THE GAS COMPANY .- The condition of this company is not so favorable as it ought to be, for it appears it has been for some time barely paying expenses. Without recurring to previous differences among stockholders and managers, it is to be regretted that such a state of affairs should exist, as few moneyed men like to have their means out without a return, and hence it might some day be determined to cease its manufacture altogether. Our citizens have become so well reconciled to street lamps and so generally acknowledged their usefulness, that we Carriage, set of Blacksmith's Tools, and other suspect they would much sooner see the number doubled than to do without folder. The community then, in our judgment, has some interest in keeping up the gas works as well as the stockholders, and we would therefore suggest that many who have materially lessened or abandoned its consumption, return to its use, and thus contribute towards keeping up the works. Others who have used it all the time can also increase its consumption, and we are sure no one will number of other articles, too numerous to find fault with our borough fathers if mention. This would be one way of aiding the company-if any can suggest a better, we should like to hear from him.

#### Dr. Velpau's French Pills. Ladies, take Particular Notice.

THE REAL VERPAU FEMALE PILL. [WARRANTED FRENCH.]

THESE Pills, so celebrated many years ago in Paris for the relief of female ir regularities, and afterward so notorious for their criminal employment in the practice of abortion, are now offered for sale for the first time in America. They have been kept in comparative obscurity, from the fact that the originator. Dr. Velpau, is a physician in Paris of great wealth and strict conscientious principles, and has withheld them from general use, lest they should be employed for unlawful purposes. In overcoming Female Obstruc-tions, Falling of the Womb, Whites, Green Sickness, Suppression, Retention or Immod erate Flow of the Monthly Discharges, they seem to be truly omnipotent, bursting open the flood gates from whatever cause may have stopped them; but they are offered to the publie only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful. Married ladies should never take them when there is any reason to believe themselves pregnant, for they

will be sure to produce a miscarriage. These pills are entirely safe under all circumstances, being composed entirely of substances from the vegetable kingdom.

Each box has the coat of arms for the city of Paris stamped on the box, with the words "Trade Mark" in French, to counterfeit which is a misdemeanor, and all persons will be dealt with according to law.

Full directions accompany every box. Ladies can obtain a box sealed from the eyes of the curious, by inclosing One Dollar and six post office stamps to any respectable druggist, or to O. G. STAPLES.
