That's cool—after the result in Lancaster city, at the two late elections. What a compliment to our distinguished carpet-bagger-copperhead from Florida—the redoubtable George, who "run the machine" here! He was going to play the very old nerk in the Second Ward, for he boasted after he moved into it, that it was only necessary for it to be "worked up" to secure a copperhead majority there, and he was going to do it—he was! Great man is carpet-bagger George.
