stands on a cowardly peace platform, with a willingness to treat with rebels in arms, and they are beaten by 509 majority, making a Union gain of 1290 votes! Two years hence, if the rank and file continue to follow their present copperhead leaders, we predict that the Union candidate in this district will be elected by from 1000 to 2000 majority.

The election yesterday passed off quietly in this county, resulting with but little change as compared with the commissioner's vote. The returns as reported are as follows:

	Peace at Union.	any price
East Ward, Lewistown	29	
West Ward	11	
Wayne and N. H.	12	
Derry		43
Granville		42
Oliver		30
McVeytown		18
Bratton		11
Brown		47

Armagh, Union and Menno had not been received at the time we went to press.

We have various articles and letters on hand which we must defer for examination to a future day, among them a Journey across the Plains.

A number of our citizens are on the move westward, some to Illinois, others to Iowa, and several to the Lake City region, Minnesota. Among the last is Wm. R. Willis, of Derry township.

Pickles, on his return from voting yesterday, said that if the parties are to be believed the only honest men on the ground were a few copperheads who were trying their best to poll illegal votes, two or three ruffians, and five or six political hacks who smell an floc ahead.

Nothing can better illustrate the low depth to which copperheadism has consigned a gang of fellows who profess to publish "democratic" papers, than the fact that they defend the perpetrators of the New York frauds on soldiers, although the parties were fairly tried, convicted, and afterwards confessed the crime.

Freedom of speech was exemplified at Patterson, Juniata county, on Monday, when George Francis Train endeavored to make a short address. He had spoken but a few words, when a gang of copperheads, as destitute of sense as they are of patriotism, commenced a course of hooting, invective and blackguardism which must have given passengers on the train a high idea of their breeding! A bystander informs us that some of the codfish or more properly herring aristocracy of Mifflin, were in the lead as disturbers. Such snakes ought to talk about the freedom of speech.

Transmission of Money by Mail.

The postal money order system went into operation in this place, and at other designated points throughout the country, on the 1st of November. It is attended to promote public convenience by affording a cheap, immediate, and safe agency for the transmission through the mails of small sums of money for which bank drafts cannot readily be procured. The mode by which safety is secured consists in leaving out of the order the name of the payee or party for whom the money is intended. In this respect a money order differs from an ordinary bank draft or check. When a money order is applied for, the postmaster will furnish the applicant with a printed form of application, in which the latter will enter all the particulars of amount, name, address, &c., required to be stated in the money order and advice. From the items contained in such application the postmaster will fill up the money order and also the corresponding form of advice.

The order, when completed, is handed to the applicant, upon payment of the sum expressed therein and of the fee chargeable thereon, which fee must invariably be paid in money, postage stamps not being receivable therefor. By the mail immediately following the issues of a money order, the postmaster transmits the corresponding advice to the postmaster at the office upon which it is drawn. The latter is thus furnished, before the order itself can be presented, with all necessary information to detect fraud, if any should be attempted. Any office may draw upon any other office in the list of money order offices for a sum, upon one order, from one dollar to thirty dollars. But when a larger sum than the latter is required, additional orders to make it up must be obtained.

Kates of commission charged for money orders: On orders not exceeding \$10 10 cts. Over \$10 and not exceeding \$20 15 cts. Over \$20 and up to \$30 20 cts. No money will be received for orders except coin, United States notes, or notes of the National banks, and orders cannot be paid in any other currency. A money order is rendered invalid unless it is presented to the postmaster on whom it is drawn within ninety days from its date; but the Postmaster General can issue a new order on the application of the payee upon the payment of a second fee. The same course is to be pursued in case the order is lost. In this case, the payee is to furnish a statement, under oath, that the order has been lost or destroyed, accompanied by the certificate of the postmaster that it has not been paid, and will not be paid if thereafter presented. The payee may transfer his order to another person by endorsing it upon the back. Persons therefore residing at places other than designated in the list of money order offices, can avail themselves of the advantages of this system; but an order cannot be endorsed twice.

In commencing the operation of the system, it has been deemed expedient to begin with the larger post offices only. A list of money order offices will be found at the post office in this place. The total number in the United States is one hundred and thirty nine. Should circumstances warrant, the number will speedily be increased.

The Sons of Liberty in Indiana.

Confession of a Deputy Grand Commander—Conspiracy with the Rebels in Canada—Alarming Designs of the Conspirators.

INDIANAPOLIS, Nov. 4.—Horace Heffern, Deputy Grand Commander of the Order of the Sons of Liberty in Indiana, who for some weeks has been on trial here for participation in a treasonable conspiracy, to-day turned State's evidence, and made a startling revelation of the schemes of the order. He said that nobody but Democrats had been admitted into the Order, or would be if they applied.

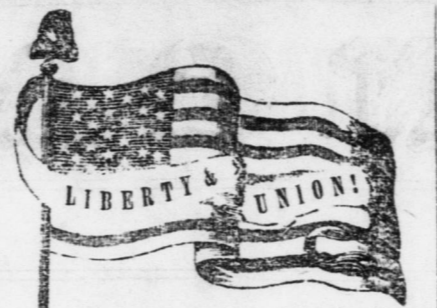

He confirmed the previous evidence of the military organization of the Order, and of the appointment of a major general to command it. Dr. Bowles, one of the accused, was commander-in-chief, with a staff, of which Dr. James B. Wilson, recently arrested, was adjutant general.

He said that a committee of thirteen was appointed to prepare an insurrection, and that the insurrection was intended to release the rebel prisoners in the Northwest, arm them from the Government arsenals, overthrow the State Government, kill Governor Morton, or hold him as a hostage for captured insurrectionists, and then form the Northwest into a separate confederacy.

He said he was told by Adjutant General Wilson, of Bowles' staff, that \$500,000 had been sent by the rebel agents in Canada into the Northwest, to purchase arms for the Order, and that \$200,000 had been left in Indiana, in the hands of Dodd and John C. Walker, State agents. Wilson showed Heffern \$1,000 he received from Bowles to buy arms in Washington county.

Heffern further swore that the committee of thirteen had appointed ten men to kill Governor Morton, and a few days since the Governor received a letter, signed by one of the men, declaring that the writer and his associates were sworn to kill him, and would do it. Heffern's revelations astounded the court, though prepared by the previous evidence for part of it. If Governor Morton was killed, Dr. Anthon, Secretary of State and member of the Order, was to take his place, as provided by law, in case of the death or disability of the Governor and Lieutenant Governor.

The returns received this morning show conclusively that the Chicago Peace Candidates have been consigned to merited oblivion, and will live only in history as a reproach.

Lincoln & Johnson we are satisfied are elected by an overwhelming majority.—The Union gains in this State are large, and leave no doubt that Pennsylvania has cast her electoral ticket for Freedom and Right.

And now, after all their lying, toryism, and treason, what do the snakes who tried to turn honest democrats into rank traitors, think of themselves? Verily they will reap their reward.

WAR NEWS.

The principal war news comprised in the capture of the pirate Florida, the destruction of the rebel ram Albatross, the capture of Plymouth, N. C., and the repulse of Hood in Tennessee.

Army of the Potomac.—General Hancock reviewed the 1st Division of the 2d Corps, under command of General Miles, on Saturday, and was enthusiastically cheered by the troops. A lively picket firing occurred on the left of our line on Friday night, and during Saturday considerable artillery firing took place near the Jerusalem plank road. About eleven o'clock Saturday night the rebels attempted to recover some ground lost last week, but our troops were awake and ready for their advance. A brisk skirmish ensued ending in the withdrawal of the enemy.

On the North bank of the James affairs remain unchanged; the usual cannonading of the rebel continues on Gen. Butler's canal at Dutch Gap.

Naval Prizes.—Rear Admiral Porter, reports the capture of two blockade runners off Wilmington, namely, the Annie and the Lucy.

Admiral Farragut reports the capture of three schooners while running his blockade, laden with cotton and general cargoes.

Rebel Plot to Burn Chicago.—The authorities have just discovered a most infamous plot to fire the city of Chicago, and release the prisoners at Camp Douglas. A large number of persons from lower Illinois have been arrested in the city. It was at first supposed that they had come on to vote, but it turned out that they were members of the O. A. K. Society, a rebel organization in Southern Illinois. Charles Walsh, Door-keeper of the House of Representatives, was arrested, and in his house were found two hundred stands of arms and two cart-loads of revolvers, together with a large quantity of ammunition.

"He made a few desultory remarks," said the schoolmaster. Mrs. Partington stopped suddenly in the bustle she was making around the table for tea, and gazed over her spectacles thoughtfully at him. Leaning on a plate edgewise, as if to enforce her views by the support it gave her, "I suppose it was because he was weak," said she, "but Ayer's Pills will cure him. I never knew 'em to fail. They are very solitary in such cases." "Really, madame," replied he, "I cannot guess your meaning." "You said dysentery," said she laying down the plate and putting the spoon in the preserves. "I said desultory," said he smiling, "quite a different thing." "No matter," said she, looking up in time to box Ike's ears, who was putting paper down the chimney of the kerosene lamp. "The Pills are good for both, I dare say, for they cure almost all the diseases in the cornucopia."

Peterson's Magazine.—The November number of this Magazine has come to hand, and it is decidedly a good one. The steel-plate engraving, entitled "Departure of the Swallows," is very handsome, and the colored Fashion Plate is a real gem. The reading matter is excellent. This number contains forty-one articles and fifty-five embellishments. Now is the time to get up clubs for 1865. This is an excellent Magazine, and one of the cheapest that is published, the price being only \$2 per annum, in advance. Address Charles J. Peterson, No. 306 Chestnut street, Phila.

The Lady's Friend.—We learn from the November number of this New Magazine of Fashion and Literature, that it has already attained a large circulation. The aim of its publishers is to rival the three dollar magazines in the quality of their engravings and contents. Thus it has given during the present year, in every number, a finely engraved and colored Double Fashion Plate, while its other numerous engravings are of the best quality. The long and brilliant array of literary contributors to The Lady's Friend, nearly all of whom are ladies, is highly creditable to the Magazine, and also to the country, as showing how large and cultivated a class of lady writers it possesses. Many will wonder how any magazine can be got up in so handsome and lavish a manner as this is, at the low price of \$2.50, saying nothing of the reduced rates to clubs. The publishers say that it is only done by having a very large circulation, as money would certainly be lost on a small edition. Price \$2.50; 2 copies \$4.00.

American Agriculturist.—This publication, of which we found a copy on our table last week, is adapted for the Farm, Garden and Household, and deserves a wide circulation. For all subscription received on and after December 1st, the price of the English edition of this publication will be \$1.50 a year for single copies; four copies for \$5; ten copies for \$12; twenty or more copies for \$1 each. The present price of the German edition is \$2 per annum; four copies, \$7; six copies, \$10; ten or more copies, \$1.50 each. Published by Orange Judd, No. 41 Park Row, New York City.

Col. Butler, provost marshal of Clearfield county, was shot by a deserter a few weeks ago.

Geo. Francis Train, who has been giving the Chicago peace platform some hard knocks, spoke for about fifteen minutes at the railroad station on Monday.

Mariner, Consulting Chemists, Chicago, all of whom have analyzed the Catawba Brandy, and commend it in the highest terms, for medicinal use.

Analysis of the Massachusetts State Assayer, January 25, 1858.

When evaporated through clean linen it left no oil or offensive matter. In every respect it is a pure spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil, or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids, it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of fictitious spirits, sold under this name both at home and abroad.

Respectfully, A. A. HAYES, M. D., Assayer to State Mass., 16, Boylston St. By the same, in 1864.

I have analyzed "L. Lyons' Pure Ohio Brandy" with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully, A. A. HAYES, M. D. State Assayer, Boston, July 20, '64. 16 Boylston St. Manufactured by H. H. Jacob & Co. (To whom all orders should be addressed,) Depot, 91 Liberty St., New York. nov9 3mos.
