ma, The Messrs. Pratts have arranged and shelved the second story of their business house, and now have the largest and finest assortment of goods of latest and choicest styles ever exhibited in this county. They are honorable and enterprising men, and must be successful .-Read advertisement headed, Etwas fur Die Leute.

New Goods.-The public will please take notice that Hamilton's Store has been replenished with a new stock of seasonable goods, such as Calicoes, Delains, Alpacas, French Merinoes, Shawls, Hoods, Gloves and Hosiery. Also Cassimeres, Jeans, Satinets and Cloths for men's wear. With a good assortment of Umbrellas and Woolen and Cotton Flannels, with a great variety of other goods, all of which will be sold as cheap as the nov7-1m.

SWEET CIDER .- Grove has the best eider we have ever tasted-it is as sweet as when taken from the press. He has also cut a fresh cheese, which is excellent. Give him a call, and try for yourself.

THE BIG TANNERY.-We lately paid a visit to the extensive tanning establishment of Messrs. Spanogle & Co., which is now rapidly approaching completion .-This is one of the largest (if not the largest) brick steam tannery in Pennsylvania, the whole building being under a slate roof. The main building is 231 feet in length by 45 wide, with a wing 195 long. The bark shed is 180 feet long by 35 wide, and is reached by a railroad siding of 1,000 feet. The building contains 210 vats, 28 leeches, and 8 pools, with all necessary requisites for running water, liquor, &c. The drying and other rooms are to be heated by means of steam pipes. The engine, which was built by Reese, Slagle & Foust, of this place, is 25 horse power, and was set in motion on Monday last, and found to be an excellent piece of workmanship, complete in all its parts. Among other features in the building is an Archimedian screw, which performs the work of carrying water up hill.

THE GARDEN .- Now and then a pleasant sunny day in late Autumn breaks in upon us, as if to admonish us not to leave many such go by without performing the numerous outdoor fall labors. They cannot be better employed than by clearing the yard and garden of whatever rubbish may have accumulated in the summer months. There are tomato vines, stumps of cabbage, some late weeds and other useless plants, all of which should be cast out, root and branch. It will not be re- no gretted when Spring opens to find your garden clean and inviting-ready for spade and rake.

LEG BROKEN.—Mr.Conrad Ulrich, sen., had his leg broken on Friday a week. "It appears he was on top of a load of straw, ich was being hauled from the Shenfelder farm, behind the ridge, to town, and, on the way, the wagon leaned to one side causing him to fall off, and by striking a stone his leg was broken. Dr. T. Howard Van Valzah set the bones, and Mr. U. is doing as well as could be expected.—Democrat

Col. John Hamilton, of this place, has been appointed U.S. Assistant Assessor for Mifflin county, vice Joseph Milliken, This is an excellent appointment. Col. Hamilton is one of our best citizens, and, as a Johnson Republican, did efficient service during the late campaign for the whole Democratic ticket .-

Notwithstanding Col. Hamilton's "efficient services in the late campaign for the whole democratic ticket," his commission has not yet arrived, and consequently Joseph Milliken, who has creditably filled the office for some years, continues to discharge its duties. We would recommend the Col. to apply for something else, as few seem to desire to see Mr. Milliken removed, and as he also seems to be a harder nut to crack than was supposed.

Look out for the meteoric shower on Tuesday or Wednesday next.

S. W. Barr, Esq., late Register and Recorder of this county, has taken up his residence in Williamsport.

We have a rumor that a former resdent of this town had made way with his wife, and another that he had made an attempt at suicide himself. The stories are so wide apart that we can make nothing reliable out of them.

Reduction in Price

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground, and give accommodation to more than eight hundred

A HUMBUG.

HOW often we hear this expression from persons reading advertisements of Patent Medicines, and nine cases out often they may be right. It is over 19 years since I introduced my medicine, the VENE-TIAN LINIMENT, to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of the country, many taking it with great reluctance; but I told them o let any one have it, and if it did not do all I stated on my pamphlet, no one need pay for it. In some stores two or three bottles were taken on trial by perons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. In about two mobths I began to receive orders for more Liniment, some calling it my valuable Liniment, who had refused to sign a receipt when I left it at their store.-Now my sales are miliions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diarrhea, Dysentery, Colic Vomiting, Spams and Sea-sickness, as an interna remedy.
