A Woman Tries to Blow Herself Up With a Cannon Ball.

One of the most unwhimsical and unheard of means of "shuffling off this mortal coil," occurred in this city on Wednesday. A woman living in the lower part of the city, named Meyer, who, from ill treatment of her husband, had become disgusted with life, attempted to make way with herself in the following unique manner: She took a six pounder cannon ball, which her husband had brought from Vicksburg as a relie, and which had been lying on the mantle-piece for years, and having a rather indistinct conception of the terrible effects of the projectile, and the manner of using it, at length hit upon an idea. She went to Edward's grocery and purchased fifty cents worth of powder, returned home and procuring a breakfast plate she placed it on the floor. She then poured the powder on the plate, and put the cannon ball on top of the dressing.

The effect of the explosion may be imagined. The exploding powder burned and blackened the wo-man's lower extremities, while the ball which she vainly expected would end her miseries did not stir from its position.
