

Father Abraham's Chips.

HON. WM. PITT FESSENDEN, United States Senator from Maine, died on Wednesday a week at his residence in Portland.

THE campaign is opening with spirit in the western part of the State. Some of the ablest Republican speakers of the State are on the stump there.

THE Democratic party, according to General Rosecrans, "ought to be a party of principle, a party of life, of action, of progress." How different from what it is!

SHALL Geary, the gallant soldier, or Packer the miserly millionaire, be our next Governor? Will the people disgrace themselves by preferring gold before patriotism?

THE Dayton (Ohio) Ledger says the Republican party is in "straichtened circumstances;" whereupon the Cincinnati Times inquires, "Isn't that better than to follow the crooked paths of tangle-leg Democracy?"

ALEXANDER CUMMINGS, a gentleman tolerably well known outside of Pennsylvania politics, and sometimes called "the straw hat man," is about to establish a daily paper in Philadelphia, in the interest of his friend and patron, Simon Cameron.

THE most lucrative office in Luzerne county is to be given to one Jimmy Ryan, a whisky seller, who can neither read nor write. He is the nominee of the Democracy, of course, and the office, we believe, is County Treasurer.

ASA PACKER is a Democrat of the Vallandigham stripe, and yet he expects the Union-loving people of Pennsylvania to elect him in opposition to a gallant soldier, who was perilling his life on the battlefield while he (Packer) was hobnobbing with rebels in Europe.

GOV. GEARY is paying off the State Debt at the rate of one or two millions a year. Gen. Grant is at the same time reducing the National Debt over one hundred millions a year. People who pay taxes had better stick to these good and faithful public servants.

EVERY Republican will appreciate the importance of the present campaign, in view of the fact that the election of Pershing would give the Democracy the control of the Supreme Court of the State, and enable them again, as last year, to deluge us with fraudulent naturalization papers.

ASA PACKER has been in the State Legislature and in the National Congress. The people desire to know what he did in either of those positions to benefit the State or the nation, or to distinguish himself as a statesman, so as to entitle him to the office of Governor of Pennsylvania. Who can tell?

GOVERNOR GEARY is accused of joining a large number of benevolent organizations. Democratic papers would, if they thought they could gain any votes, accuse him of joining the Union army in the American rebellion. They can never forgive him for that.

THE Germans in this State, who have heretofore supported the Democratic ticket, are making a general movement to support Geary and Williams this fall. Being generally an honest, industrious and thrifty race, they do not believe in free trade and repudiation. They will make themselves felt.

It is said that Asa Packer, who has a hankering after the Governorship, would not permit the train which carried Gen. Grant over the Lehigh Valley road to stop at Allentown. His reason was that he did not want any Radical to stop there who would create the least enthusiasm, as it would help Geary.

WHILE Gov. Geary was refusing to be the instrument of the slave-drivers and boarder ruffians in Kansas, and was nobly standing up there for freedom, Mr. Packer was in Congress, humbly and servilely following the lead of Tombs, Wigfall and other fire-eaters, in their plans to hand over all our free territory to the slavery interests.

Sixty times was Major General John W. Geary under fire, and he was never defeated when in command. In one of the fiercest battles of the war, his first-born was shot down near him, but he never flinched. His field service was of the hardest kind from the opening of the war to the close. How reads Asa Packer's record?

"Birds of a feather flock together" is an old and true adage. Asa Packer in admiration of his rebellious spirit invited the traitor Vallandigham to his house and entertained him in the darkest days of the war; he was also the friend of the rebel and repudiator Pendleton. What think the gallant soldiers of Pennsylvania of such a record? Can they who wore the blue vote for such a man?

THERE are strong indications that the Democratic party managers will not much longer be able to hold, as they have done, almost the entire body of Irish citizens.—Doylestown Intelligencer.

What credulous nonsense! You might as well tell us that the indications are that the Devil will not much longer be able to hold, as he has done, almost the entire body of the Democratic party.—Trenton Sentinel.

JOHN W. GEARY periled his life for his country in two wars. Shall he be set aside for the friend of traitors and repudiators? What say the brave men who fought under him in the many bloody fields of the late rebellion? Will they repudiate their gallant leader for one who was the bosom friend of their mortal enemies? No never! The boys who wore the blue will vote as they shot.

NASBY, from the obscure retreat of an Ohio country tavern, welcomes the new candidate of the Democracy thus heartily: "George H. Pendleton is the nashin's hope. His political principles are so near like mine that he could to-day carry Kentucky by an overwhelming majority. There ain't a Confedrit sojer in that State who would vote for him cheerily. Therefore let the Democracy up Ohio buckle on their armor and gird up their loins."

LAST fall, in the October canvass, when the Democratic party brought out every available vote, legal and otherwise, we carried the State by a majority of nearly ten thousand. This year, by an active canvass, and the polling of the entire Republican vote, and with the help of the registry law to prevent fraudulent Democratic voting, we ought to double that figure.

We regret to announce the death, on Saturday last, at his residence, in this city, of Rev. E. H. Thomas, editor of the Church Advocate, and a minister of the Church of God (Independent).

He was sixty years of age, and enjoyed the esteem of the whole community. His remains were interred on Tuesday.

Market-master Kuhns confiscated ten pounds of butter for light weight, at our Market, on Saturday last. One would suppose that the price of butter was high enough to satisfy the most greedy. Why not give the names of dishonest dealers who attempt to defraud their customers? An example or two would be wholesome.

THE "UNWASHED" held their local nominating convention in Fulton Hall this city on Wednesday. We were compelled to get the "forms" ready for the press before we could learn of their proceedings.

A young man calling himself Conrad Brick, was arrested on Monday, in this city, for robbing his landlady, Mrs. McSorley, of some spoons, which he had offered for sale at one of our jewellers. After being taken to the Mayor's office, he jumped out of the window, and was shot and recaptured, and committed to prison. He had been previously arrested for robbing a fellow boarder of thirty dollars in money, but the evidence was not sufficient to hold him.

The Lancaster County Agricultural and Horticultural Society will hold an exhibition of flowers, vegetables, &c., in the Court House, on Monday next. We hope sufficient interest will be taken in it by the public to make it a grand success.

Kiddle & Cochran, at No. 40 North Queen-st., have a full assortment of Books, Stationery, &c., which they sell at very low prices.

Henry Stumm, residing in East King-st., this city, made an ineffectual attempt to commit suicide on Thursday of last week, by hanging himself to a cherry tree in his yard. He was discovered by a neighbor making preparations for the act, and was prevented from carrying it into execution.

The new public school house in Manheim, was opened with appropriate exercises on last Friday evening, and addresses were delivered by Prof. Wickersham, County Superintendent and Evans, Prof. John Beck, Dr. J. THE PRESIDENT IN LANCASTER: President Grant passed through this city on Monday last, on his way to Harrisburg. A telegram to A. J. Kaufman, Esq., in the morning,

was the first intimation our people had of his coming, and on the arrival of the train at 2 1/2 o'clock, an immense concourse of people was assembled at the depot. The President was escorted through the crowd by Hon. O. J. Dickey and A. J. Kaufman, Esq., to the balcony of the Court House, where he was received with loud cheers, and welcomed in a few remarks by Mayor Sanderson. The President expressed his gratification at his cordial reception, declined making a speech, and said that he contemplated making a more extended visit to Lancaster on a future occasion. He was then escorted to the hind platform of the rear car of the train, and many of the people had an opportunity of taking him by the hand. The train finally moved off, amid loud cheers from the people, and music by the City Cornet Band. Every body was pleased with the familiar and dignified manner of the distinguished visitor.

A MERITORIOUS ARTICLE.—We are tired of this idea of "putting" humbug medicines that are constantly thrown into drug stores, and are merely an imposition upon community. But when an article comes into the market, which is so happy to make public acknowledgment, trusting that some benefit may arise therefrom. Dr. R. V. Pierce, of Buffalo, is the proprietor of Dr. Sage's Catarrh Remedy, and we take pleasure in calling attention to it because we know it to be a good article, and a sure cure for that loathsome disease. It is sold by Druggists, or may be obtained for Sixty Cents through the mail by addressing the proprietor as above.

The Sewing Machine business in this city, as elsewhere, has grown to be one of importance, and the zeal and energy displayed by the Agents is truly commendable. We give, for the benefit of our readers, the following figures to show what success has crowned the efforts of the various companies in introducing the Sewing Machines to the public: Sewing Machines manufactured and sold as per returns for the year ending June 10, 1867.

Table listing sales of Sewing Machines for 1867, including Singer Manufacturing Co., Wheeler and Wilson, Grover & Baker, etc.

We have taken some pains to collect the above figures, and it will be noticed that the Singer, Wheeler & Wilson, Florence and Weed Sewing Machines have made gains, while the Howe and Grover & Baker have decreased in their sales.

It is also somewhat suggestive that the Singer Manufacturing Company do not advertise largely as the others do, in getting their sales as large as they are. The agent in this city informs us that it is quite difficult for him to get machines for the agents.
