A NEW ORLEANS DUEL: A duel was fought at New Orleans last Saturday morning, at 8 o'clock, between Louis E. Moussier and D. F. Lawson. The weapons were small swords, and the meeting took place a little below the levee, in the presence of two or three hundred seldiers. Moussier, the survivor, makes the following statement: "Once on the ground. I hesitated some time after the swords were drawn about fighting and attempted to A NEW ORLEANS DUEL: A duel was drawn about fighting, and attempted to avoid a difficulty. . It was not until he had cursed me, and had run the point of his sword against my hand, that I made any lunge at him whatever. Upon first going on the ground, I had stuck my sword in the leves bank, and repeatedly told him he had no provocation for fighting. Finally, when he had several times cursed me, the fight commenced in good earnest. Twice, then, after this had commenced, and when I had twice parried his lunges, I attempted to end the difficulty. I then made a thrust at him with my sword, and the point passed between the second and third ribs in the left side, penetrating his heart. Lawson, who had ten or twelve of his friend with him, was then carriage. Before he reached this, his surgeon in attendance announced that he was dead. I was thereupon arrested by an officer in charge of the barracks, who had been a witness to the fight, and brought to the city, though subsequently released."

THE Legislature of Illinois, which recently, by way of a "joke" ceded Chicago to Indiana, has passed a bill vesting all political, civil, and social power in that State in "the female portion of the population above the area of sixteen years." I lation above the age of sixteen years. It is made unlawful for any male over twelve-years old to be out after dark; unless protected by a woman qualified to vote. This, it is supposed, is another legislative joke.

BEST'S FRUIT TREE INVIGORATOR AND INSECT DESTROYER.

AND INSECT DESTROYER.

It is the most useful combination of ingredients ever known for Fruit, and the evidence we can prealize from men of the highest standing in society of the benefits to be derived from its use in Fruit Trees, Vines, Wheat, Corn, Flowers, and all kinds of Vegetation, cannot be doubted by any honest man. When applied to trees, it penetrates every pore, destroying the worm in the heart of the tree, and by connecting with the mineral substance of the earth, destroys the cause and prevents the creation of any destructive insects. It will prevent Curculle from slinging the plum, and every person using it will have sound plums. It will kill the pench grub, and make peach trees bear healthy fruit. It will prevent dry-rot in grapps. It swells the tree, causing the old bark to peel of from the bely, while a beaultful new green bark takes its place. It will prevent weavel, mill-lew, or rust in wheat, and prevent the fly from touching it. It destroys the cut-worm in corn—in tact it will kill any kind of insects that attack Fruit Trees, and cause all Fruit Trees to bear sound fruit. It is now extensively used in the Western States, and those who have used it would not be without it, for a thousand times its cost. It has been used in the southern parts of Berks County, this State, on grain, trees, ac, and there has not been a single failure. Any person wishing to see its effect upon growing grain and fruit, can be guittlied by calling on us, or by writing, and we will refer them to persons (with residence) who are using it. We warrant it to do just what we claim for it. To be used as soon as the frost is out of the ground. Township and Single Rights for sale for the County of Lancaster.

Dentistry.

LANCASTER, June 25th, 1808.

KDITORS EXPERSS: Dr. Wm. M. Whiteside, the enterprising Deatist, has purchased from mera large stock of teeth and all the fixtures, the instruments formerly belonging to me, and also those used by my father, Dr. Parry, in his predicte. In the purchase, the doctor has provided himself with some of the most valuable and expensive instruments used in dental practice, and has beyond doubt due of the best and largest collections of teeth and instruments in the state. Persons visiting the examodious offices of Dr. Whiteside, cannot fail to be fully accommodated. The Dector losse no opportunity of furnishing himself with every late scientific improvement in his line of business.
