CHESTER COUNTY.—Gleanings the Record. On Saturday night before last, a horse was taken from the stable of Wm. Thompson, near Westchester, and brought back before daylight the next morning, and with him a wagon, the property of somebody else. The horse had been used roughly, and in the wagon was a quantity of blood and feathers, showing ery plainly for what purpose it had been used..... A meeting of persons in favor of connecting the Kent county railroad with the Philadelphia, Wilmington and Baltimore railroad, at Elkton, was held in Elkon a few days since, and a committee was

appointed to solicit local subscriptions..... A few nights since a raid was made on the chicken house of J. W. Stackhouse, New Garden township, and 19 pair of hens and 3 turkeys stolen. Three bags of corn were also taken at the same time. Some of the chickens were killed on the place—their heads having been left lying on the ground.... A serious disease has broken out among the horses in the townships of West Brandywine and West Cain. Mrs. Jane Long of West Brandywine has lost two and at this writing a third is very low. Mr. John Stapleton of W. Caln has lost three and has three very ill. The disease is pronounced by the Veterinary Surgeons of the neighborhood

to be deptheria. It commences with a swelling of the throat and the animal appears to choke to death.... A horse belong-ing to James Brannan, West Whiteland, was gored to death by a young heifer, also owned by Mr. B. last week....On Thursday night last, the residence of Mr. Joshua Kames, on Lancaster pike near Downington, was visited by burglars. The Journal says they were frightened off by the op-portune arrival of Major Kames in the twelve o'clock train, while they were operating upon the shutters; they got off before he came within pistol shot reach.

AMERICAN MECHANICS' ANNIVERSARY SUPPER: On last Saturday evening the 23rd Anniversary of Conestoga Council, No. 8, O. U. A. M., was celebrated at Eagle Hall, in this city. The Council and a number of invited guests from Philadelphia, Harrisburg and other localities, met at the new Hall, Inquirer building, and after a brief session, at 9 o'clock, proceeded, with music, to the place bountifully provided with good things for the inner mechanic. All the arrangements were perfect, and reflect much credit upon the committee—Messrs. J. K. Snyder, William Wylie, M. M. Grider, John A. Trissler and T. Wylie, M. I E. E. Snyder.

The supper being duly disposed of, the Council was called to order by the Chairman, J. K. Snyder, who read letters from James M. Galely, V. C., of the National Council, John Kreider, S. C. Treasurer, and others, who had been invited to participate. Mr. Snyder appropriate legals together the state of the council regular together the c Snyder announced regular toasts next in order. The first toast—The National Council—was responded to by E. H. Rauch. He referred to some highly important work now under consideration by the National Council, the only power clothed with authority to alter, change or amend Constitution and forms govchange or amend Constitution and forms geverning the Order; that efforts are being made to accomplish more fully the designs of the Order and carry out its fundamental principles yet more successfully. The Order was he might say, only in its infancy, yet, during the last few years its prosperity was unparalleled in the history of beneficial institutions of the kind. The order provides and last fet. its kind. The war, prejudice and hate of its principles, combined in checking, for a while, the growth of the organization, but that a bright future is immediately before us. He referred to the motto of the Order-Honesty, Industry and Sobriety, and felt very happy that the last principle had been so faithfully and consistently adhered to in the prepara-tions for the present festival.

The second toast—The State Council of Pennsylvania—was responded to by Ex. State Councillor, John Serner, of Harrisburg. He gave a short exposition of the objects and principles. ciples of the Order, and referred to some of its eading characteristics in a clear and forcible manner. By special request he concluded with a song—the "Deitsher Gentleman," the effect of which operated as a most effective settler of every man's bountiful supper. It was the treat of the evening.

The Subordinate Councils of the Order—was responded to by Ex-C. Stewart A. Wylle, who

responded to by Ex-C. Stewart A. Wylle, who referred to the rapid increase of the Order everywhere; the gradual disappearance of prejudice and hate. With the return of peace came the growth and prosperity which the Order now enjoys. The Order knows no sect, and tolerates no political partisanship within its Councils. When danger threatened the country, there went strong men with willing hearts from our ranks to defend our nationality. With charity, humanity and true benev. ity. Our Native Land, her Laws and Libertieswas responded to by Major A. C. Reinechl, in an appropriate and happy manner, quoting the well-known lines from Sir Walter Scott: "Breathes there the man, with soul so dead, Who never to himself hath said,

This is my own, my native land."

He concluded by referring to the glorious part which the American Mechanics took in part which the American Mechanics took in defense of the Laws and Liberties of the Land. The Laboring Man—responded to by Ex-C., M. S. Bower, of Harrisburg, and Old Fredonia, No. 22, by William Dixie, of Philadelphia, by singing the Star Spangled Banner, with very good effect. A number of toasts not on the programme were also responded to, including one by Ex-State Councillor, E. E. Snyder, one one by Ex-State Councillor, E. E. Conestoga Council, No. 8, the first branch of the Order instituted beyond the limits of Philadelphia, twenty-three years ago, was formed by eight charter members. Of these, two only are now members of the Order—Geo. W. Reichenbach, yet a member of No. 8, and residing at York, and E. H. Rauch, of this city, and now a member of Reading Council, No. 46. Of these two survivors the latter only enjoyed the pleasure and satisfaction of participating in the festival.

OUR NEW OFFICE.

To substantiate the merit so universally accorded to Wheeler & Wilson's Sewing Machines, and at the same time to justify our claims to the favor of the citizens of Lancaster County, we will present to their attention a few strong facts : First-We assert (underlably) that THE ONLY GOLD MEDAL awarded at the Paris Exposition for Sewing Machines for family purposes, was awarded to the WHEELER & WILSON after a fair trial before competent judges, (appointed by the Emperor Napoleon,) whose duty it was to deal impartially in the performance of their com-

Commission imperials, Champ-De-Mars, 6th July 1867.

Mr. R. Huning, 189 Regent Street, London.
Dear Sir.—Replying to your inquiry, I beg leave to state, that the ONLY GOLD MEDAL for the manufacture and perfection of Sewing Machines, was awarded to Messrs. Where & Wilson, of New York.
Yours Respectfully.

HENRY F. Q. D'ALIGNY,
Member of the International Jury
and Reporter of the same.

DRFARTMENT OF STATE, Washington, May, 1868. (
To Wheeler & Wilson, of New York.

Sirs:—The Department has received one Gold Medal, awarded to your firm for Sewing Machines, at the Paris Universal Exposition, of 1867.

WM. H. SKWARD,

Secretary of State.

Scoond—We assert to the positive sale of the LARGEST NUMBER OF SEWING MACHINES

for Family Use of any Manufacturing Company

in the country (all combined).
THE WHEELER & WILSON IS EXCLUSIVE. LY A FAMILY SEWING MACHINE, and as such, it has, in defiance of all competition, whether it be manly and honorable, or ungentlemanly and ignorantly discourteous, made its way, held its own; and established the wellmerited reputation so universally extended to the Wheeler & Wilson Sewing Machine. Nor is it necessary in introducing the Wheeler & Wilson to the citizens of Lancaster, that we should speak in any way disparagingly of others. We claim to have A FIRST CLASS SEWING MA-CHINE, complete, (with no single extra attachments to buy after purchasing.) the best in

use for family work. In taking into consideration the unequalled popularity of this wonderful machine and its immense sale, it should be remembered that we have derived no benefit whatever from the sale of manufacturing machines. Withdraw the beavy machines from the sales of the different

companies, and where do they stand? Far behind the Wheeler & Wilson Co., who make the Family Sewing Machine a speciality. The Company's manufacturing premises at Bridge. port, Conn., occupy a space of 5 acres, enclosing an entire quadrangle, with a front on the N. Y. & N. H. Railroad side of a quarter of a mile less 13 feet, filled with costly machinery.

In other words, this Manufactory has added to the industrial world the effective force of 1,700,-000 seamstresses, and is swelling that immense number by adding 2,000 per day.

It has even conquered British prejudice. Charles Dickens himself has made it the subject of a finely turned article in "Once a Week." and the London Times, in an exhaustive two column and a half editorial, covering the whole subject of Sewing Machines, awards the highest merits of praise to the WHEELER & WILSON, as the one best calculated for household work It is on this mission of labor-saving in all

parts of the world, London, St. Petersburg, Madrid, Constantinople, Calcutta, Cape Town, &c. Its agents are everywhere throughout the habitable globe, wherever fabrics are sown into human apparel We respectfully claim attention, and cordially invite the citizens of Lancaster county to vis-

them with others. We willingly abide the re-OUR NEW OFFICE IS, NO. 64 NORTH QUEEN ST., HOWELL'S BUILDING, LAN. CASTER, PA.

Fruit Tree Invigorator.

FARMERS, LOOK TO YOUR THE GREATEST DISCOVERY OF THE AGE

BEST'S FRUIT TREE INVIGORATOR AND INSECT DESTROYER.

it is the most useful combination of ingredients ever known for Fruit, and the evidence we can produce from men of the highest standing in society of the benefits to be derived from its use in Fruit Trees, Vines, Wheat, Corn, Flowers, and all kinds of Vegetation, cannot be doubted by any honest man. When applied to trees, it penetrates every pore, destroying the worm in the heart of the tree, and by connecting with the mineral substance of the earth. trees, it penetrates every pore, destroying the worm in the heart of the tree, and by connecting with the mineral substance of the earth, destroys the cause and prevents the creation of any destructive insects. It will prevent Curculle from stinging the plum, and every person using it will have sound plums. It will kill the pench grub, and make peach trees bear healthy fruit. It will prevent dry-rot in grapes. It swells the tree, causing the old bark to peel off from the body, while a beautiful new green bark takes its place. It will kill potato bugs and prevents potatorot. It will prevent weavel, mill-dew, or rust in wheat, and prevent the fly from touching it. It destroys the cut-worm in corn—in tact, it will kill any kind of insects that attack Fruit Trees, and cause all Fruit Trees to bear sound fruit. It is now extensively used in the Western States, and those who have used it would not be without it, for a thousand times its cost. It has been used in the southern parts of Berks County, this State, on grain, trees, &c., and there has not been a single tailure. Any person wishing to see its effect upon growing grain and fruit, can be gratified by calling on ds, or by writing, and we will refer them to persons (with residence) who are using it.
