LOCAL AFFAIRS.

ACCIDENT.—A sad accident happened in Granville township on last Wednesday, the 5th inst. Enoch Moyer, who was setting a threshing machine at a neighbor's, was informed that a pig had fallen into his well, when he with Mr. Bratton, one of his assistants, started to get the pig out. On their reaching the well, Mr. Moyer took off his hat and shoes and commenced to descend, which he could easily do on account of its being very narrow; on reaching the bottom, he found it necessary to have a board or rail; he came up, threw a rail down and then went in again; finding it not enough, he asked Mr. Bratton to send a rail down with the rope, which was done; a chain was also sent afterwards, which he looped around the pig and tied it to the ball of the bucket; he then ordered Mr. Bratton to draw. He was told to come up first, but declined. The pig was then drawn to the top of the well, when Mrs. Whitworth took hold of the crank, and while Mr. Bratton was preparing to take hold of the pig, it struggled and threw a stone down, weighing probably about 40 pounds, which fell 40 feet and struck Mr. Moyer on the back part of his head. The neighborhood gathered together and took him out, when an inquest was held and a verdict rendered accordingly. Mr. Moyer was 44 years, 9 months and 8 days old, was a much respected citizen, and leaves a wife and three children to mourn his loss.

A dwelling house on the Hulings estate, above Hope Furnace, occupied by Mr. S. Lyter, was destroyed by fire on Wednesday last. Fire had been kindled in the cooking stove, and while Mr. L. was attending to some matters on the farm, his wife discovered that the upper part of the house was in flames. The children were got out, also a few small articles, but everything else was consumed. The loss falls heavily on Mr. L. who is a poor but hard-working man.

The spell of dry weather was broken on Sunday last by copious showers of rain, which with occasional intervals, continued to fall until yesterday. Gen. Geary will attend a meeting of the Boys in Blue at Huntingdon on the 18th August.

FATAL ACCIDENT.—The Juniata Sentinel says: "Major Daniel W. Flickinger, a well-known and worthy citizen of Turbett township, Juniata county, was fatally injured by a freight engine at Perryville, on Thursday afternoon last. The Major was walking between the two main tracks carrying a pail of water to some hands he had engaged in snaking ties from the mouth of the creek at that place. The train approached him from behind; he was called by his men warning him of his danger, but being apparently engaged in deep thought at the time, he came confused in his efforts to escape and unfortunately stepped on the track immediately in front of the engine. His right leg was smashed and his head badly bruised. He was taken to the house of Dr. G. M. Graham, where his leg was amputated and his other wounds dressed. He lingered until Saturday evening when he died. Major Flickinger held a number of offices of trust in this county, and was always foremost in every laudable enterprise. He was also a prominent member of the Presbyterian Church at Perryville, holding an eldership in that body. He leaves a wife, ten children and a large circle of friends to mourn his sudden death."

A SINGULAR CASE.—A case of alleged forgery was tried last week in Blair county. Henry Ake, Esq., a merchant doing business at Williamsburg, charged David Ditch, a German farmer, of Huston township, with having forged a receipt (signed by Mr. Ake) for one hundred bushels of wheat. The defendant had dealt with the proprietor for a number of years, and their accounts would run for several months without settlement, which was generally effected by comparing the receipts in Mr. Ditch's possession with the entries in Mr. Ake's store books. On comparing receipts in January last, Mr. Ake threw out the one above named as a forgery, alleging that he had never received the wheat. Mr. Ditch insisted on the genuineness of the paper, and suit was entered against him for forgery. On the trial Ditch proved that he had loaded the grain and landed it to Williamsburg, but failed to prove its delivery to Ake. He proved, however, that he had refused to sell to another dealer in the town, and the inference was strong that he had delivered it to Ake, to whom he was indebted at the time. The case was very warmly contested, and the jury found a verdict of not guilty, and that the prosecutor pay the costs.

SAD ACCIDENT.—A young man named Ritter, residing at Mill Creek, on Wednesday last, while attempting to jump on a freight train, near Huntingdon, was thrown under the cars and so horribly crushed and mangled that he died the same evening. Another warning to those who attempt to get on a train of cars while in motion.

Mr. Geary and his soldiers. Mr. Editor.—While looking through your paper of August 1st, I saw a piece taken from the Democrat which stated that Gen. Geary had put a guard over a spring to keep nice for himself and staff. I do not only believe the story to be false, but a copperhead production. I was in his command in the 3d Maryland vols., and never heard of such a transaction; but I have known him, when soldiers have complained of not getting their dues, investigating the case, and if true, the offender whoever he might be, brought to justice—whether that soldier had been wronged out of money by his officers, or clothing, rations, or any thing else.

A MARYLAND UNION SOLDIER. On the 1st inst., the work of altering the Columbia Dam to permit shad to pass up was commenced.

BLACK AS A CROW, a few years since, was many a splendid head that is now grey or grizzled. Why a rest to the yet-unwinked brow is raven honors? Five minutes of feet the splendid transformation. In less time than a rite man would take to

PURIFY THE BLOOD. If the blood be pure the body which is formed from and by the blood cannot be diseased. But if there be in any part of the body any affection, such as a boil or ulcer, even a bruise, the blood circulating through that part takes up impure matters from the local affection and carries it into the general system. This is the cause often of sudden death to persons of full habit afflicted with boils and ulcers, and who use no medicine; the matter gets into the circulating system and chokes up the fine blood vessels which supply the brain with vitality, and life ceases as if

BEREFT BY LIGHTNING. Now, this can be remedied. BRADRETH'S PILLS take all impure matters from the circulation, and save the general health, soon curing local affections also. BRADRETH'S PILLS protect from tedious times of sickness and often save life. Sold by all Druggists. aug15

PICTORIAL HISTORY OF THE GREAT Civil War in the United States, BY BENSON J. LOSSING, GEORGE W. CHILDS, Publisher, 628 & 630 CHESTNUT ST., Philadelphia, Penn'a.

The first volume of this work is now ready for delivery; it will be completed in three volumes, of over 600 pages each, printed on fine calendered paper, and handsomely illustrated with nearly 2000 fine steel and wood Engravings, in the most stylish of the art, from designs by Mr. Lossing (who in their preparation has traveled 20,000 miles), representing headquarters of officers; weapons and ships of war; forts, arsenals, medals of honor and other gifts of gratitude; costumes of soldiers, arms and accoutrements; prisons and other buildings made memorable by the war; fac-similes of important documents and autograph letters; maps of battle-fields, sieges and plans of fortresses—the whole illustrating every important event in the late civil war.

The work, when finished, will be the most correct, reliable, impartial and handsomely gotten-up history of the war published. The three volumes will be issued at a cost of \$50,000. It has been written since the conclusion of the war, from both Union and Confederate official documents, and private journals of officers of both armies, not accessible to, nor used by previous writers; arranged in a clear and concise manner, with that impartial and well-balanced judgment for which the author is so well known. Mr. Lossing had every facility offered him by special direction of the War and Navy Departments, Governors of States, and by the late and present President, for visiting camps, forts and fleets, while the war was in progress and since the conclusion.

We can assert with truth that it is the first conscientiously written history of the war that has been given to the world since its close. It is neither one-sided as to its facts nor as to its conclusions. New York Times.

Mr. Lossing possesses some peculiar qualifications for the preparation of a history of the war. To writing industry, he unites a quick sense of that which possesses interest and attractiveness for the multitude. His pen and pencil are alike faithful and accurate in reproducing men and the scenes in which they were actors. New York Tribune.

To any one who is familiar with Mr. Lossing's other works, it is hardly necessary to say that the materials for the present one have been gathered and selected with eminent industry and good judgment, and put together with the skill of an accomplished writer. The book is a rich storehouse of historical facts, and moreover a very entertaining volume to read. It is so different from all the other histories of the war, that it cannot readily be compared with them.
