SUDDEN DEATH.—Samuel Jenkins, of this place, was taken ill on a canal boat on Friday last, while crossing the Susquehanna between Columbia and Wrightsville, went down into the cabin, and in a few minutes was dead—probably from heart disease. His remains were brought home and interred in the Lutheran graveyard on Sunday last. Mr. J. was about 55 years of age.

Facts, Fancies and Forgetnots.

Three different attempts to fire Altoona were made on Monday morning aweek.

Mrs. Jef Davis has taken up her quarters at Fortress Monroe.

Painting, whitewashing and cleaning up are the orders of the day. Right.

The Tyrone Hemisphere has suspended.

The Winn land case has been taken to the Supreme Court.

Governor Curtin has not not signed the bill disfranchising deserters.

No less than twelve persons were sentenced to the Penitentiary from Dauphin county at the last term of court.

The official majority against removing the county seat from Middleburg, Snyder county, is 355.

The Lock Haven jail has thirteen boarders. Ours is rather empty, but there are a good many out who ought to be in.

The remains of David Bolger, of Martinsburg, Blair county who disappeared in 1850, have been found on Tussey's mountain.

Anti-Johnson has had a stamp of his signature made which is affixed to rebel pardons, those documents having become too numerous for Idiot to Sign.

Lieut. John D. Gontz, aged about 31 years, formerly of the 11th Cavalry, died suddenly in Johnstown on the 5th from an overdose of laudanum.

A violent storm of wind, rain, and probably hail passed north of us on Sunday last, since which the air has been cold, resulting in a heavy frost yesterday morning.

Several of the students of the Agricultural College were arrested for firing Nittany Mountain a few weeks ago. They were released on condition that they should pay all damages.

Probst, for killing a family of eight persons, is to be hung on the 8th June.—Jef Davis, for causing a hundred thousand that number to be killed, starved or wounded, will probably be—pardoned!

Garrett Davis, Senator from Kentucky, who declared if the Civil Rights Bill became a law, he felt bound to aid in overthrowing the government, is it is said the chief confidential adviser of Anti-Johnson.

On Monday next a new train will be placed on the Pennsylvania railroad. It will leave Philadelphia at 10 o'clock, a. m., pass Lancaster at 12:20, reach Harrisburg about 1:30, Lewistown about 3:30, and arrive at Pittsburgh at midnight.

The white people of Augusta, Georgia, having recently decorated the graves of rebel soldiers with flowers, the colored went in a body and placed flowers, wreaths and banners on the graves of Union soldiers.

The Merchants National Bank at Washington was broken in consequence of suffering a stock gambling firm at Baltimore to overdraw to the extent of hundreds of thousands. Congress ought to make offences of that kind a felony, by which bank officers would be brought to their senses.

The Louisville Journal, which favors "my policy," says the peace, harmony and safety of Kentucky are more seriously imperilled now than at any time during the war by the returned rebels taking the political machinery of that State into their hands and overriding everybody opposing them.

A man named George Cobel was instantly killed on Tuesday night of last week, near Cold Spring Forges, by being run over by the Fast line east. Deceased was about 40 years of age, had a wife and two children, resided at Tipton, and at the time of his death, was employed as watchman on the road.

The Johnstown Tribune intimates that D. J. Morrell, Esq., Superintendent of Cambria Iron Works, has been induced to suffer his name to be used as a candidate for Congress. If the nomination should fall to Cambria county—a question yet to be settled—we know of no one there to whom we would yield a more cordial support.

An Alabama rebel, who left this country with a view of settling in Mexico, has written a letter declaring that empire a humbug, with corruption stalking abroad from the Judges down. He has found that ours is after all the land for a man to live in. Come back, old fellow, shout for Johnson, d—n Stevens, and you're all right.

Beauregard arrived at Baltimore on Saturday, when a large crowd shook his hand and congratutated him. It was probably the same crowd that *congratulated* the Logan Guards in April, 1861, with bricks, stones, clubs, &c. Beauregard of course is a Johnson man—ergo, walk up, Logans, and sign your name to the Soldiers' Clymer Club, said Clymer being also a Johnson man.

CANCER CAN BE CURED.

Dr. Hebern, of Quincey, Illinois, cures cancer without knife, pain, or loss of blood, in from four to twenty-four hours; also treats consumption successfully. ly.

Ice Cream of superior quality can be had at Eisenbise's Saloon.

Ex-Governor Johnson, nominated as Collector of the Allegheny District, was rejected by the U. S. Senate.

Of all the *pests* now raging in this country the *Niggerpest* is the worst. It prevails in its blackest form at Washington City and is a far more offensive disease than small-pox, cholera, or rinderpest.—*Copperhead Paper.*

We'll bet an old hat, should the cholera come into the neighborhood of the fellow who published the above he would, could he make choice, choose the Niggerpest, and burrow with a family of ten in one room on a hot summer's day.

A correspondent at Rock Run, Stephenson county, Illinois, under date of May 7th, says: "We have had white frost here every morning this month, and some ice on the first, though very pleasant through the day. Spring wheat and oats sowed, but no corn planted yet; the fall wheat is a total miss—there will not be the seed reaped in Stephenson county.—The rye looks well."

The Philadelphia Age, which it will be remembered came near being mobbed during the war for its treasonable course, is terribly exercised because some colored folks are occasionally found in the galleries of the capitol at Washington.—As nine out of ten of its Southern friends imbibed milk from nurses of all shades to the Guinea black, the Age ought to think their presence as fragrant as its masters down South do.

We noticed last week that a press of work prevented us from attending to the Gazette as much as we desired. That work was finished on Saturday evening, and counts up 135,000 ems. That our readers may better understand what was done, we will explain that 5000 ems used to constitute a day's work, so that it would have taken one man 27 days to have put it into type, working by the day. We pushed it through in about 18 days, in the meantime issuing two papers and doing at least a dozen handbills, blanks, cards, &c.

The papers that advocated and justified disunion *during the war*, are now weekly regaling their readers with the idea that every man who does not agree to admit rebels to make laws for us, or disagrees with Anti-Johnson *in a time of peace*, is a disunionist! These fellows had better get out a new Bible, in which sinners will flourish as saints and religious men and women as devils, which would just about equal their Union logic. The fact is these riders, slectors and sympathizers of treason may squirm and wriggle as they will, the coat they put on during the war will stick to them for life like well-made shoemakers' wax.

The Shirleysburg Herald says that about the first of January last, Joshua Morgan, of Cromwell township, thrashed a quantity of grain, and threw the straw on a pile in the barn-yard. About the same time, a good sized sow, weighing about 200 pounds, mysteriously disappeared, and no trace of her could be found. A few days ago, having occasion to remove the straw, the sow was found underneath, standing erect, and still alive, though wasted away to a skeleton. She was about six feet from the surface of the pile in the nearest direction, and had worked a small cavity in the straw around her. She had been thus buried four months, less four days. At last account, she was doing well and was expected to recover.

On the 18th of September last, Mr. Daniel Shuler, of Blain, Perry County, Pa., was robbed of Government bonds to the value of $8,150, during the absence of himself and family from home, attending church. Mr. Shuler had sold a farm, and converted the proceeds of the sale into compound interest-stand seven-thirty bonds, consequently the robbery left him a poor man. From that time until a day or two ago, Mr. S. obtained no clue to the thief, neither did he hear of his bonds. A week or two since, a young lady named Elizabeth A. Loy, arrived in Harrisburg, stopping at the United States Hotel, where she engaged boarding. Subsequently she attempted to have a $1,000 bond exchanged for money of a smaller denomination, and offered it at the Harrisburg National Bank. Circumstances induced her arrest, and she was held in $5,000 bail, to answer at Court, and after some two hours' imprisonment was released, Mr. C. L. Ward becoming her security.

Cholera, Diarrhoea & Dysentery!

A CURE is warranted by Dr. Tobias' celebrated VENETIAN LINIMENT, if used when first taken by persons of temperate habits. This medicine has been known in the United States over 20 years. Thousands have used it, and found it never failed to cure any complaint for which it was recommended, and all those who first tried it are now never without it. In the Cholera of 1849, Dr. Tobias attended 40 cases and lost 4, being called in too late to do any good.

DIRECTIONS.—Take a teaspoonful in a wineglass of water every half hour for two hours, and rub the abdomen and extremities well with the Liniment. To allay the thirst, take a lump of ice in the mouth, about the size of a marble every ten minutes. It is warranted perfectly innocent to take internally. Sold by all druggists, price 25 and 50 cents. Depot, 56 Courtlandt st., N. Y.

A Single Box of Brandreth's Pills

contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their name is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save pain.

Our race are subject to a reduplication of attacks of bile at this season, and it is in dangerous cases to prescribe but Brandreth's Pills after an inviolable and effectual protection. By their occasional use we prevent the collection of those impurities, which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in the Head, Heartburn, Pain in the Breast-bone, Sudden Faintness and Costiveness. Sold by all respectable dealers in medicines. Ito

Reduction in Price

OF THE

AMERICAN WATCHES,

Made at Waltham, Massachsetts

In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed,

With Gold at Par.

so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The best of our years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among timekeepers. Commanding with the determination to make only thoroughly excellent watches, our business annually increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen. We are fully justified in stating that we make MORE THAN ONE-HALF OF ALL THE WATCHES GOLD in the United States. The different grades are distinguished by the following trade marks engraved on the plates:

1. "American Watch Co., Waltham Mass."
2. "Appleton, Tracy & Co., Waltham, Mass."
3. "U. S. Barrels," Waltham Mass."
4. "Wm. Ellery."
5. Our LADIES' WATCH of first quality is named "Appleton, Tracy & Co., Waltham, Mass."
6. Our first quality of Ladies' Watch is named "E. Howard, Waltham, Mass." These watches have been steadily gaining in favor on account of simplicity of style and beauty of finish.

The American Watch Co., of Waltham, Mass., authorize us to state that without destruction of trade marks or plates

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

as to the best time keepers of their class ever made in this or any other country. Investors should remember that while the guarantee of the Company is good for all time, the best evidence of the value of their watches is their character for reliability, and this will never be reached. This warrantee is good for all time against the Company, at their Agents, and they promise protection to any purchaser, it being always kept unimpaired for numbers. As the American Watches made at Waltham are for sale by dealers generally throughout the country, at uniform prices, no discrimination can be made in favor of single watches.

CAUTION.—The public are cautioned to buy only of responsible dealers. All persons selling counterfeits will be prosecuted.
