A correspondent of the Express, signing himself "Grant Republican," talks plain about the "Swindlers at Harrisburg," and suggests that a public meeting be called to "give expression to the opinion of the constituents of our pretended Representatives upon the subject of legislative economy and honesty." That's a good move—now let the people take the matter in hand.

A German, named Smith, committed suicide on Wednesday morning, at the County

cide on Wednesday morning, at the County Hospital. He went to the water closet in his room very early, and drew a razor across his throat, inflicting a fatal wound, which caused death. He was tired of life, poor fellow.

THE COURT: The January term of Quar-THE COURT: The January term of Quarter Sessions, of this county, commenced on Monday morning, Judges Hayes and Libhart on the bench. George Whitson, of Bart township, was appointed Foreman of the Grand Jury; Judge Hayes delivered the charge. Reports of constables were received, and the witnesses in the case of the Saur Krout. and the witnesses in the case of the Saur Krout Gorilla rioters at the Republican Convention last fall, were discharged until April court.

Why?

Monday Afternoon.—Elizabeth Mulholland
Joseph Mulcomplained that her husband, Joseph Mul-holland, had deserted her. Joseph was di-rected by the court to pay \$2 per week to her for her support, and \$1 a week to the children for their support. Some witnesses testified that Mrs. M. was fond of the bottle—others

that Mrs. M. was fond of the bottle—others that she was a good woman.

Wm. Stahl, of Safe Harbor, caught a boy, Clayman, stealing from his money drawer, and gave him a switching. He was prosecuted for assault and battery, but the jury couldn't see it, and declared him not guilty, and made the mother of the boy pay the costs. Henry Eisenberger and his wife Mary brought cross-actions against each other, for desertion and surety of the peace. The testimony was of a vile character, and in order that the county should be rid of the expense of keeping them in prison, the complaints

of keeping them in prison, the complaints were dismissed, and the county for costs.

Tuesday Morning.—Nol. pros. was issued in the case of Thos. M. Patterson, for riot, and

J. S. McCall, for surety of the peace.

Christain Stehman "assaulted and battered" Ann Young, in the classic precincts of Yoolstown, West Donegal twp. Witnesses testified that Stehman was beating his house-keeper and Ann interfered, and the man choked her. The housekeeper testified that Ann attacked Stehman, and he punished her for interfering in his affairs. The jury convicted him and he had to pay \$5 fine and costs. What business had he to "lick" a wo-

Christain Hoglegantz (there's a name for you) and Henry Appley pleaded guilty to an assau!t and battery on Benj. Henry, and were sentenced to pay a fine of \$5 each and

costs.

Thomas Troop of Salisbury twp., was sentenced to pay \$2 a week towards the support of his wife Mary, who he had deserted.

Chas. C. Lutz was convicted of assault and battery on John O'Brien. There were two sides to this story—one that Lutz struck O'Brien without cause, and the other that Lutz was goaded to it by the abuse of O'Brien, who was full of "Fishkey." Defendant was convicted and fined \$1 and costs.

A not. pros. was entered in the case of Jos.

A nol. pros. was entered in the case of Jos. Plank, for assault and battery on Elias Futer, the latter to pay costs.

John Sheaffer plead guilty, and was sentenced to 18 months in the county prison, for stealing two coats from Matthias Kline and Theo. Roth.

John Dieman was committed and sentenced to prison for six months, for stealing a saddle and bridle from Jacob Eshelman, near Para-

John Cooper was arrested at Columbia, some weeks ago, on suspicion of an intended burglary at the house of F. S. Bletz. The facts were published at the time. The case in-volved some nice points, and Judge Hayes charged the jury very minutely. The jury found a verdict of not guilty, and defendant

was discharged. Terrible time among husbands and wives!
Another complaint of a wife—Louisa Herman against her "man," Philip Herman, of the Blue Rock, Welsh Mountain, a very happy neighborhood, according to the testimony. She said he committed violence on her person, and he was bound over in \$200 to keep the

Wednesday Morning. Wm. Freyberger keeps a store in Salisbury twp., and was indicted for selling liquor to minors. Two boys swore that they bought liquor from him, but the jury did not believe them and acquitted

the defendant. Frederick Keirichenkesner (whew! what a name) from the renowned 8th ward, (Saur-Kraut) threw the "household and kitchen fur-Kraut) threw the "household and kitchen fur-niture, too numerous to mention," of Wm. Kreager out of the house they both inhabi-ted, during the absence of the latter. Wil-liam grew belligerent, broke in the door and threatened the man with the jaw-breaking name with divers injuries. The jury did not see the "ingredient of maliciousness," and not guilty was the result. Costs divided be-

tween them.

Edward Spear pleaded guilty to stealing some articles of hardware from Sprecher's "Leopard" hotel, and as his lawyer begged the court to be lenient because he was so drunk he did not know what he was doing! he got but one month's imprisonment.

"ALLIGATOR SASH-STOP AND LOCK:"
We notice by the Harrisburg State Guard that
the above named patent has recently been
issued to the inventor, W. H. Sullenberger, of that city. The stop and lock is constructed on the principle of the wedge, passed in and moved out by a simple contrivance, requiring the least possible exertion of the finger to move. As a piece of mechanism, and a real convenience to housekeepers, we expect to see it in general use. The American Mechanic also area to favorably of this patent, and realso speaks favorably of this patent, and re-commends it to the attention of the public. commends it to the attention of the public.
The company are offering for sale township, county and State rights. Liberal arrangements are offered to those purchasing, and the manufactured articles are furnished to the agents very low. ECLIPSES: There will be four eclipses this year, two of the sun and two of the moon. Two of them will be visible on the continent. The first will occur on the 27th inst. At Boston the moon will enter penumbra at twenty-six minutes to seven p. m., and leave at fourteen minutes past eleven p. m. The middle of the eclipse will be at six minutes to nine p. m. A total eclipse of the sun will occur on the 7th of August, and will be visible to North America and eastern Asia. It will begin at Boston at twenty-four minutes past five p. m., and end at sunset.

COMMITTEES OF THE LEGISLATURES: The standing committees for the Senate and House of Representatives of Pennsylvania have been appointed by the Speakers of their respective branches. Among the names on these committees, we find those of the mem-

these committees, we find those of the members of this county as follows:

In the Senate, General Fisher is on the committees on Judiciary Local, and Pensions and Gratuities, and Military Athars, being chairman of the two former. In the same body, Mr. Billingfelt is on the committees of Retrenchment and Reform, Roads and Bridges, Election Districts, Compare Bills, Agriculture and Domestic Manufactures, and Private Claims and Damages, being chairman

Agriculture and Domestic Manufactures, and Private Claims and Damages, being chairman of the two former.

In the House of Representatives Mr. Hopkins is on the committees of Judiciary Local, Compare Bills, Election Districts, and Military; Mr. Peters on Pensions and Gratuities, Education, Claims, and Accounts; Mr. Summy, Estates and Escheats, Election Districts, Agriculture, and Claims; Dr. Gatchell, Mining and Manufacturing Companies, Compare Bills, and Divorces.

U. S. WASHING MACHINE: Mr. Walker, of Somerset county, the inventor of the new "United States" washing machine is now in this city, for the purpose of disposing of the article. On Monday last, according to previous arrangement, Mr. W., with one of his machines, did all the washing of the "large and respectable" family of Father Abraham, sr., in a remarkably short space of time, and the work was well done. The machine is very simple, works easily and rapidly, without hard wear on the clothes, and is, in our judgment, a very valuable, labor-saving invention.

DESERVED PROMOTION: We are glad to notice that our friend, Mr. B. H. Warner, formerly Deputy Collector of Internal Revenue, of this district, has been promoted to a second-class clerkship, in the office of the First Comptroller of the Treasury. The many friends of Mr. W. in Lancaster county, will reide at this success and prespective both will rejoice at his success and prosperity, both on account of his efficiency and his worth as We warmly congratulate him.

2,378 39 \$7,420 90 In again presenting the condition of the affairs of the Company, during the year just closed, the Board of Directors take especial pleasure in congratulating the members of the Company, not only upon its prosperous condition as exhibited in the foregoing statement, but also upon the comparatively small loss sustained during the year, the loss for that period being only one thousand and sixty dollars, (\$1,000 00); and for the past three years, or since the last assessment was made, the average loss for each year has been but little over fourteen hundred dollars, the whole amount for that period being four thousand two hundred and sixteen dollars and fifty cents, (\$4,216.50.) A statement of the respective losses and dates of loss having been recently published in connection with the notice of the lith assessment, it is not necessary to republish them here. It is particularly gratifying to state that (with one exception of a small loss) none of the fires were the work of incendiaries, all being accidental.

diaries, all being accidental.

To pay the accumulated loss since the 27th of November, 1885, a period of over three years, an assessment was made on the 10th of November last, of which due notice has been given in all of the weekly papers of the city of Lancaster and Mt. Joy Herald, and made payable on or before the 20th of December last, much of which we regret to say is yet unpaid. Members having been so long exempt from assessments, and the amount now demanded from them being so little, it was confidently hoped that it would be promptly met. Any who know themselves to be delinquents, will please make payment of their dues immediately.

The above statement shows the whole amount of insurance at this time, for which policies have been issued on a three-fourths valuation of property, to be seven millions, one hundred and ninety-three thousand, two hundred and fifty-two dollars and eighty-nine cents, (87,183,252.89.) A large portion of this amount is insured at not more than half the cash value (applicants not desiring more.) The whole value of property upon whichthis insurance is based is over ten millions of dollars, (\$10,00,000.) The amount of premium notes now in force is three hundred and twenty-seven thousand seven hundred and forty-eight dollars and fourteen cents, (\$27,748.14.)

The question is frequently asked, does your Company, in case of fire, pay the amount stated in the policies, or only three fourths of that amount: For the information of such persons we would state that the rule of the Company is not to issue a policy representing more than three-fourths of the cash value of any building or other property, which, if destroyed, is paid in full to the amount stated in policies. "It has most magnificent instrument, and has
many fine qualities to recommend it; among
others its stops, imitating most successfully
many of the most useful in the pipe organ. The
fute, the piecolo, bassoon, clarionet and various
others are such perfect imitations that it would
be difficult to distinguish them from the genuine at a little distance from the performer. We
have for a long time seen the necessity for a
reed organ that combined the qualities which
we believe are contained in this; and we invite
the severest criticism, not only as to its superior excellence as a musical instrument, but
also as to its elegant finish, making it the most
beautiful parlor instrument extant."

EDITORS EXPRESS: Dr. Wm. M. Whiteside, the enterprising Dentist, has purchased from me a large stock of teeth and all the fixtures, the instruments formerly belonging to me, and also those used by my father, Dr. Parry, in his practice. In the purchase, the doctor has provided himself with some of the most valuable and expensive instruments used in dental practice, and has beyond doubt one of the best and largest collections of teeth and instruments in the State. Persons visiting the commodious offices of Dr. Whiteside, cannot fail to be fully accommodated. The boctor loses no opportunity of furnishing himself with every late scientific improvement in his line of business.
