

LOCAL AFFAIRS.

TOWN HALL, WEDNESDAY EVENING, June 13, at 7 o'clock. FREE LECTURE by Dr. D. WILSON, of New York City. Subject, Reform, or One Hundred Facts Worth Knowing. He can be consulted this week only at the National House. He describes diseases without asking questions, and is very successful in treating all kinds of chronic or long-standing diseases with his new Reform System of treatment. He is supposed to be one of the most skillful of the profession.—Call and see him.

We are under obligations to David Grove for a large slice of the primest article of Family Cheese we have tasted for some time. Mr. G. has the knack of keeping articles on hand of the best quality, hence he is always prepared to serve his customers with what they want, clean, fresh and cheap. His Ice Creams are now open at all hours, and the hot weather now upon us no doubt will cause quite a rush there for his Strawberries, Ice Cream, and other delicacies. His stock of candles of all kinds is fresh and good. You will find him always ready to accommodate.

ACCIDENT.—Dr. G. W. Hoover was thrown out of his sulky on Sunday last, a short distance above Minehart's run, while on a professional visit, and seriously hurt. His head was badly cut, his legs also bruised and cut, and it is feared he may have sustained internal injuries. He was found on the road, carried to a house, and Dr. Van Valzah sent for, who dressed his wounds. Most of our roads are unfit for sulky driving, and we have often wondered that more accidents have not occurred from their use.

INTERESTING.—On Saturday evening last the barking of about half a dozen small dogs attacking a big one drew out a large bull dog, in Market street, when a general fight ensued among the canines. In a very short time not less than forty men and boys had gathered at the spot, apparently as much interested as the dogs themselves. In a quarter of an hour, growing tired of the sport, the dogs were separated, and the fellows dispersed to the street corners (some of them had run more than a square) to discuss the merits of the New Foundland and bull dog species. A very interesting affair, indeed.

DELICIOUS.—Have you tasted those fine, large, ripe Strawberries, of his own raising, kept by Charley Dalby? If not, you had better repair to his rooms, corner of Boreas and Mill streets, and try their flavor. He has also on hand at all hours Ice Cream, Cakes, Refreshments, &c. His rooms are pleasant, capacious, and Charley very accommodating to customers. Families supplied by the quantity. Call on him.

PLEASANT.—This pleasant, popular and profitable mode of enjoyment is not on the wane. People can find much true pleasure in the grand old woods, mingling with nature, admiring her beauties, and seeking enjoyment amid her shady bowers. The elder folk should seek more such enjoyment, giving their decrepid limbs to the pure summer air, thus gaining strength for time to come—not going in damp weather, however.

FOUR have been held already. The Apprentices' Literary Society contemplate holding one, the female department of the Academy are going out on Friday next, and several Sunday School classes are preparing for the same pleasure.

THE flag of the 1st Pa. Reserve Cavalry, long commanded by Col. John P. Taylor, of this county, has the following inscriptions on it, by which it would appear that regiment was engaged in many battles during the war:

ICE.—Peter Ort enjoys this summer convenience throughout the Borough every morning. Our citizens of course enjoy the benefit of it in hard butter, cold water, &c.

CANCER CAN BE CURED. Dr. Hebern, of Quincy, Illinois, cures cancer without knife, pain, or loss of blood, in from four to twenty-four hours; also treats consumption successfully.

HANDSOME DONATION.—The Gilpin Gold and Silver Mining Company of Philadelphia, of which H. FRYSENGER, Esq., of this place is Vice President, did a handsome thing on Monday night. A "button" of gold, worth \$43, being the first proceeds from a test-working of 250 pounds of quartz from the company's principal lode, [which, by the way proved the mine to be very rich,] had just been received from Colorado, and it was, by unanimous vote, donated to the Methodist Episcopal Fair, which had opened the same evening for the purpose of raising funds to build a "Home for Indigent Methodists." A company which thus begins its work can hardly fail to prosper.

A few cases of cholera continue to be reported in New York.

The Photographic Corps, which is taking views of the Pennsylvania Railroad passed over the Millin and Centre last week.

The only one who endorsed Clymer at the soldiers' convention at Pittsburgh was a twenty day militia man, who got hissed for his truckling.

The word Fenian is derived from Feoin in Erin (Irish militia). Fenian, which we also hear sometimes, is probably the Irish for democracy.

The number of deserters from the army from this congressional district was 297— from the draft 92. 41 reported under President's proclamation, leaving 348 Clymer soldiers who have no votes.

By the breaking of a wheel, a smash-up of freight cars occurred on Saturday night between Manayunk and McVeytown, completely wrecking eleven freight cars. No person was injured.

The Selinsgrove Times, a full-blooded democratic organ, says most American missionaries are liars and thieves. Is the "missionary" from over there who is selling a book to prove slavery divine, of that stamp?

Major R. W. Patton, we regret to say, has been quite ill for some time. Mrs. P. in coming down stairs on Saturday with her child fell, the noise of which caused Mr. P. to get out of bed, since which he has been worse.

A passenger train was thrown down an embankment of the Reading Railroad last week, killing two persons and wounding a number of others. Worth of the Lebanon Courier was in the cars, but escaped unhurt.

Snooks asks if one of our Borough fathers would fall and break a limb while passing over one of the broken foot boards at several gutters in town, if they would get the things fixed? We think they would.

The Fenian raid on Canada has resulted in the usual way of fools' undertakings. Our government has perhaps observed more neutrality than most people cared about, as few would have been sorry to hear that that rebel harbor had some of its own doses administered to it.

The proceedings of the Sunday School Convention at McVeytown came to hand last week after our paper went to press.— We publish them to-day, but hereafter if secretaries will not furnish us with such proceedings in reasonable time after the meetings, we shall throw them into the stove.

A cop paper in this State has got up a communication signed "a republican soldier," which says the soldiers will vote as they shot. It is a well known fact some good Union soldiers in front were shot from behind, and this fellow may be one of that class who did such shooting— hence a vote for Clymer would be quite consistent, as there is no doubt which way Clymer shot during the war.

The Logan Guards held a meeting last evening, and determined to attend the regimental flag presentations at Philadelphia on the 4th, under the first organization, which places Lt. Col. Selheimer in command as Captain. This company made the first morning report at Harrisburg, in 1861, the first at Washington, and having the right of the column through Baltimore and at Washington, were the first volunteers on the Capitol steps at Washington.

The solitude of Licking creek is at last disturbed by the scream of a steam whistle, a sawmill having been erected about two miles above Hough's. From thence they are constructing a railroad up the valley for the purpose of bringing timber to the mill, though so far as we could judge there is not much attention paid to grade or roadbed. The next few years may make great changes in that region.

In coming from Minehart's run, some days ago, we were pleased to notice that the river district had a sensible supervisor, who was cutting down steep grades, filling up hollows, taking out large stones, and best of all rounding the road bed.— That road, so long an eyesore to horse and driver, is assuming a genteel look, and a year or two more of such labor would make it as good as any country road in the county. The short turn over dough trough hollow and the road over Granville ridge ought however to be widened, both being entirely too narrow.

DIED. On the 16th MAY, at her residence in Decatur township, Mrs. ANNA KEARNS, wife of John W. Kearns, in the 88th year of her age. Her end was peace.

Lieut. Col. RALPH MACLAY, formerly Captain in the 49th P. V., and subsequently Lieut. Col. of the 36th P. V. M., during which he filled the post of Provost Marshal at Gettysburg, died at the residence of Dr. Matlay, in Milroy, on Monday last, after a long illness, aged about 55 years.

Sunday School Convention. The sixth annual Sunday School Convention of the Juniata District, East Baltimore Conference, Methodist Episcopal Church, met at McVeytown, Millin county, on Tuesday, May 29th.

The Rev. Thomas Barnhart, Presiding Elder of the District, President; and Rev. J. A. DeMoyer, of Emistville, and Mr. B. M. Greene, of Huntingdon, Secretaries. The number of Pastors in attendance was twenty-five, and some seventy-five representatives of Sunday Schools, beside three visiting Clergy, and numbers of Sunday School workers.

The Convention held sessions on Tuesday afternoon and evening, and on Wednesday morning, afternoon and evening; closing its meeting at 10 o'clock, P. M. The attendance at the meeting was very large, throughout, at times crowding every available space. Altogether the largest and best Convention as yet held in the District.

All Sunday School workers in attendance were cordially invited to take part in the discussions and exercises of the convention.

The Children's Meeting held on Wednesday forenoon was very interesting.— The Schools were escorted by the McVeytown Band—and entered the Church singing "Marching Along."

Impromptu remarks were made by the President, Rev. T. Barnhart, and Rev. J. A. DeMoyer. The addresses were delivered by Rev. J. A. Price, Mr. M. Mohler, County Superintendent of Millin county, and Mr. T. G. Bell. Singing, such as "Who shall sing if not the Children," "Gather them in," "Happy home," "If I were a Voice," "Pilgrim Band," "We'll stand for the Right," &c., were interspersed through the exercises.

The annual sermon before the Convention was preached on Tuesday evening, by the Rev. James Brads of Petersburg, to a large and attentive audience. The sermon was able, forcible and instructive, based on the command of Christ "Feed my lambs," (John 21, 15.) The speaker presenting the condition of children and their relation; and enforcing the duty of the text, from the consideration that food was provided in the word of God, and the opportunity offered in the Sunday Schools to feed the lambs. The sermon elicited from the Convention a vote of thanks to the speaker.

A number of questions were brought by the Committee before the Convention, and called out considerable discussion in which Clergy and Laity generally participated. The question "Would the introduction of Cabinet Organs, or kindred instruments, be promotive of good in our Sunday Schools?" perhaps called forth more earnest debate than any other, and resulted in the adoption of the following resolution:

Resolved, That we earnestly recommend the organization of our Sunday Schools into Sunday School Centenary Societies, wherever practicable, so as not to interfere with the Missionary Societies.

The following questions were also discussed: "What is the best method of opening and conducting Sunday Schools?" "What prominence should be given to Catechistical instruction?" "How can we bring in new scholars to our Sunday Schools?" "How can we enlist our members more generally in the labors of the Sunday School?"

Deeply interesting reports were given in the manner of conducting Infant Classes, by earnest workers, when the question "What is the best method of teaching infant classes?" was under discussion. Bloody Run, and the last Tuesday in May, 1867, at 10 o'clock, P. M., and to close on Wednesday night, was the place, time, and duration is fixed for the Seventh Annual Sunday School Convention of Juniata district.

Thanks were voted to the citizens of McVeytown for their hospitality—to the Secretaries, President, Railroad Cos., &c., for various reasons. A committee, consisting of the presiding elder, the preacher in charge of Bloody Run, the Sunday School committee, and Rev. J. Moorhead, were appointed to prepare a programme, &c., for next annual meeting.

On motion Resolved, That all delegates hereafter are expected to remain until the close of the Convention. Resolved, That upon the election of the delegates, the preachers are requested to inform the preacher at Bloody Run of only those who will attend, and whether male or female.

Mr. T. G. Bell, and a class of young ladies, at different times upon the call of the convention, favored the same with excellent singing.

If soldiers vote as they shot, how can they vote for the friends and well-wishers of rebels? Stick a pin there.

The barn of Peter Blosser, in Frankford township, Cumberland co., which was totally destroyed by fire, a few weeks ago, is supposed to have caught from some of Stonebreaker's rat poison, which had been spilled about the stable door, one of the ingredients of which is phosphorus.

Jonah Wood, Edward Grandon and Daniel Wright, living in the upper end of Green county, Pennsylvania had each a child born not long since. Wood gave to his the name of Robert E. Wood; Grandon that of C. L. Vallandigham; Grandon; and Wright to his offspring that of Jefferson Davis Wright.
