CENTENARY SERVICES will be held in the Methodist church on Sabbath next. An appropriate sermon will be preached, and the hymns to be sung were written for the occasion. The Methodist Church has become a mighty bulwark in the Christian world.

SINGING SCHOOL .- John Clark has resumed teaching singing school, and his class will meet at the Apprentices' Hall on Thursday evening of each week, and the Juvenile Class on Saturday afternoon at 2 o'clock. Every child ought to be taught to sing, as it is not only a pleasant recreation but a desirable accomplishment.

PARKER & Sons are receiving their supply of new fall and winter goods. For ladies' dress goods, calicos, &c., and groceries, or anything else in their line, you will find them cheap. No charge for looking, call and see the stock.

SOMETHING NEW .- McKees', at their leather store, Odd Fellows' Hall, are selling a French Dressing for ladies' and children's boots and shoes, trunks, harness, carriage tops, &c., which upon trial will prove an excellent article. No further need of you wearing red and ugly looking shoes, for the application of this dressing will cause them to brighten up as new. The leather will not harden and crack, nor will the fluid soil the skirts. Price 30 cents. Try it, we did and found it genuine. 11 II F V 31

PROF. BARNITZ'S Night School continues its tri-weekly sessions in the Town Hall, and the course of instruction pursued gives general satisfaction. While a few of our young people are wisely taking advantage of this opportunity to learn, there are many others not traveling the highway to knowledge. Young men, seize upon this chance to study as you would upon gold, as you may never meet a like season for improvement in your lifetime again.

APPLES IN VARIETY .- Isaac Aurand, of Ferguson's Valley, presented us the other day with specimens of the following apples, which it will be seen exceed Mr. Ruble's by five varieties. We are glad to notice this taste for the cultivation of choice fruit, which not only pays but must be a source of much gratification to the grower. Mr. Aurand's varieties are as follows:

Red Streak Pound Black Jack Winter Strawberry Paradise Tulpehocken Ponnd Filson Red Streak Green Pippin Fa'l Strawberry manites Smoke House Grindstone enic English Rambo Yellow Pippin Red Rose Fall White Pippin Sweet Vandever Winter Sweet Bell Flower Rambo

WOODRUFF'S BAROMETER and Thermometer combined, for which Wm. J. Fleming is the agent for this county, is no doubt one of the best instruments of that kind ever got up for general use. Every farmer should have one, for where he weather is so essential as it is to form.

In Juniata county Clymer's majority is 298; Bower for Congress 336 over Miller; Walls for Associate Judge has only 2 over Wilson, while Milliken has 180 over Pomeroy; Reynolds for Prothonotary has 207 over Thompson; Sahm for District Attorney 235 over Lyons; Diven for Commissioner 331 over Weiser. The vote for Assembly is as follows, clearly showing that is now a century old, and in that period Clymer was sacrifieed to the extent of at

Special Notices. Reduction in Price

OF THE AMERICAN WATCHES, Made at WALTHAM, MASS.

I consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed With Gold at Par, so that no one need hesitate to buy a watch now from

the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches. have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public be came acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred workmen. We are fully justified in saying that we now make MORE THAN ONE HALF OF ALL THE WATCHES

SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade-marks on the plate :

1. "American Watch Co." Waltham, Mass. 2. "Appleton, Tracy & Co." Waltham, Mass. ** P. S. Bartlett," Waltham, Mass.
 ** Wm. Ellery."

5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co." Waltham. Mass. 6. Our next quality of Ladies' Watch is named "P.

S. Bartlett," Waltham, Mass. These watches are furnishes in a great variety of sizes and styles of The American Watch Co. of Waltham, Mass., author

rize us to state that without distinction of trade-marks ALL THE PRODUCTS OF THEIR FACTORY ARE

FULLY WARRANTED to be the best time-keepers of their class ever made

in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may be always exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches. CAUTION .- The public are cautioned to buy only

of respectable dealers. All persons selling counterfeits will be prosecuted. **ROBBINS & APPLETON**, AGENTS FOR THE AMERICAN WATCH COMP'Y

A HUMBUG. $H^{OW}_{\ \ reading \ advertisements \ of \ Patent \ Medicines, and$ in nine cases out of ten they may be right. It is over 19 years since I introduced my medicine, the VENE TIAN LINIMENT, to the public. I had no money to ad vertise it, so I left it for sale with a few druggists and storekeepers through a small section of the many taking it with great reluctance ; but I told them to let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by per sons present. I was, by many, thought erazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two mohths I began to receive orders for more Liniment, some calling it my valuable Liniment, who had re fused to sign a receipt when I left it at their s Now my sales are miliions of bottles yearly, and all for eash. ing, any observant man can soon learn the indications for fair or stormy weather. The editor of the American Agriculturist speaks of it as follows:

We have watched the barometer for mahy years, and seldom if ever knew a change from wet to dry, or the reverse, that was not indicated by a rise or fall of the mercury. And most of these changes are governed by definite rules, upon which all scientific men have agreed. There are local or general exceptions to these rules, as when the atmospheric pres-sure is modified by the direction or velocity of the wind. But these are only exceptions, which careful observers must necessarily learn partly by experience, and must take into account. We assert positively and without fear of successful refutation, that any careful, observant man, who will rightly watch a good barometer, will soon learn to predict the ap-proach of wet or dry weather, from two to twenty hours in advance, in a very large majority of cases. A watch is useto a savage who can't tell the time. We repeat unbesitatingly, that a barom-eter is of very great value to every farmer immediate approach of a storm. To be most highly useful, it must of course be carefully observed. . The novice may, and probably will, sometimes fail, and the arcless man will often do so, owing to he occasional exceptions to genearl rules which he may not have learned to pro-plants, &C., FREE TO SUBSCRI the occasional exceptions to genearl rules which he may not have learned to provide for in his calculations; yet with this drawback, it will be of great use to any ne who is willing to devote the slightest are and attention to the instrument. We we no personal interest in any particular form or manufacture, but we have laterly commended and placed in our pre-nium list those made by Charles Wilder and called "Woodruff's Mercurial Barotheter," because its particular form ren-ders it so portable and convenient, as well as for its general good make, and we shall do so again. The permanent character and portability of the Woodruff instrument, impels us to place that above all others of similar cost for common use.

The Great French Remedy. DR. JUAN DELAMARRE'L

CELEBRATED SPECIFIC PILLS.

Prepared from a prescription of Dr. Juan Delamarre Chief Physician to the Hospital du Nord ou Laribossiere of Paris,

This valuable medicine is no imposition, but is unfailing on the cure of Spermatorchie or Seminal Weakness. Every precise of Genthal or Urthary Tertability, Involuntary or lightly Seminal Emissions from whatever cause produced in however severe, will be specifily relieved and the organs estored to healthy action.

Read the following opinions of eminent French physicians: We have used the Specific Pills prepared by Garanciere Dupont, No. 214 Rus Lombard, from the prescription of . Juan Delamarre, in our private practice with uni-rm success, and we believe there is no other medicine so we'l calculated to cure all persons suffering from Involu-taty Emissions or any other weakness of the sexual or cans, whether caused by a sedentary mode of living, e cesses, or abuse.
