Cure for Snake and Insect Poison. This is the Smithsonian antidote for snake and insect poison: Ten grains of the iodine of potassium.

Thirty grains of iodine. One ounce of water, the solvent.

To be kept in a vial with a ground glass stopper, and applied externally to the wound. It is not to be taken as medicine internally. In using it no time is to be lost, as death often ensues from a snake bite in fifteen minutes.

Bites usually are inflicted on the hands or feet; and when this is the case, the first thing to be done is to stop the circulation of it within the blood, by applying a ligature to the leg or arm above the wound.

A pocket handkerchief, the suspender, a piece of rope, or strip of bark, in an emergency can be used; and a gun, umbrella or walking stick, or a limb of a tree, axe or hoe handle, can be made a tourniquet to tighten the bandage.

I would most respectfully invite the attention of the Ladies of this town and vicinity to our stock of Misses and Ladies Hats and Bonnets, which we will sell lower than ever offered before at retail.

Useful Information. How to make Preston's Essence of Salts, (for smelling, in headaches, etc.) Take Oil of Cloves, half a drachm, Oil of Lavender, one drachm, Oil of Bergamot, two and one-half drachms.

Ammonia, Carbonate of, one and a half ounces, powdered. Keep in well stopped glass bottles.

How to make a drunken man sober in one minute.—Give him acetate of ammonia, one and a half ounces, which immediately sobers him. It is a very cheap article, perfectly harmless, and is easily prepared in all good drug stores.

How to get a beautiful, clear, white complexion, and a brilliant appearance of the skin.—Prepare a wash out of benzoic acid and water. This is harmless, while the much vaunted nostrum of the stores contain more or less of white lead, a highly dangerous preparation.

How to make Extract of Rose-leaf Geranium.—Take three ounces of the Oil of Rose geranium, dissolve it in one gallon of deodorized alcohol. (By filtering alcohol through charcoal, the fusel smell disappears.)

How to make Mynisch's Acid Elixir (Aromatic Elixir).—Three and a half ounces diluted sulphuric acid; ginger, powdered, one ounce; cinnamon, one and a half ounce; alcohol, one and a half pint.

Offensive breath is cured very easily, and the mouth entirely disinfected, by washing the mouth with a solution of chlorinated lime. Carbo ligni (charcoal) is another disinfectant for the mouth.

For Sore Throat.—Take borax, powdered, dissolved in one ounce of glycerine and four ounces of water (hot), and use as a gargle. It is eminently useful in inveterate sore throat.

Rouge, to give the cheeks an artificial rosy hue, is made out of carthamine, the red principle of saffron, and finely powdered tale—a widely known cosmetic.

To dissolve gold.—Use a mixture of one part nitric acid and two parts muriatic acid. To be kept in well closed bottles and in a dark place.

Murps are very quickly cured by the application of acetate of ammonia, hot, on a piece of flannel.

To destroy corns without cutting.—Use glacial acid. Pearl White, a much-praised cosmetic, is identical with the sub-nitrate of bismuth.

Pearl White is only prepared chalk.
