SOLDIERS' CLYMER CLUBS.

We know of nothing in politics that could well be more absurd or ridiculous than the formation of such clubs. Such as have axes to grind for themselves and friends would of course stoop to any means to inveigle unthinking privates into an inconsistent action.

The "penal and criminal laws" of Mississippi, re-enacted by a reconstructed Legislature, provide for the punishment of the crimes of murder, rape, arson, or robbery, or attempts at such crimes, when committed or attempted by negroes, by death.

We had a slight shower last night, with indications of more rain this morning. The bill to license eating houses and restaurants by the courts failed in the Senate, and is not a law.

Recently, five desperadoes, found guilty by a general court-martial on the charge of murdering United States soldiers in Charleston, S. C., and sentenced to be hanged, having secured the influence of prominent reconstructionists, in order to save them from justice, their sentences have been remitted by order of the President, and they are permitted to roam at large, notwithstanding the protestations of Union men.

Backward Steps and My Policy.

To one who has nothing to ask and nothing to expect from the powers that be at Washington, it cannot be otherwise than a source of amusement, mingled however with regret, to look on and see the muddery and chicanery manifested by certain parties there, and then witness their floundering through apologies for their course as if the American people were as ignorant and oblivious as the thrall'd serf.

Had any one foretold this to Andrew Johnson two years ago, we opine there would have been some hard swearing at the luckless wight who ventured such a prediction, or like one of old he would have exclaimed: "Is thy servant a dog, that he should do this thing?"

Cowan too claims to be consistent, but as he voted more frequently with southern sympathizers than with Union Senators, he has found it but a small step into caterer for Pennsylvania copperheads, whose behests in appointments to office he is understood to obey far more readily than to resign.

To Confectioners.—Buy your supplies of candies, fruit, nuts, syrups, &c., from GEO. MILLER & SONS, 610 Market street, Philadelphia. They are an old established house, and always fill orders, whether large or small, promptly.

STEPHEN F. WHITMAN, No 1210 Market street, Phila., claims to manufacture the best quality of Fine Candles—no others. He does not profess to sell as low as those who manufacture from inferior materials; but Country Dealers who keep WHITMAN'S CANDLES always have the largest custom, simply because country people can tell good candles from ordinary just as well as other folks.

MARRIED.

On the 8th ult., by Rev. J. A. Price, S. L. COOPER to Miss MARY E. MUTERSBOUGH, both of Lewistown.

DIED.

On the 4th, in this place, ELIZABETH DIX, daughter of Abraham Meiford, aged 1 year, 10 months and 25 days. At Atkinson's Mills, Wayne township, on the 21st inst., JOHN KEELHABER, aged 71 years, 10 months and 4 days.

Obituary.

From the Toledo (O.) Record. DEATH OF JOHN BATES, Esq.—In the death of John Bates, esp., which occurred at his residence in Perryville, Ohio, on Monday morning last, (March 5th,) Wood co., has lost one of its oldest and most respected citizens.

Mr. Bates was born in Millin county, Pa., Nov. 11th, 1800, and was therefore in the 66th year of his age at the time of his death. He resided in Perryville, Ohio, in 1855, where he spent the last thirty years of his life. He was elected Treasurer of Wood county in 1849, and held that office until 1854. In the discharge of all the duties of his office, whether public or private, he was scrupulously honest, affable, and kind-hearted.

He lived an honorable life, and was a useful member of society, ever enjoying the confidence and esteem of his fellow men, and by his fidelity to the principles of our Order, was justly entitled to the brotherly affection of his Masonic companions. That he was a most excellent Master, all who knew him will bear witness; and it is our faith to believe that he who is true, through the pilgrimage of life, to the sacred "trusts of our profession," will be greeted by the Supreme Grand Architect above, as "a workman most true." Such, indeed, was our lamented companion, Bates, and we trust "There is no more occasion for level or plumb line, For trowel, or gavel, compass or square."

We offer for adoption the following resolutions: Resolved, That in the death of Companion John Bates, society has lost one of its most honorable and useful members, and the Fraternity are extended and fielded Mason.

Special Notices.

Cholera, Diarrhoea & Dysentery! A Cure is warranted by Dr. Tobias's celebrated VENERIAN LINIMENT, if used when first taken by persons of temperate habits. This medicine has been known in the United States over 20 years. Thousands have used it, and found it never failed to cure any complaint for which it was recommended, and in those who first tried it are now never without it. In the Cholera of 1848, Dr. Tobias attended 40 cases and lost 4 being called in too late to do any good.

A Single Box of Breadreth's PILLS contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life.

Reduction in Price OF THE AMERICAN WATCHES, Made at Waltham, Massachusetts. In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of still further decline, we have reduced our prices to as low a point as they can be placed.

With Gold at Par, so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of more than 200,000 Watches, have given our productions the very highest rank among time-keepers. Commencing with the determination to make only thoroughly excellent watches, our business steadily increased as the public became acquainted with their value until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and are accommodated to more than eight hundred workmen. We are fully justified in stating that we make now MORE THAN ONE-FOURTH OF ALL THE WATCHES MADE IN THE UNITED STATES. The different grades are distinguished by the following trade marks engraved on the plates: 1. "American Watch Co." Waltham, Mass. 2. "Appleton, Tracy & Co." Waltham, Mass. 3. "P. S. Barlett" Waltham, Mass. 4. "Wm. Ellery" 5. Our LADIES' WATCH of first quality is named "Appleton, Tracy & Co. Waltham, Mass." 6. Our next quality of Ladies' Watch is named "P. S. Barlett, Waltham, Mass." These watches are furnished in a great variety of elegant styles of cases. The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price, ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that under the guarantee of a Foreign maker who can never be reached, this warrant is good at all times against the Company or their Agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be changed for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.
