#### MISCELLANY.

## The New Orleans Massacre.

In order that our readers may see the very best coloring that can be giv-en to the New Orleans butchery of Union men, we quote the following extract from the correspondence of the New York Times, the organ of President Johnson. Singularly enough the letter is headed with display lines indicating that the letter is to correct the "Radical falsehoods" about the riot .--The writer was on the spot and witnessed the massacre. He says:

The mob and the police filled the sidewalk and the stairway of the building. Shots were fired through the windows from both in and outside, and bricks, paving stones, clubs and other missiles were thrown from both directions. A gentleman named Cox came down stairs and was arrested ; but on stating that he was merely a spectator was released, and walked across the street, where he shielded himself on a door-step. From his position he could see inside the building which he had just left, and he states that only one person after him came out without being killed or badly wounded as they came down stairs by the police and the mob of rioters accompanying them Gov. Hahn, who is lame and walks with a crutch, was met on the stairs as he came down, and escorted out to the curb stone by two policemen. On reaching the sidewalk he was surrounded by about twenty persons, who beat him on the back of the head with clubs, and he received a severe stab in the back, also a pistol shot from behind. It is probable that this shot was fired by a policeman. On reaching Canal street he was placed in a carriage, and under the charge of the Chief of Police was taken safely to the lock-up. He owes his life to the chief and his squad, as they prevented him from being lynched. Fish, Hen derson, Shaw and other members were treated likewise. On reaching the foot of the stairs they were beaten by the police and the mob, and after being rendered insensible were dragged on to jail. An attempt to lynch Fish was made on Canal street, but the police in charge of him prevented it, although they nearly killed him themselves by beating him with the butts of their pistols. But few freedmen were arrested coming out of the building, as they were nearly all shot dead at sight. The Rev. Mr. Horton, a clergyman from New Hampshire, now in charge of a church in this city, offi ciated as chaplain of the Convention. I heard his prayer at the opening, in which he asked fervently that the lives of the members might be spared, and thanked God that peace had been declared in Europe, praying for the same blessing in this country. In a habit peculiarly ministerial, one which distinctly marked him as a clergyman, he came down stairs with a white handkerchief on his cane, intending to surrender himself peaceably. He was met, knocked down, trampled upon, kicked and beaten nearly to death, while begging for mercy. The police and the rioting friends were his assailants. Dr. Dostie, intending to surrender himself, also came down. He was shot, stabbed, and treated in the same manner as Horton, although he implored the ruffians to take him prisoner and spare his life. It is probable that both Horton and Dostie will die. These details suffice to show how the arrests were made. R King Cutler and Judge R. K. Howell, escaped without much injury, and chancing to fall into the hands of humane polieemen were conveyed to prison almost uninjured. The police impressed the baggage wagons of an express firm in this city to carry off the dead; one load, consisting of eight or ten bodies, had two living men at the bottom. They were wounded, and would perhaps have died; but they had life enough left in them to struggle for air. An eye witness, whose name I can furnish, says that a policeman mounted the cart, and shoving his revolver down between the bodies on top, killed the poor fellows, with one shot for each. The fiendish thirst for blood which seemed to possesssome of the rioters was too brutal for even the imagination of a savage. Their eyes gleamed with it, and rolled in their sockets, their tongues protuded from their mouths, parched and shriveled almost, and their voices grew husky from demoniac yells. I have no doubt but that some of the policemen and rioting whites were wounded by members of their own party, as some of them seemed possessed with a desire to shoot at human beings regardless of caste, color or sex. No females were hurt, that I know of .--Houses were pillaged, but the outrages were most confined to the Institute.-One man in a livery stable deliberately took up a rifle and killed a negro who ran through the door looking for a place of refuge. It is impossible to give you any more details than I have without going beyond the limits of my desire to furnish only authoritative statements. I saw with my own eyes almost everything that I have described, and have responsible witnesses for all the rest. I have not accepted any rumors; but as I was fortunately "on the spot," I am able to give you the facts. E. P. B.

# Caution to Merchants & Tinners.

Since the great success of my cemented paper rings for closing Fruit Cans, some have thought to drift into the same current of success by infringing upon my patent. Some cans longer patented than mine, on which gum had been used under their pat-ent errangement er now melling their apportune. rrangement, are now making their appearance emented paper rings, instead of the gum form-

with cemented paper rings, instead of the gum form-erly used. In most cases such infringements take place thro' persons not responsible, who take orders in country stores, while the manufacturers in the cities have for the most part concealed their work. This is to notify the public that the use of cemented paper, pressed upon the top of a fruit can, during the heated state of the fruit, so that when cold it is perfectly scaled, is an infringement upon my rights, unless used upon a can having a cap with my name stamped upon it. Any kind of cement upon this paper, undergoing a pro-cess of pressure during the cooling of the fruit, comes in contact with my patents, dated Nov. 12, 1861, Aug. 19, 1862, March 22, 1864. All who manufacture, sell, or use cans with cemented paper, which have not my name upon the caps, are liable for infringement. Manufactured by J. IRVIN WALLIS. jel3
