FIRE. - An alarm of fire was raised yesterday, between 11 and 12 o'clock, caused by the discovery that the Cummings warehouse in Water street, adjoining the canal bridge, was on fire. The flames gained headway with much rapidity in consequence of a high western wind, and in a short time the whole building, as well as the dwelling house adjoining, was in flames. A canal boat owned by Wm. B. Hoffman had been wintered at the warehouse, but between the hose and snow and ice thrown on the deck was preserved without serious damage. To the eastward the tenant house on M'Kee's tannery and the tannery buildings were for some time in great peril, but were fortunately saved without injury. The warehouse and dwelling burnt were the property of Mrs. Hannah McKee, and we believe were uninsured. James Wilcy and John Chappell, tenants of the dwelling, saved nearly all their furniture, &c. It is generally believed that the warehouse, which was unoccupied, was fired by a spark from the locomotive, but this is by no means certain. The Henderson, as usual, was early at the scene, and its members worked with untiring industry. The Juniata was also on the ground, but want of hose prevented it from being of service, while from some cause or other the suction also failed to get to work. It is evident that unless the East Ward will do something towards organizing a live company, that apparatus will soon be next to useless.

THE WINTER thus far has been one of great severity, accompanied with more snow than we have had for several years. The ice on the river is at present of a good thickness for putting up, and we are glad to see Mr. Galbraith is stocking the Hale ice house with a full supply. On the ponds it is several inches thick.

Hiram Edmondson, a member of the 20th Cav. regiment, died in hospital several days ago. His remains were expected some days since, but had not arrived up to yesterday. He was one of the prisoners captured in the early part of the war and so long confined at Salisbury, N.

ITEMS.—The Glamorgan Furnace will again be blown in to-morrow, it having been stopped to make some necessary repairs to the machinery. Joseph C. Porter, a gentleman well skilled in the manufacture of iron, is now manager, with Ben. Firoved as clerk. - The weather prophets having failed in their prediction of an open winter, there is some curiosity now afloat to see what the ground hog will say. -The slippery pavements and streets have been bad for pedestrians, but seemed to suit the boys who owned skates .--- Quite a number of our young ladies have taken advantage of the good ice and practiced skating. This amusement is so healthful that it demands a more proverbial exercise of it. A skating club should be formed to advance the practice of the ladies .--There have been a few cases of small pox in the quarter familiarly known as Hayti, and much apprehension existed of their spreading from the carelessness of those who were affected with the lighter stage. but thus far the disease has been confined to a few families. The Burgess and Council, who possess undoubted sanitary powers, ought to adopt some regulation by ordinance respecting this disease. --- Among our present visitors home from the army are Drs. Worrall and Hamilton, both of whom have had constant employment in their vocation for a long time.

The Mendelssohn Association could not hold its regular meeting on account of the stove being in such a condition that fire could not be kept in it, but the members are notified that the meeting will be held on SATURDAY evening next, Apprentices' Hall, at 7 o'clock. Punctuality requested.

THE APPRENTICES HALL .- This building, erected for the purpose of holding the meetings of the Literary Society, is fast going to dilapidation. The inside walls are damp and mildewed and the furniture generally is out of repair. Cannot something be done to keep it up? If the old VIN B. NORTH, Cashier of the First Namembers are too poor to do it, is there not Teller of the Mifflin County Bank, to Miss

PROCEEDINGS OF THE H. H. & L. Company-At a meeting of the above named company, held on Monday evening last, the following preamble and resolutions were adopted:

WHEREAS, By special agreement with the Burgess and Town Council, a number of citizens have formed themselves into a Hose, Hook and Ladder Company, and, without fee or reward, taken charge of sundry apparatus for the purpose of extinguishing and preventing the spread of fires. And whereas, on nearly all occasions when the Henderson Hose, Hook and Ladder Company have been in service, private citizens, neither active nor honorary members of said company, have undertaken to di rect when, where, and how said apparatus should be used, therefore, be it

Resolved, That in case any citizen shall hereafter, either forcibly or by other means, prevent the officers of the Henderson Hose, Hook and Ladder Company from having sole and complete control of the apparatus, either at fires or on any other occasion, that this company will return said apparatus to the Borough authorities, and disband.

CURE FOR THE SMALL POX .- The following recipe is vouched for by The Eastport (Me.) Sentinel as a sure cure :

Give the patient two table spoonfuls of a mixture of hop yeast and water mixed with molasses so as to be palatable, equal parts of each three times a day. Diet-Boiled rice and milk, and toasted bread moistened with water, and without butter Eat no meat. Give catnin tea as often a the patient is thirsty. Give physic when necessary. If the above treatment is strictly followed, no marks of small-pox will remain.

IMPORTANT DECISION -An important decision on a question which may also arise here, was recently delivered by Judge Long, in the Court of Common Pleas in Lancaster county, on the subject of the military bounty laws. The facts involved in the case are as follows:-Two citizens of Manheim township, having furnished acceptable substitutes for themselves in the military service, made issue to the effect that, having thus contributed what they deemed their quota, they should be rightfully and legally exempted from the payment of the tax provided for by the act of 25th of March, 1864. to pay bounties to volunteers. The suit was brought by the Board of School Directors of Manheim township, who in compliance with the provisions of the law, were authorized to levy and collect such a tax. After a thorough discussion of the question involved, by able counsel, the court decided that the defendants were bound for payment of tax, and accordingly ordered judgment to be entered for the plain-

H. J. WALTERS,

Dr. Velpau's French Pills. Ladies, take Particular Notice. THE REAL VELPAU FEMALE PILL.

[WARRANTED FRENCH.]

THESE Pills, so celebrated many years ago in Paris for the relief of female ir regularities, and afterward so notorious for their criminal employment in the practice of abortion, are now offered for sale for the first time in America. They have been kept in comparative obscurity, from the fact that the originator, Dr. Velpau, is a physician in Paris of great wealth and strict conscientious principles, and has withheld them from general use, lest they should be employed for unlawful purposes. In overcoming Female Obstruc-tions, Falling of the Womb, Whites, Green Sickness, Suppression, Retention or Immod erate Flow of the Monthly Discharges, they seem to be truly omnipotent, bursting open the flood gates from whatever cause may have stopped them; but they are offered to the public only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful. Married ladies should never take them when there is any reason to believe themselves pregnant, for they

will be sure to produce a miscarriage. These pills are entirely safe under all circumstances, being composed entirely of substances from the vegetable kingdom.

Each box has the coat of arms for the city of Paris stamped on the box, with the words "Trade Mark" in French, to counterfeit which is a misdemeanor, and all persons will be dealt with according to law.

Full directions accompany every box. Ladies can obtain a box sealed from the eyes of the curious, by inclosing One Dollar and six post office stamps to any respectable druggist, or to O. G.
