LOCAL AFFAIRS.

HIGH WATER.—The rains last week were unusually heavy at the head waters of the Juniata, and on Friday the river rose rapidly, about a foot an hour, until it covered the towpath below town. Some gardens along the creek were partially inundated, but otherwise no damage was sustained here. Above us however considerable injury must have been suffered, as a large number of rails came down with the drift, which as usual enabled quite a number of gatherers to lay in a supply of wood. The second railroad bridge, (Mayes') was in course of alteration to an iron, and the trussels being carried away railroad travel was delayed on Friday, cars being shifted from one side to the other, but the timbers having been replaced in the arches, trains again run regularly on Saturday morning.

Grove, who is continually getting up some choice article for family consumption, has some fine fish on hand just now, as we can testify from some specimen of shad he sent us. Whoever wants good things generally calls there, as he has about everything from a stick of candy to a whangdoodle.

Charley Stahl is now extensively engaged in butchering, and to those who call in time on market mornings can furnish choice beef, pork, veal, mutton, sausage, pudding, ponhaus, &c.

We omitted to mention last week that it was the KEYSTONE BAND OF NEW-TON HAMILTON, and not the McVeytown, which serenaded the Gazette office as well as a number of other places, and furnished our citizens with some excellent music from Dipple's balcony, on the first October. The Keystone is a first rate institution, composed of good fellows thro'out, and we regret the error was made.

John Ruble, of Ferguson's Valley, a whole-souled republican farmer, called on Saturday and left us half a bushel of splendid apples, comprising seventeen different kinds, and says if anybody can present the Gazette with finer apples or a choicer assortment, he should like to hear that it was done.

Henry Book lately presented us with an apple measuring over 14 inches in circumference, and Simon Wittinmeyer left us some quinces, the finest we have seen this year.

Mr. Samuel H. McCoy has the thanks of the boys for a basket of choice apples.

ACCIDENTS.-Election night was rainy and dark as dark could well be, and several narrow escapes from injury were made. A brother of Mr. Lee, Superintendent of Freedom Iron Works, and a gentleman from Philadelphia, undertook to drive out from town on that night, and horse, buggy and men went down into 56 Cortlandt Street, New York. Kishacoquillas creek from the high bank this side of Mt. Rock Mills. Both gentlemen were considerably injured, being both bruised and cut, and as one of them was under the buggy when it upset in the water, it is a matter of wonder that they escaped with life. Dr. Marks was called in and dressed their wounds.

George Stahl received a hurt the other day by the falling of a beef at the slaughter house, the beef-tree striking him on

IMPORTANT TO FARMERS.—The Rural American, which is advertised in this issue of our paper, is offered free three months, and it is a very valuable publication to farmers, and all persons engaged in rural pursuits. Indeed, we know of no paper of its class that surpasses it; and it is considered by many to be the bestthe most practical agricultural and horticultural periodical in this country. The price, only \$1.50 a year, is low for such an elegant, well edited paper; yet every subscriber receives as a GRATUITY, about the same amount in very choice grape vines, raspberry and strawberry plants, fine engravings, &c. See full details in advertisement.

MIDDLE CREEK RAIL ROAD.-The Board of Directors of this company, whose election we noticed last week, have made the following appointments:

Treasurer-E. L. Benedict. Secretary-John A. McKee. Attorney-Joseph Alexander. Engineer-F. C. Arms.

The engineer and his corps arrived here on Monday evening, and began the work of surveying the line of the road on Tues-

Robbery.-About a week since a journeyman barber decamped from the shop of Emanuel Bach, in this place, with \$90 or \$100 in his possession, belonging to the proprietor. He walked to Millerstown next day, and got aboard the night train, on which Emanuel was also in. Finding did Bach also, to get the constable on his

Mount Union, in consequence of running over a cow. The engineer, Mat. Vandevender, had both his ankles sprained by jumping, and his back hurt by being struck by a car. The fireman, Napoleon Griffith, was caught under some of the cars and instantly killed.

A HUMBUG.

HOW often we hear this expression from persons reading advertisements of Patent Medicines, and n nine cases out of ten they may be right. It is over 9 years since I introduced my medicine, the VENE MAN LINIMENT, to the public. I had no money to advertise it, so I left it for sale with a few druggists and torekeepers through a small section of the country nany taking it with great reluctance; but I told then to let any one have it, and if it did not do all I stated n my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by per ons present. I was, by many, thought crazy, and that would be the last they would see of me. But I enew my medicine was no humbug. In about two ohths I began to receive orders for more Liniment, some calling it my valuable Liniment, who had re sed to sign a receipt when I left it at their store .-Now my sales are miliions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhea, Dysentery, Colic Vomiting, Spams and Sea-sickness as an interna remedy. It is perfectly innocent to take internally, see oath accomplnying each bottle,—and externally for Chronic Rheumatism, Headache, Mumps, Frost ed Feet, Bruises, Sprains, Old Sores, Swellings, Sore Throats, &c., &c.
