

THE GAZETTE.

LOCAL AFFAIRS.

SOLDIERS OF 1812 can get an Annuity or Pension of \$40 per annum and a gratuity of \$40 in cash, in one week, by writing to J. B. EWING, Attorney at Law, 3d street, Harrisburg.

ACCIDENTS.—A cow owned by Robert W. Shaw was run over by the cars on the M. & C. R. R. on Wednesday last, and had both its hind legs broken, and was otherwise bruised.

A cow belonging to Judge Woods choked on an apple on Monday night last, and was found dead in the field next morning.

The Millin and Centre train ran off the track the other day at Mann's Axe Factory, but all hands we believe escaped without injury.

We hear it stated that Gabriel Lehr's family, at Mt. Rock Mills, were poisoned by eating rice soup. All the family were taken sick, as well as a Mr. Emory who boards there. The mere eating of rice soup could not produce such an effect, and it was probably caused by something mixed in the rice, or the utensil in which it was cooked.

ICE.—During the hot days of last week many no doubt felt the want of ice, and those who have it appreciate it as a summer luxury. Peter Ort continues to supply our citizens, and all who do not take it should engage at once.

ROBBERY.—Loop's shoe store was entered on Saturday or Sunday night, and things generally thrown about the shop. Some of the goods were removed, but what quantity we did not learn.

On Thursday night a week, we learn from the Democrat, some persons entered the dwelling house of John Hays, and stole a valuable gold watch and \$300 in money. The watch was taken from under Mr. Hays' pillow. The same night R. M. Kinsloe's house was entered and \$50 taken therefrom.

DEATHS.—George Sigler, Esq., of Decatur township, died quite suddenly last week while sitting in a chair.

Matthew B. Taylor, of Brown township, who visited Minnesota lately for the benefit of his health, died at Lake City a few weeks ago. His remains were brought home for interment.

BAD BOYS.—A few weeks ago eight lasses were cut off of a new fly net on a horse hitched at Frank's store. It belonged to Mr. Huffnagle of Derry township, and we hear he is willing to pay a reward for the rascals who did the mischief. The House of Refuge ought to have at least a dozen of young scamps from this town in it, in which case there would be less malicious mischief carried on.

THE MACHINE STILL PUFFING.—D. Grove has just received a new supply of those good Mess Mackerel. They can't be beat, some of them weighing three pounds. He has also cut a new cheese, which is superior to any he has had this year. Call and see his stock; you need not go anywhere else, for he has what you want, from a toothpick to a hoghead of sugar. Especially if you need toilet articles, he has just opened several stores of toilet soap, perfumery, &c., &c. And last but not least is his ice cream. Try it, and you'll be sure to go again, for he does make an excellent article, we bet.

GREAT WANT.—We hear the ladies of this place complaining greatly of the scarcity of domestics. Large numbers of house-keepers have no help, and tho' the full price for such services is offered, and of course would be promptly paid, girls are not to be had. If there are any in the country or neighborhood, or in the adjoining villages or towns, who understand the ordinary duties of domestics, and desire good places and fair wages, let them come to Hollidaysburg and we have no doubt they can secure for themselves good employers and good homes. Fifty, at least, are wanted at present.—Hollidaysburg Standard.

Domestics are also scarce here, though hundreds of girls from twelve years up are daily running about the streets, who do not earn the salt they eat at home. When we were a boy, the rule among all classes was that each boy was to earn his spending money for the year during complanting, haymaking and harvest. If parents here and elsewhere were to compel girls to earn their dresses, ice cream, cake and candy money by honest labor, they would spend less, dress less, and make better wives than most of them do. As it is, thousands of fathers and mothers are mere slaves to the vanity and pride of their children, who think it dishonorable and disgraceful to do that which their parents do daily.

A Horse belonging to Eli Price was considerably injured last week by a shaft running into him under the fore shoulder. A piece of paper thrown on the street, and suddenly blown up by the wind, frightened him, causing the accident.

Mathews & Grimmering, butchers, have also taken a stall at the market house, so that nearly all the butchers are there now. In addition to the others Peters and Griffith attended market with vegetables on Saturday morning.

Weather pleasant, with cool nights. John Bysart of Alexandria, Huntingdon county, was thrown from his timber wagon on the 11th, and so severely injured that he died on the 13th.

MENAGERIE AND CIRCUS.—Van Amburgh & Co's famous collection of Wild Animals and other curiosities will be exhibited at Lewistown on Friday a week, August 3d, when of course everybody will call to see it. Visitors have an hour or more to see the animals, when those who do not care for circus performances can speak of these exhibitions as orderly, and of the proprietors and attaches as gentlemanly and obliging, in fact we know the former to be so—from which it may be inferred that they desire to give a quid pro quo for the 50 cents admittance. It will exhibit at Belleville in this county on Thursday, August 2d.

John Dipple, of the Black Horse Hotel, yesterday presented us with some half dozen fine tomatoes—the largest of which weighed nearly two pounds—having raised them in his garden a little ahead of the gardeners about town. His patch is a curiosity, and we judge will yield 40 or 50 bushels.

A lady known as Mrs. Weston, died quite suddenly at the United States Hotel, Hollidaysburg, week before last. She was found in bed with her head and arms hanging over the side. She is said to have been the wife of an agent of a New York firm.

Railroad Meeting. According to notice, the citizens of Decatur township met at Stroup's school house on Saturday evening, July 14th, to take into consideration the project of the Middle Creek Railroad. Col. Wm. Reed was chosen President, and A. M. Ingram Secretary. The object of the meeting being stated by Mr. Taggart, books were opened and subscriptions to the amount of \$3,750 taken. There was great interest manifested by those present, and there is no doubt but that the amount of subscription will be doubled. After the books were closed, the following preamble and resolutions were adopted. Whereas, a charter has been granted by the Legislature to construct a Railroad from Selinsgrove, Snyder county, to Lewistown, Mifflin county, to be called the Middle Creek Railroad, and believing the said road would greatly enhance the value of property in Decatur township; therefore

Resolved, That as citizens of Decatur township, we approve of the speedy survey and completion of this Railroad, and will use all possible efforts to effect the same.

Resolved, That we have implicit confidence in the men who have undertaken to carry it through, and that we will second the effort by releasing our land, and subscribing to the stock.

WM. REED, Pres't. A. M. INGRAM, Sec'y.

Raymond of the New York Times says the idea that the President will use force to compel the admission of Southern rebels to Congress, "is purely an invention, or at best the crazy dream of a political nightmare," and then turns round and charges Congress with entertaining a project to use force against Johnson!—This crazy dream or political nightmare is weekly suggested by papers claiming to be Johnsonian, by rebel papers, by democratic papers, and was endorsed by the Reading convention of copperjohns.

WORKS OF NATURE. In a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improve their qualities; so long as it runs on smoothly the channels are kept pure and healthy; if the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnant. There is but one law of circulation in nature. When there is a superabundance of humoral fluid in the intestinal tract, and costiveness takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and those of its tributary streams. With the body, follow the same natural principles—remove the obstructions from the bowels with BRANDRETH'S PILLS, which never injure, but are always effectual for the perfect cleansing of the system from foulness or disease. Remember, never suffer a drop of blood to be taken from you. Evacuate the humors as often and as long as they are deranged, or as long as you are sick. See that B. BRANDRETH is in white letters in the Government stamp. Sold by all Druggists. jyls.

THE GREATEST DISCOVERY OF THE AGE. FARMERS, FAMILIES, AND OTHERS CAN PURCHASE NO REMEDY EQUAL TO Dr. Tobias' Venetian Liniment for dysentery, colic, cramp, rheumatic neuralgia, sore throats, toothache, sea sickness, cuts, burns, swellings, bruises, old sores, headache, mosquito bites, pains in the limbs, chest, back, &c. If it does not give relief the money will be refunded. All that is asked is a trial, and use it according to directions. Dr. Tobias—Dear Sir: I have used your Venetian Liniment in my family for a number of years, and believe it to be the best article for what it is recommended that I have ever used. For sudden attack of cramp it is invaluable. I have no hesitation in recommending it for all the uses it professes to cure. I have sold it for many years, and it gives entire satisfaction. CHAS. H. THIMMER. Quakerstown, N. J. May 8, 1866. Price, 40 and 80 cents. Sold by all Druggists. Office, 50 Cortlandt street, New York. jyls.

We are requested to announce LEVI GLASS, Esq., of Belleville, as highly qualified for the office of Associate Judge, and who would add strength to the ticket—subject to the decision of the Union Republican County Convention. jyls

AUGUSTUS M. TROXELL, of Lewistown, a firm and undeviating Union man, is recommended to the Union party of Mifflin county, as a suitable candidate for the office of Associate Judge. MANY CITIZENS.

The Johnsonites, finding that Randall's invitation to Southern delegates smells rather strong, have it reported determined to exclude active rebels from the Philadelphia convention. If they will exclude them as well as northern copperheads, the convention may go ahead and be dashed. We thought there was something wrong, as the blather-skites of democracy are not half as much Johnson as they were a few weeks ago.

The cop papers, from the Philadelphia Age down, pretend to a great deal of soreness because Clymer was not invited to attend the flag presentation at Philadelphia on the 4th. What in the name of common sense Clymer would want at a Union military celebration, is more than we can imagine, as he hadn't much admiration for such scenes during the war.

The Democrat always quotes the Philadelphia Daily News as a Republican paper. As the News and Democrat are pulling at the same tack, praising the same copperjohns, and both in favor of the Johnson practice that treason is no crime, there can't be any of the leaven of republicanism about it. The truth is the News sees Bread and Butter ahead—hence the trim of its sails.

The National Republican, a new Johnson paper established at Williamsport by P. S. Dunham, takes the copperhead view of the Constitutional Amendments by asserting that the one making all equal before the law confers suffrage on negroes. As another explicitly recognizes the rights of States to regulate suffrage, such an assertion is either the result of ignorance or political knavery, as no man in his senses who will read the different amendments submitted can come to such a conclusion.

Lieut. Gen. Grant has just issued an order directing all military commanders stationed in the late rebellious States to arrest all persons who have been, or may hereafter be, guilty of offence against any citizens of the United States, irrespective of color, in all cases where the civil tribunals have failed to bring such parties to trial, and to detain them until some decisive action is taken by the courts in their cases. As this is a virtual declaration of martial law, it strikes us that the reconstructed require a great deal of military rule to keep them in order.

P. S. Many of the above mentioned goods are direct from the factory, and will be sold low for cash. I will wholesale Glass Jars at the same figures they do in Philadelphia, and Tin Cans lower than the city price. For sporting and job work we intend to let no one outdo us in price. We use the best material, and profess to understand our business. I append the following card from H. S. Fisher, Patentee of my celebrated Spring Top Can: Caution to Merchants & Tinners. Since the great success of my cemented paper rings for closing Fruit Cans, some have thought to drift into the same current of success by infringing upon my patent. Some cans longer patented than mine, on which gum had been used under their patent arrangement, are now making their appearance with cemented paper rings, instead of the gum formerly used. In most cases such infringers have no other stores, while the manufacturers in the cities have for the most part concealed their work. This is to notify the public that the use of cemented paper, pressed upon the top of a fruit can, during the heated state of the fruit, so that when cold it is perfectly sealed, is an infringement upon my rights, unless used upon a can having a cap with my name stamped upon it. Any kind of cement upon this paper, undergoing a process of pressure during the cooling of the fruit, comes in contact with my patents, dated Nov. 12, 1861, Aug. 19, 1862, March 22, 1864. All who manufacture, sell, or use cans with cemented paper, which have not my name upon the caps, are liable for infringement. H. S. FISHER. Manufactured by J. IRVIN WALLIS. je13
