For Representatives—CAPT. A. GODSHALK, MAJ. A. C. REINOEHL, JACOB G. PETERS, CAPT. W. D. REITZEL.

DEATH OF HON. THADDEUS STEVENS

To the Republican Voters of Lancaster County.

The sudden death of Hon. Thaddeus Stevens, our beloved and distinguished Representative in Congress, which sad event took place at Washington on Tuesday, the 11th inst., at 12 o'clock midnight, devolves upon the Republican party the painful duty of nominating his successor in the XLIIst Congress, and also a person to fill his unexpired term of the present session. This sad event, occurring on the eve of the Republican Primary Meetings, renders it impracticable, even if it would be considered proper, to make arrangements for a new nomination at this time. The undersigned, therefore, after consultation with members of the County Committee and other friends, would suggest that, as a fitting tribute of respect to the memory of our most able and distinguished Champion of Freedom and Justice, the unanimous vote of the party be cast for the name of THADDEUS STEVENS at the ensuing primary meetings. At the same time the members of the new County Committee will be chosen, who will be empowered to make the necessary arrangements for a special election to nominate a candidate to fill the vacancy caused by his death.

MARTIN S. FRY, Chm'n Rep. County Com.

STEVENS IS DEAD!

Millions of freedom-loving people throughout the land are mourning the death of the Great Commoner and ever-reliable champion of Liberty and Humanity—THADDEUS STEVENS! Like Moses of old, he has spent forty years of his eventful and glorious life in leading a persecuted race through the dreary wilderness of oppression and slavery, and very near the end of the journey, and after many trials and extraordinary endurance and self sacrifice, he was permitted to see, in the evening of his life, in the little distance beyond, the future land of real freedom and equal rights for all men.

The messenger of death called him hence at twelve o'clock on Tuesday night, August 11th, and he departed, as he lived, the noble, fearless and most devoted friend of all mankind. An enlightened and patriotic people have the consolation to believe and feel, on this day of sadness and mourning, that his soul now enjoys the rich reward of a blissful immortality near the Throne of Almighty God!

The Primary Elections.

The primary elections throughout the county of Lancaster, to-morrow, (Saturday) are of vital importance, and the honest and patriotic Republican people owe it to themselves to secure the nomination of their best and truest men. We have nothing to say against any individual whose name appears on the list of candidates; each one may be competent and worthy for all we know. But, we do say, on behalf of the many who are not represented in conclaves of Thugs and Rings, that the nominations should be fairly made, and the popular will respected. Let every interest be represented in the primary election boards. Let every one who would assure honesty and fairness be present and see that the votes are honestly counted in each district, and the returns correctly made. We have reason to fear that the secret tactics of the oath-bound organization of office seekers and political jobbers which is known to exist in our midst, contemplate fraud in voting and counting, if necessary to secure plunder—the only object of their combination. Let every Republican endeavor to make himself familiar with the rules adopted for the regulation of these elections, and see to it that the rights of the minority as well as the majority in each district are respected. All we insist upon is that honesty and fairness, which was intended to be secured when the "Crawford County System" was adopted; that the Republican people, and not the secret ring managers shall rule the party.

As to the individual candidates, we desire to say as little as possible. We do hold that the two gallant soldiers, Capt. Godshalk and Major Reinoehl are entitled to a renomination, according to the established usages of the party, because they have been good and faithful public servants. The public record of each is clear. They did represent their constituents honestly, and according to the best of their ability and judgment, which fact no one pretends to deny. But because they could not be used for corrupt purposes, the chiefs and managers whose tactics are adopted in secrecy, are doing all in their power to defeat them.

A communication appears in another column, which is from what we believe to be a reliable and responsible source, giving the names of the ticket selected and agreed upon by the secret combination referred to. Our Mount Joy correspondent goes far to corroborate what "Fifth Ward" says, and our own observation leads us to the same conclusion that the individuals named compose the ticket as alleged. In saying this we do not denounce as unworthy all who are thus named, and we lay these communications before our readers for what they are worth. As independent Republican journalists, claiming the confidence of the REPUBLICAN PEOPLE we cannot do less. We desire to bring out the entire Republican strength in October and November, to the tune of SEVEN THOUSAND MAJORITY for our State and national tickets, and to do this we insist upon a fair and honest expression of the popular will, and the selection of true men as our local candidates.

In view of the fact that these chiefs and managers have secretly united upon a ticket of their own, and mean to steal enough of honest votes to put it through on Saturday, we might be tempted to counsel a union or effort to concentrate against them, but we could not do so without apparent unfairness toward a number of good and worthy candidates. We therefore leave the matter where it properly belongs—with the honest and intelligent Republican voters of the county, confident that they will discharge every duty in a manner becoming a patriotic and intelligent party.

The Keystone State.

We believe we have the very best means of knowing how the great Republican cause is moving along in Pennsylvania. We daily receive letters from all sections of the State, written by the most active, influential and intelligent men of the party, and all testify, in the most unqualified manner, as to the deep-seated determination of the people to finish up the great work of national reconstruction according to the Republican Congressional programme. We might present at least one hundred extracts from letters recently received, and each one assuring us that in his particular locality the party is in a better condition than ever before; that not a single Republican can be found who is not openly and heartily for Grant, Colfax, Hartranft and Campbell, whilst many honest Democrats do not hesitate to declare their determination to vote the same way.

The Copperhead leaders depend entirely upon the game of brag, with which they hope to secure the "floating vote," but we feel very safe in assuring our friends that there is not now the slightest cause of doubt as to the result in this glorious old Keystone State. All we have to do is to ORGANIZE, so as to poll our entire vote. We have a clear and unquestionable majority of at least twenty-five thousand, and nothing but gross negligence can possibly defeat us.

Our accounts from the Copperhead counties, such as Berks, Lehigh, Northampton, Carbon, Schuylkill, York, Bedford, Fulton, Lycoming, Clinton, Columbia, Northumberland, Sullivan, Montgomery and Bucks are particularly encouraging. Indeed, we cannot imagine how the prospects of a grand Republican victory in October and November could be better than they appear to us at this time. We repeat that our means of knowing are the very best, not excepting even the efficient Chairman of the Republican State Central Committee. We never did, and never will, knowingly deceive the people—certainly not those of our own political faith, and fully appreciating the importance for our own sakes, of being found reliable and truthful, we do not hesitate to pronounce Pennsylvania entirely safe—sure to elect Hartranft and Campbell by a large majority in October next, and Grant and Colfax in November by sweeping vote. Yet we entreat our friends everywhere to attend to all minute details of thorough organization, and thus guard against the bare possibility of disaster.

Leaving the Foul Party.

Gen. J. Bowman Sweitzer, always a Democrat of Alleghany county, and a gallant soldier in the war, declares for Grant and Colfax.

Hon. T. W. Green, a long tried Democrat of Indianapolis, Ind., is on the stump for Grant and Colfax.

Surveyor General Sleeper, of Leavenworth, Kansas, a Democrat, has quit the Copperheads.

Hon. Daniel Killen, a prominent Democrat of Wyandotte, Kansas, has gone and done likewise.

P. H. Silbey, of California, a member of the Democrat State Committee, has written a scathing letter against the Cops., and is for Grant and Colfax.

John Belfroy, who published a Democrat paper at Minneapolis, Minnesota, can't go Seymour and Blair, and is now publishing a Grant and Colfax paper in Mecker county, in that State.

The Elmira Gazette, the only Copperhead daily in Chemung County, New York, has come out for Grant and Colfax, declaring Horatio Seymour can not and should not be elected President. The Elmira Advertiser says it is understood that no attempt will be made to establish another Democratic paper in that city.

John Fehr, Jr., of the firm of Fehr & Hayer, proprietors of the extensive Aulenbach Hall restaurant, city of Reading—heretofore an active and influential Democrat—is out openly and above board for Grant and Colfax.

The Republicans of Bethlehem, Pa., have just formed a Grant and Colfax Club. Among the signers of the Constitution are several gentlemen, heretofore claimed as Democrats. They can't go the Blairs. So we go!

In order to meet the mails on Thursday evening, and lay FATHER ABRAHAM before our readers on Friday, we are compelled to go to press Wednesday noon. We are therefore without an account of the circumstances attending the death of Hon. Thaddeus Stevens.

By a very provoking mistake, a small number of our edition of July 17th, were packed and mailed to a club of subscribers in this county, last week. Of course, we promptly forwarded the right papers, as soon as the mistake was made known to us.

Fighting Crippled Soldiers.

When Captain Godshalk was shot down on the battle-field and bravely submitted to the loss of a limb—almost life itself—in the defense of our homes and the liberties we enjoy, the cry was heard everywhere: "honor to our brave defenders—they shall never be forgotten." Yet now we witness a most disgraceful attempt on the part of a ring of bold, corrupt and desperate men, banded together in secrecy—men who, during the war kept themselves far in the rear, playing the part of bounty brokers and speculators—to defeat this same Captain Godshalk and his equally brave comrade in arms, Major Reinoehl! And why? Simply because they have been honest and faithful Representatives of the people;—because they were not engaged pilfering and treasury robbing, committing mileage frauds, and selling their votes in the Legislative lobby to the highest bidders. To this patriotic party or clique, or ring, or call it what you will, belongs the honor of trying to crush a one-legged soldier! Shame!

Carbon County.

Our friends in Carbon are "up and doing." They have nominated the following excellent ticket:

Congress—Daniel Kalbfus; Assembly—Capt. J. D. Laciari; District Attorney—Col. J. D. Bertolette; Commissioner—Capt. James Thomas; Coroner—Lieut. John Brelsford; Auditor—Lieut. Thomas Musselman.

With such an effort as the fire-tried Republicans of little Carbon are able to make, this ticket will be triumphantly elected, except Congress and Legislature, as the district of the former consists of Carbon, Wayne, Pike, Monroe and Northampton, and the latter of Carbon and Monroe, which also contains too much dead weight of bad copper even for such a popular nominee as Capt. Laciari, editor of the Mauch Chunk Gazette.

A Specimen.

Toombs, of Georgia, who doubtless yet expects to call the roll of his slaves in Boston, at any rate have a place in Seymour's Cabinet, in a late speech declared that he—Seymour—"had been true to the South—true in peace and true in war." As for Frank Blair, he spoke in terms of beautiful moderation, thus:

"The Reconstruction acts are null and void, and shall not stand. The grinning skeletons which have been set up in our midst as legislators shall be ousted by Frank Blair, whom our party has expressly appointed for that purpose. All these things shall be swept away from the bosom of the country."

The Lancaster Intelligencer indorses these sentiments as sound Democratic doctrine, and thinks them, like their author, eminently suited to the times.

UP BOYS AND AT THEM!

NOW IS THE TIME TO GO TO WORK!

THE ISSUE IS JOINED!

THE BATTLE IS DRAWING ON!

Close up the ranks and get ready for the conflict! Grant is at the head, and will unfailingly lead us to VICTORY.

VICTORY REQUIRES WORK!

NOW IS THE TIME TO BEGIN!

We this week owe the thousands of FATHER ABRAHAM's readers abroad an apology for occupying so much of our space with local political matter. The county ticket will be nominated to-morrow, and by next week we will be in regular line of battle against the common enemy. Our battery will in future command the entire field.

ONE THOUSAND MORE!

Since our last issue we have received a fraction over ONE THOUSAND new subscribers. We must and will have ten thousand before the close of the present month.

We welcome the new Daily Bulletin, a live and spicy Republican paper just started at Williamsport, Pa., by E. W. Capron, Esq.—six cents per weeks, \$3.50 a year.

Our Correspondence.

MOUNT JOY, August 8, 1868.

EDITORS OF FATHER ABRAHAM: I think you are fairly entitled to the thanks of every honest Republican for the prompt and very efficient manner in which you have exposed the corrupt transactions of several politicians in whom we have heretofore confided. Mr. Armstrong's mileage draft at Harrisburg, which seems to be clearly proved against him, settles his case. But, according to the reports here, he is very strongly in favor of a certain candidate for the Legislature—Mr. Summy. Why? Has Mr. Armstrong an axe to grind, and is Mr. Summy to turn the grind stone? Or, does he want him to cover up his moccasins tracks at Harrisburg? We would like to know, for we want no more Armstrong's to represent us in the Legislature. B.

MESSRS. RAUCH AND COCHRAN:—The Republicans of the Old Guard want to know how to vote on Saturday in order to avoid the candidates secretly nominated in the sand stone county building at the head of East King street. I have the very best authority for saying that they have agreed upon the following ticket:
Assembly—W. W. Hopkins, J. G. Peters, Aaron H. Summy and Dr. J. G. Gatchell.

District Attorney—George Brubaker.
County Commissioner—J. C. Kready.
Prison Inspectors—Henry Pownall and M. H. Shirk.
Directors of the Poor—George Fry and Conrad Gast.

Auditor—George McHaffey.
The leading oath-bound Thugs in each township and district will all endeavor to concentrate the vote upon these candidates. I have nothing to say against any particular individual secretly nominated on this Thug ticket, but I do protest against the conspiracy which exists, not to promote the Republican cause, or to relieve the tax payers, but to secure for themselves position and power.

FIFTH WARD.

Father Abraham's Chips.

WILEN Blair, in 1860, during the campaign in Indiana, branded the Copperheads as a "vile, miserable party," and abused Douglas so fiercely, Dan. Voorhees called Blair the "prince of blackguards." Blair in return branded Voorhees as a "hell-hound." Now the "hell-hound" supports the "prince of blackguards." A nice couple, truly.

SUPPORTERS OF GRANT—Sherman, Sheridan, Thomas, Meade, Farragut, and eight out of ten other loyal officers and men who fought under the Stars and Stripes during the Rebellion. Supporters of Seymour—Beauregard, Forrest, Hampton, Semmes, Toombs and nine-tenths of the rebels who fought under the Stars and Bars. This fact needs no comment.

THE Clearfield Raftsmen's Journal says that ex-Governor Bigler "is not dangerously ill," as reported, but "that he was quite sick on his way from the Democratic Convention, the nominations have ing turned his stomach."

Semmes, the pirate and murderer, says: "I have been a Democrat all my life—before the war, during the war, and since the war. It was a Democratic war, and we fought it from beginning to end on Democratic principles."

J. JACKALL, proprietor of a lager beer saloon and Democratic Headquarters in the lower part of the city of Philadelphia, was arrested on Tuesday of last week, for beating his wife and keeping a disorderly establishment. Jackall is a Democrat.

IN Virginia the Democrats have one Lafayette Washington, a negro and Virginian, stumping the State against the new Constitution. He is regarded with great favor by the Democracy, and is fully recognized as a "man and a brother."

THE Chairman of the Copperhead State Central Committee admitted to a friend that it is barely possible to carry Pennsylvania for Seymour.

LET every Union man remember that the rebellion against the national authority commenced during Buchanan's administration, and that he persistently refused to raise an arm in defense of the old flag!

THE Lancaster Intelligencer don't find room for half the speeches that are made for Seymour and Blair. Even Hampton's speech it has not printed, while the speeches of Toombs, Semmes, Vance & Co. are entirely ignored.

THE Mobile Tribune says: "If we are successful in electing SEYMOUR and BLAIR, we shall regain all we have lost during the war, and we are safe in saying we shall again be masters of the political situation."

AN ardent Copperhead sheet published in Texas tells us to go to h—! Thank you! We never did attend a Copperhead pow-wow and we are too old to begin it.

WHAT have the Blair's in common with the Copperhead party?—La Crosse Democrat.

Answer—A taste for bad whiskey.

WHY are the nominees of the New York Copperhead Convention the most popular ever made? Because they please all the Republicans and nearly half the Copperheads.

AT a raising in Porter township, Huntingdon county, Pa., a vote was taken on the Presidential election. The vote stood: Grant and Colfax, 75; opposed, 8.

THE La Crosse Democrat has the largest circulation of any Copperhead sheet in the country, because all foul "birds of a feather flock together."

IN 1863 the New York Herald, speaking of Seymour, said: He can talk more without saying anything, and write more without meaning anything, than any other man now living.

HEN de leit im sin widdar an fersuffener Schweinbeltz 'leckta for Vice-President? Wann so wella, donn lus se yusht for der Blair vota, for er kann der Andy Johnson beeta saufa all hollow.

A Copperhead orator remarked the other day that "nothing can be well done that is done in a hurry." How about catching fleas, Mr. Cop?

THE trouble with Seymour is not that he called the murdering, cowardly draft mob his friends, but that they were his friends.

THE Albany Argus says it wants "a return to the rule of old-fashioned Copperheads." That's what Hampton, Cobb, Semmes, and the other rebels want.

PENNSYLVANIA was invaded by the rebels July 1, 1863; New York, July 3, 1868.

OIL and whiskey—Seymour and Blair.
