

refused to pay over to the Company the premiums he had received from several parties.

On Friday afternoon, Ellen Doyle, recently an inmate of the Children's Home and charged with arson in that establishment, was brought before the Court and a verdict of not guilty taken, in consequence of Mr. Bennett, the prison-keeper, having agreed to take and raise her.

Mrs. Ellen Marks pleaded guilty to an assault and battery on Herman Straus, a saucy Jew, who had been impudent to her, and was sentenced to pay a fine of five dollars and costs. Very ungracious, that sentence.

The following bills were returned ignored: Lorenzo Patterson, Assault and Battery; George D. Eberman, Larceny; J. B. Martin, for selling liquor without license and for selling liquor to minors; Joseph Bizler, false pretenses; Samuel and David Sherz, Forcible Detainer, prosecutor (Penna. Railroad) for...

On Saturday morning, the Court in pursuance of the petition of the Prison Inspectors, made an order for the return of the convicts now in the Eastern Penitentiary from Lancaster county to the County Jail.

Application was made by John Rohrer of Mechanicsburg for the cancellation of the indentures of Michael O'Connor, on account of incurable blindness. The prisoner was incarcerated by the Girard College of Philadelphia, in 1866, to Mr. Rohrer. The defendant being willing that his indentures should be cancelled, the Court directed it to be done.

Henry Gries, complained against his wife, for deserting him. After hearing his witness, the Court directed that Henry should pay \$2 per week towards the support of his loving spouse and child, to which his counsel demurred, and gave notice that they would ask that the sentence be revoked.

The case of Andrew Clavou, who was committed against his wife for deserting her, was dismissed, counsel on both sides not deeming it of sufficient importance to occupy the time of the Court with.

Two other cases for desertion, one of which was against John Martin, and the other against Jacob Arndt, were also dismissed, the complainants in both cases failing to appear to prosecute.

The Court then took up the applications for tavern, liquor, store and eating house licenses, for all the old stands against which no remonstrances were filed, and granted them.

The business of the session having been disposed of, the Court adjourned until Monday.

The report of the Grand Jury was made on Friday afternoon. They stated that they returned seventy-four bills, of which they returned thirty-nine true bills, and ignored thirty-five. (Quite a compliment to our very elegant, learned and distinguished District Attorney, George E. Barnhart, Esq.)

They pay deserving compliments on the management of the Prison, Alms-house and Hospital, and bestow especial and deserved commendation on Messrs. Spielman and Steinbeiser for their management of affairs in the two latter institutions, being particularly pleased with the good taste displayed by Mr. J. O. Steinbeiser in contracting and taking care of the grounds and buildings at the new Hospital now under his charge.

GRAPEVINES FOR THE "HOME."—Donations of Grape Vines are respectfully solicited from the Horticultural friends of the "Home," to plant in the new lot on Ann street; and, with disregard of the old proverb about beggars, the Managers take the liberty of asking them to bring of their best varieties, plants having good, strong roots. It is hoped that many will manifest an interest in beautifying these grounds. Trees and shrubbery will be called for hereafter; at present, those having charge of the matter only ask for the vines.

For the convenience of those attending market, Messrs. H. L. & F. J. Zahn, Jewelers, N. E. Corner Centre Square, kindly consent to have left in their care, or they can be left at the "Home," South Queen Street.

A MAN in Harrisburg boasts of having had a talk with a woman and getting the last word. He did it by gently applying a poker to her cranium. She never spoke more.

"THE Dead Legislature" is the name which the Philadelphia Ledger gives to the one that has just left Harrisburg. That paper remarks that it is idle for the people to complain so long as they take no steps towards reform. That's so!

It is not what people eat, but what they digest, that makes them strong. It is not what they gain, but what they save, that makes them rich. It is not what they read, but what they remember that makes them learned. It is not what they profess, but what they practice, that makes them righteous.

DONN PIATT, who doesn't like like Clark Mills, writes: "I heard a good story of Mills. During the war he wrote to the Confederates offering to cast cannon for them. The letter was published, and some time after Clark Mills called on Stanton to ask the privilege of doing his head."

"My head," said the grim Secretary, "you had better look to your own, you hound. I have a mind to put it in a basket, and would if you suffer any loss."

In Virginia the crop prospects are very favorable. The season is not so forward as in the more Southern States, but the farmers and land owners are generally alert and active. There can be no doubt that in Virginia a larger quantity of land will be placed under cultivation than at any former period. Great numbers of Northern and European settlers have arrived in the State, and in many cases with sufficient capital to cultivate the land on a more extensive scale than was ever before known.

OFFICE—NO. 12, SOUTH QUEEN STREET LANCASTER, PENNA.

Sewing Machines. OUR NEW OFFICE.

To substantiate the merit so universally accorded to

WHEELER & WILSON'S SEWING MACHINES,

and at the same time to justify our claims to the favor of the citizens of Lancaster County, we wish to draw their attention to a few strong facts:

First—We assert (undeniably) that THE ONLY GOLD MEDAL

awarded at the Paris Exposition for Sewing Machines for family purposes, was awarded to the

WHEELER & WILSON,

after a fair trial before competent judges, (appointed by the Emperor Napoleon,) whose duty it was to deal impartially in the performance of their commission:

COMMISSION IMPERIALE, CHAMP-DE-MARS, 6th July 1867. Mr. E. Thuring, 139 Regent Street, London. Dear Sir:—Replying to your inquiry, I beg leave to state that the ONLY GOLD MEDAL for the manufacture and perfection of Sewing Machines, was awarded to Messrs. WHEELER & WILSON of New York.

Yours Respectfully, HENRY F. O. DALIGNY, Member of the International Jury and Reporter of the same.

DEPARTMENT OF STATE, Washington, May, 1868. To Wheeler & Wilson, of New York. Sirs:—The Department has received one Gold Medal, awarded to your firm for Sewing Machines, at the Paris Universal Exposition of 1867. WM. H. SEWARD, Secretary of State.

Second—We assert to the positive sale of the LARGEST NUMBER OF SEWING MACHINES FOR FAMILY USE

OF ANY MANUFACTURING COMPANY IN THE COUNTRY.

(all combined) THE WHEELER & WILSON'S NO. 1 SEWING MACHINE is exclusively

A FAMILY SEWING MACHINE,

and as such, it has, in defiance of all competition, whether it be mainly and honorable, or ungentlemanly and ignorantly discountenanced, made its way, held its own, and established the well-merited reputation so universally extended to the Wheeler & Wilson Sewing Machine. Nor is it necessary in introducing the Wheeler & Wilson to the citizens of Lancaster, that we should speak in any way disparagingly of others. We claim to have a FIRST CLASS SEWING MACHINE, complete with no single extra attachments to buy after purchasing; the best in use for family work.

In taking into consideration the unequalled popularity of this wonderful machine and its immense sale, it should be remembered that we have derived no benefit whatever from the sale of manufacturing machines. Withdraw the heavy machines from the sale of the different companies, and where do they stand? Far behind the Wheeler & Wilson Co., who make the Family Sewing Machine a specialty. The Company's manufacturing premises at Bridgetown, Conn., occupy a space of 5 acres, enclosing an entire quadrangle, with a front on the N. Y. & N. H. Railroad side of a quarter of a mile less 15 feet, filled with costly machinery.

Capital Employed, over \$2,000,000. Men Employed, 1,000. Daily Production, 1,000. Number in Use, 400,000. In excess of any other, \$1,000,000 to 2,000,000.

In other words, this Manufactory has added to the industrial world the effective force of 1,700,000 seamstresses, and is swelling that immense number by adding 1,000 per day.

It has even conquered British prejudice. Charles Dickens himself has made it the subject of a finely turned article in "Once a Week," and the London Times, in an exhaustive two column and a half editorial, covering the whole subject of Sewing Machines, awards the highest merits of praise to the WHEELER & WILSON, as the one best adapted for household work.

It is on this mission of labor-saving in all parts of the world, London, St. Petersburg, Madrid, Constantinople, Calcutta, Cape Town, &c. Its agents are everywhere throughout the habitable globe, wherever fabrics are sown into human apparel.

We respectfully claim attention, and cordially invite the citizens of Lancaster county to visit our Office, inspect the Machine, examine the samples of the work performed, and compare them with others. We willingly abide the result.
