SPRING ELECTIONS.—The election for Borough and Township Officers this year will come off on Friday, March 16th. Wherever tickets are formed we hope our friends will nominate good men for the offices to be filled. In our borough this is a matter of great importance to the taxpayers, though from the indifference often manifested by this class, one could almost infer they think more of the right to grumble than the right to vote.

We learn that a most shameful transaction took place some weeks ago at the stone schoolhouse in Granville township, about four miles up the river, in which three or four young black guards were the perpetrators of outrages too scandalous to be named in print. Several sleighs were debauched by these fellows while the owners were attending singing school, a buffalo robe cut, &c. We learn there is strong talk about hauling them up for trial and punishment at April term, sufficient evidence to convict them having leaked out.

Freeburn and Spangler have associated for the purpose of carrying on the butchering business at Col. Butler's old stand, and of course everything in that line, cut up in scientific manner, can be had there.

Eli Ayers, the young colored man who was killed by the terrible explosion of a furnace at Middletown on Monday a week, was a nephew of Mary Ayers, of this place. He had been a soldier in the 22d U. S. C. T., and participated with credit in the battles in which that regiment was engaged. He was about 23 years of age.

The meat in three or four smoke houses in town has been injured by kindling too much fire. In one on Third street a ham caught and did more frying than the different owners cared for.

The weather changed on Sunday to a cold wind with spits of snow, and still has a wintry feeling.

Armigh ought to have sent his communication to the editor of the Educational column.

Messrs. Editors:—In my communication of 16th February I said that George Kime (Dem) was charged \$85 toll, and Harry Stackpole (Rep.) \$185. I have since learned that I was in error in part, inasmuch as that Kime was charged \$100 without the mail, and Stackpole \$185 with the mail. I am glad that I am able to say this much in behalf of our erring brethren in thus repenting in part for past sins in this bridge iniquity, and only wish they would give me a chance to say ten times as much for them in this connection. I would gladly proclaim to the country that they had come to their proper senses. But why still charge Stackpole (Rep) \$85 more than Kime (Dem.) Does the weight of the mail bag take \$85 worth of wear and tear out of the bridge? Justice.

Charles Beaton, Esq., and others, Directors of the Matowana Bridge Company.

Gentlemen:—In reply to your article in last week's Gazette, calling on the editors for the name of the author of the several communications which appeared in that paper signed Justice, I thus publicly avow myself to be the author of the articles referred to.

I have charged the Dulls and the Rosses with having themselves elected bridge directors year after year in regular succession. I have charged you in your official capacity with making unjust discriminations in favor of democrats and against republicans in the assessment of tolls; with refusing to give the bridge by contract to Stackpole for a fraction of the year, assigning as a reason that the directors had resolved not to give it to any person by contract for the balance of the year when no such resolutions had been passed by the board; whereas, about the same time, or a short time before, you did contract with Isaac Walls for himself and family, giving them the privilege of crossing the bridge the balance of the year at 60 cents. I charged you with closing the toll gate on Stackpole and compelling him to either carry the mail through the bridge on foot, or through the river on horseback, as the only alternative to escape paying 40 cents toll every round trip, when at the same time you suffered Kime (Dem.) to pass over the bridge with his two-horse bus at 5 cts. a trip. I have charged you with suing Stackpole for toll at 40 cents a trip. I called on you time and again to come out like men and deny these charges if not true. At length you appear and demand the name of the author, and in a summary manner dispose of every charge by saying that the "whole is a tissue of falsehoods," without offering a scrap of evidence to prove them untrue; but hear what Stackpole says.

Very respectfully, A. ROTHLOCK, McVeytown, March 1st, 1866.

I certify that when I commenced carrying the mail in October I made application to the Directors of the Bridge Company of this place to get the bridge by the year as others had got it, and was told by Gen. Ross that I could not get it for the balance of the year, saying they had passed a resolution not to do so; but I must pay by the trip. I then paid by the trip for several days, when I saw Charles Bratton, President of the company. I applied to him for redress. He gave directions to the toll gatherer to let me pass the bridge for 25 cents a day until the next meeting of the directors. On the evening before the meeting of the directors, the toll gatherer came to me and told me that Casper Dull and Daniel Dull told him to collect full toll of me. They (the directors) held a meeting and decided that I must pay 40 cents a trip the balance of the year. I refused to do this; passing through the gate a few days after the bridge meeting was held, when the gate was locked on me. I then paid toll for my assistant who carried the mail to the depot on foot, and I returned with my team.

After that I carried the mail through the river on horseback sometimes, and again on foot through the bridge.

At the beginning of the present year I applied again for the bridge by the year and was told that my toll for carrying the mail and passengers was assessed at \$185. I now carry the mail over the bridge on foot and pay by the trip as I go. About the time the gate was closed on me I was sued for the toll, as can be seen by my appeal from the judge met, and now on file in county docket at Lewistown. E. H. H. STACKPOLE. Sworn and subscribed this 24 day of March, A. D., 1866, before me. C. Beck, J. P.

Messrs. Editors.—The following report of the Secretary and Treasurer of the Presbyterian Sabbath School of McVeytown, was presented, on last Sabbath evening, at their monthly concert. I solicited a copy for publication, hoping it might encourage and stimulate others in the good work of Sabbath schools. It is a custom with this school to have an anniversary meeting on the first Sabbath of January, but the death of their pastor at that time caused them to omit the meeting for this year, hence the late date and informal manner of the report. At this meeting, their ordinary monthly concert, held on the first Sabbath of every month, the attendance was large and a degree of interest evinced which was very encouraging.

Very respectfully, A. ROTHLOCK. McVeytown, March 1st, 1866.

TREASURER'S REPORT. To balance in treasury Jan. 7, 1865, \$19 16, Collection to pay Mr. Cullis, 12 15, Proceeds of two concerts, 89 09, Old library books sold, 27 28, Made and other books sold, 21 25, Monthly collection from classes, 69 43, Contributions of Holy members to school fund, 52 00, mission, 02 00, Total collected by school, \$335 40, Paid Mr. Cullis, 20 00, Printing expenses of anniversary and concert, 16 25, Library books, papers, cards, &c., 174 98, Sent to Board of Missions, 49 09, Balance in treasury, \$255 23, 107 28.

It is a remarkable fact that in the District of Columbia \$1,200,000 of property belonging to colored men is taxed for school purposes to educate the children of whites, while no provision whatever is made for blacks. The new cry of no taxation without representation thus reacts on its authors under their own noses.

A few days since a young boy, through curiosity, went to the Catoctin Furnace establishment, in Frederick county, Maryland, to witness the operation of melting iron ore, and while looking down into one of the receivers, from which a large quantity of gas escapes, he was almost instantaneously suffocated, and at once lost all use of himself, tumbling headlong into the lake of fire and burning to death. All efforts to recover the boy from the liquid flames were rendered impracticable and he was left to his awful fate.
