DR. UP DE GRAFF.-This distinguished Physician from Up De Graff's Eye and Ear Infirmary, is stopping at the National Hotel, Lewistown, and will remain until the 15th December. The Doctor will cure all blind persons, no matter whether born blind or otherwise (if the eyes are not run out), Deafness, Cross Eyes, Club Feet, Deformed Limbs, Cancer, Tumors and all other diseases. Consumption and Throat diseases are treated by the "Atomiser," a new invention by which the medicine is thrown into the lungs. Of the hundreds treated by this new process there is none but are cured, often but a few days being necessary. Rheumatism can be cured in a single day. Call and see the thousands of certificates. Physicians are kindly invited to call, as the Doctor has no secrets, and will be pleased to give any information desired.

The Peak Family of Bell Rigners, and the celebrated Berger Family, will give an entertainment at the Town Hall to-morrow (Thursday) evening. The music produced by one hundred and twenty bells, by the juvenile silver cornet band, by the harps, violins and other instruments, beside the fine singing by the troupe, make up a treat for all persons of musical taste, rarely equalled. As many of our citizens have heretofore heard the Peaks, it is unnecessary to do more than make the announcement of their coming.

CONCERT.-Prof. Custer and his Juvenile Singing Class will give a concert of vocal and instrumental music, in the Town Hall, on Saturday evening next. Admission 25 cents.

Prof. C. has been teaching a large number of the juvenile population, and now introduces them to the public in chorus and song. He deserves a full share of favor and patronage.

THANKSGIVING DAY .- Thursday last was generally observed by a suspension of business, and of course it was kept in all manner of ways. Union services were held in the Presbyterian church, in which most of the ministers in town participated, Rev. Mr. Reimensnyder delivering a suitable disconrse. The Mendelssohn Association were in attendance, and sang the hymns, as well as opening and closing pieces, with much taste.

A large number of persons shouldered their rods and spent the day in fishing for suckers at McAtee's dam, where large numbers have been caught; others started with rifles and guns and scoured the mountains for game, but with little success: and a third class followed up the hundreds of snares for rabbits on the hills and ridges. At Eisenbise's saloon a prize game of billiards was on foot-a handsomely finished cue being the prize. It was won by Will Rittenhouse, who, although only about 18 years of age, is said to be the best player in the county. In the evening, or rather during the night, a hop or ball was on foot at a house near

Messrs. Pratt sent us a sample of their Syrup Molasses last week, which all who have tasted it pronounce equal to any ever on the table. Their white sugar is also a superior article, and proves what has been often alleged, that Pratts is the place to buy groceries. They are constantly making additions to their stock, and as the tendency of prices has been downwards, the public generally first realize a fall there.

The weather during the past week has been quite changeable, with considerable rain. The thermometer stood as high as 60 on Thursday, was down to 24 on Saturday morning, and yesterday morning again up to 50. In the North and West heavy snows have fallen, sleighing being excellent in Minnesota, and the snow at Omaha, Nebraska, three feet deep.

Bos The first Grand Soirce of this season of the Cauliflower Socials, will be held at the Logan street Hall, on Monday night, December 10, 1866.

Mt. Rock Mill is still for sale. Inquire at this office. The National House we understand has

been purchased by Adam Hamaker.

Capt. Seth Benner, democrat, has been appointed U. S. Whisky Inspector for this county, vice E. E. Locke, republican, removed.—*Democrat*.

REASON WHY THE AMERICAN WATCH Made at Waltham, Massachusetts IS THE BEST.

It is made on the best principle. Its frame is com osed of Solid Plates. NO jar can interfere with the narmony of its. working and no sudden shock can

damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty as well as for its effectiveness) and is therefore properly made. The watch is what all mechanism sl be-ACCURATE, SIMPLE, STRONG AND ECONOM ICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind o order. All persons who have carried "ancres," "] pines" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise more than ter years ago, it was our first object to make a thorough Iv good low priced watch for the million, to take the place of these foreign impositions; the refuse of foreign factories, which were entirely unsaleable at home and perfectly worthless everywhere. How well we have accomplished this, may be understood from the fact that after so many years of ublic trial, we now make MORE THAN HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES, and that no others have ever given such universal satisfaction. While this department of our business is continued with increased facilities for THE WEEK OF PRAYER FOR 1867 .- The perfect work, we are at present engaged in the man-British Evangelical Alliance, in accor- afacture of watches of the very HIGHEST GRADE KNOWN TO CHRONOMETRY, unequaled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an adversal observance of a week of special and dition to our main building expressly for this branch united prayer, at the commencement of of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used. and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for LESS MONEY than foreign watches, but we do assert without fear of con tradiction that for the SAME MONET our product is in

The American Artists' Union would add that these premiums are to be considered only in the light of a free gift to their patrons, as the Engravings are fur-nished them below their market value, and as the cost of engravings, after the plates are procured, is very trifting, they can easily afford to make the distribution have as it is.

trifling, they can easily afford to make the distribution large as it is. We trust that our numerous friends through ut the country and Canadas will use their utmost exertions, so that if possible, the distribution may be made soon, and it can be done if they are at all active. Ladies have often made excellent club agents for us, and we solicit their kind efforts, which will not go unreward-ed. Let one or more energetic persons in every town and village in the country commence as soon as they see this, and get up as large a club as possible. By so doing they will be the means of introducing elegant see this, and get up as harge a class producing elegant doing they will be the means of introducing elegant engravings into familes, and thus aid in cultivating a taste for the beautiful and refined.
