BIT BY A COPPERHEAD.—The wife of Mr. John Settle, of Oliver twp., was bitten by a copperhead on Saturday last.—She was feeding some fowls and putting her hand in the coop to remove some of the young ones, was bitten on the middle finger. Whiskey and wine were administered, and Dr. Swartz sent for. Appliances were then made, and the patient is fast recovering. The snake had already killed four guinea fowls.

The following constitute the officers of the Grand Lodge of Good Templars of this State:

G. W. C. T.—Rev. J. S. McMurray, Altoona. G. W. C.—Benson M. Greene, Huntingdon. G. W. V. T.—Lizzie M. Street, Frankford. G. W. S.—L. Ellen Wright, Lancaster. G. W. T.—Richard Craven, Sharon. G. W. The barn of Major John W. Wilson, of Union township, was struck by lightning last week, but sustained no injury.

Prof. Fulmer's writing class will begin a second course on Monday. New pupils are entering almost daily.

George M. Freeburn has again commenced butchering on his own account, and will hereafter have beef, veal, mutton, &c., every market morning.

The railroad siding from Water street to Blymyer's warehouse is nearly completed, and when a crane is erected will be a great accommodation to Freedom Iron Works, Manns' Axe Factory, and other parties receiving coal by the canal. It required considerable filling, and in some respects has improved the street, but a foot walk from Woods' corner to the canal bridge ought by all means to be made.

A swindling transaction came to light the other day, in which John Hoefner, residing at the railroad station, was adroitly euchered out of \$15 by a bogus check. The fellow procured some blank checks on the bank, filled them up as wanted, got the cash, and when presented by the holders they were told there were no funds in bank to that name. In addition to Hoefner's, we learn that he succeeded in passing one on some party at Freedom Forge. Rascality is fearfully on the increase, so much so that it is almost impossible to know whom to trust nowadays.

The character of the Philadelphia Convention may be inferred from the fact that the Ohio democracy has appointed such men as Wm. Allen, Geo. H. Pendleton, and other notorious non-coordinating peace at any price democrats as delegates.

JOHNSON MEETING.—We have had Clymer and Johnson, and Johnson and Clymer meetings, composed exclusively of officehunting democrats, and now we learn from the Millintown Republican, a paper whose creed is "opposition to Patterson," that a meeting was held in Lewistown of those "opposed to the rule or ruin policy of the radicals," and a National Union Johnson Club formed, with the following officers:

President—Wm. C. Vines. Secretary—John Hamilton. Treasurer—E. C. Hamilton.

Conferees were also appointed to elect delegates to the heterogenous convention at Philadelphia on the 14th August, as follows: Representatives—W. C. Vines, Dr. A. T. Hamilton, W. N. Hoffman. Senatorial—John Hamilton, Joseph C. Hains, and Howard Helman.

We deem it proper to say that no notice of any such meeting was published, and if one was held it must have been in secret. The Republican, after sundry flourishes that all those names, as well as others, are in effect opposed to the amendments to the constitution, and of course in favor of admitting rebels to legislative power and greater privileges than before possessed by representing in full the four millions of blacks formerly held as slaves, winds up with the declaration:

"That to our efforts in the glorious cause, is due considerable of the credit of the movement in Millin county, as we have been assured by members of the club, that it was our fearless advocacy of the principles and policy of President Johnson, that first set our Johnson Republican friends there to thinking and working."

Perhaps it was, and perhaps it wasn't. The Hollidaysburg Whig also notices the meeting with a strong compliment to its members. It says:

"A National Union Club has been organized in Lewistown, with William C. Vines as President. A great outpouring of the spirit of wisdom must have taken place in the Radical ranks in Millin county. Among the proceedings of the club we notice the names of a number of men who, three months ago would have run a 'hip-and-tuck' race with Thad. Stevens, on the question of those love for 'down-trodden' Cuffee was the strongest."

How do you like that, Messrs. Vines & Co.? We give the above merely for public information, in order that no one in the Union ranks need be deceived by this movement. The Philadelphia convention, it is already pretty well understood, will consist of a MAJORITY of southern rebels, northern blue-light democrats, and copperheads, who will fuse in favor of Johnson, provided he will agree to give them the offices in his gift. The compact will also embrace the sale of the Pennsylvania democracy to Mr. Cowan, whom they are to agree to support for Senator. In case this move succeeds, it takes no prophet to foretell that Johnson Clubs must become hewers of wood and drawers of water to copperheadism, while the offices will go to the admirers of Jef Davis & Co. The Republican party is now, as it was during the war, THE UNION PARTY OF THE COUNTRY, and with its broad platform of at least partially punishing treason and giving security for the future, will yet triumph in its work, despite rebels, despite Johnson, despite copperheads, and despite those who, for the sake of office, are ready to worship the powers that be.

HOT WEATHER.—We have been experiencing as hot weather since Friday last as we remember for many years, the thermometer in the shade indicating excessive heat. The nights also have been unusually and unpleasantly hot, preventing many from sleeping comfortably in or out of beds. Our thermometer, hanging on a tree and well shaded, gave the following results:

Table with 3 columns: Morning, During Day, Evening. Friday, 13th, 75, 96, 92. Saturday, 14th, 76, 96, 91. Sunday, 15th, 73, 100, 91. Monday, 16th, 72, 101, 92. Tuesday, 17th, 74, 97, 91.

We learn from the Bellefonte Press of the 13th inst., that Wm. F. Campbell, who is charged with having killed the Constable (Samuel Bare) of Potter township, was arrested on Monday, 9th inst., in Knox township, Clearfield county, by three men of that vicinity. It is supposed that he was not aware of the gravity of the offence with which he was charged. He had gone to the house of his sister in that county, and sent her to his parents to secure his clothing and money. He was found in his sister's house in bed by the Sheriff and his party on Sunday morning last. They surrounded the house, and being well armed awaited his expected exit. The sheriff entered the house, and Campbell without shoes or coat sprang out of a window on to a shed, then down and into the woods. The party all fired at him without effect, and did not attempt to pursue him. Hugh Harpham, of Tyron, one of the party, was slightly hurt in the arm by a pistol ball fired, one party alleges by Campbell, but another account says by one of his own party.—Campbell was not armed when taken and is supposed to have been unarmed when attacked by the party with the Sheriff, Harpham, Cummings, &c. The facts can only be known when judicially investigated and we forbear comment.

Campbell attempted to run when he discovered the men who arrested him and they fired upon and wounded him in the shoulder. He is now here in jail awaiting trial.

His wound is not dangerous. The men who arrested him were his relatives, an relative also betrayed to the authorities.

his hiding place. It is supposed the reward was the motive.

The Burgess and Town Council passed an ordinance regulating the markets, by which they will be held as heretofore on Tuesday, Thursday and Saturday mornings. None but licensed butchers are allowed to peddle meat, though others may sell by the quarter, under a penalty of \$5.00. Peddling vegetables and other articles is also prohibited during market hours under a similar penalty. These hours are at present from 4 to 8 a. m. In addition to those heretofore mentioned, Charles Stahl has taken a meat stand, and we are pleased to note that our citizens generally are buying at the market. Let every one who needs anything also encourage gardeners by purchasing their stocks, and it will not be long before those having articles for sale will find it their interest to attend. As we have repeatedly said, the people can regulate this matter themselves by making it a rule to purchase their supplies at the market house, and as no rent is charged, except for meat stalls, there can be no excuse for not attending.

Middle Creek R. R. Meeting. Pursuant to public notice, a meeting [composed in the main of leading citizens], was held in the Town Hall, in Lewistown, on Thursday evening, July 12th, 1866, to consider the project of constructing a Railroad from Lewistown to Selinsgrove and thence to Northumberland, to be called "The Middle Creek Railroad," a company having been chartered for that purpose.

John A. Sterett was elected President, Wm. B. Hoffman Vice President, and H. Frysinger Secretary.

The President briefly stated the object of the meeting.

Andrew Reed, Esq., delivered a speech in favor of the construction of the road, showing conclusively that it would inure very materially to the benefit of the town and county.

Short addresses, encouraging to the enterprise, were also made by Hon. S. S. Woods and Mr. H. G. Taggart, (the latter from Luzerne county.)

On motion, Messrs. G. W. Elder, Andrew Reed and Wm. B. Hoffman were appointed to draft a series of resolutions, expressive of the sense of the meeting, and to be published as part of the proceedings.

Resolved, That the proposed route of the Middle Creek Railroad traverses through its whole length a district especially rich in timber, iron ores and agricultural resources; and one of the immediate results attending its construction, would be the early and rapid development of these interests.

Resolved, That the opening of this road would provide a shorter and cheaper route to the anthracite coal mines, and thus directly benefit the general consumer as well as promote our manufacturing interests, whilst it offers to the producer a short line to New York in competition with the lines already open to him.

Resolved, That we will heartily co-operate with our friends of other counties in their efforts to build this road, and urge our people promptly to subscribe for stock for that purpose.

Adjourned. J. A. STERETT, Pres't. H. FRYINGER, Sec'y.

To EAT.—Charley Dalby, at his rooms on the corner of Dorcas and Mill streets, keeps Oysters fresh from the shell, Chicken, Turtle and other Soups, Sardines, all of the best. CAMPAIGNS OF THE ARMY OF THE POTOMAC. By WILLIAM SWINTON. The Standard History of the Grand Army. THE Greatest Work on the War.

Universally endorsed by army officers and the press. THE AUTHOR SAYS: "I designed in this volume to record what that Army did and suffered in ten campaigns and two score battles."

"I shall have to celebrate the unswerving loyalty of that Army; that often when the bond of military cohesion failed, held it, unshaken of fortune, to a duty self-imposed."

"I shall have to follow it through a checked misfortune, a tale of mingled grief and glory, but from first to last I shall find it a grand and noble story, a story of winter and rough weather, of the Army of the Potomac never gave up, but made a good fight, and finally won the day."

"THE ARMY AND NAVY JOURNAL" SAYS:—"This is the only American critical work on the war. It is thoroughly critical and entirely devoid of all political bias or tones."

"This is the only History of the 'Grand Army,' and no one who has borne a part in its conflicts, or is interested in its grand achievements should be without it."

This work sells itself. The people are tired of political and partisan histories, and want something from every source. We have Agents, clearing over \$200 per month. Send for circulars, and see our terms and proof of the above assertion.
