Haines' Patent SAFETY BRIDLE. The Best and Most Effectual in Use. NUMEROUS patents have been issued and various improvements made on Safety Bridles, but there is nothing in any of them that the inventor patented by Joseph C. Haines of this place is superior to any yet offered, combining features of simplicity and power in guiding and urging a horse or horse which no other possesses.

Having occasion to try the Safety Bridle patented by Joseph C. Haines of this town, upon my runaway mare, the result has proven to my entire satisfaction that any horse can be prevented from running off or kicking. Mr. H. M. Pratt, whose large experience with horses induced me to call upon him to drive my mare and test the safety bridle, concurs in the opinion that it is the best bridle that has ever been invented, and is always ready at any other time, it cannot be recommended to any one who will try it or look at it.
