Mr. Nasby gives a brief account of his new establishment, and also of some of his petrons-Hevisits Sing Sing, and is compelled to witness an outrage which he is unable to prevent.

6TH WARD, NOO YORK, December 22, 1869. }

I am perfectly and entirely happy; for I hey formed a number uv deliteful acquaintances in this trooly great city, which make my pathway pleasant and cheerful. I hey added to the decorashuns uv my bar, portraits of Sammon P. Chase, Ferbar, portraits of Sammon P. Chase, Fernandy Wood, and Pendleton, one of which is sure to be our standard bearer in the mild afore, when the Ablishniats hed a congregation of asses." "Then that was a congregation of asses." I hev a stiddy run uv trade, and I am seldom alone, wich soots me exactly. But few men like to be alone. A man is bad company for hisself, for he alone is the only one who knows precisely how cussed mean is. The two Aldermen which pater-

lage alone is almost manager to support me, ez they are conscienshusly industrious drinkers. They pay, not becoz they hev any prejoodis in that direckshen, but becoz money costs em nothin, and becoz, likin my face, they hev a desire to keep me among em. One uv em wuz pleesed to among em. One uv em wuz pleesed to compliment me yesterday. "Nasby," sed the only punishment for niggers, wich he "that nose uv yoors indikates yoor wood finish the cusses to wunst and end sexton to wake up any man he may see "Awer ich hob kea hunnert dahler yusht, olleweil, for sell wu ich grickt hob tum Packer is shun long ous g'shpeelt, un ich konn aw kens raisa uf pledge for mei "times speeks wot the heart doth not prompt; the nose kin never lie. Sich a petition is now hangin on my bar, and I read to the other, times speeks wot the heart doth not prompt; the nose kin never lie. This will be the first reform the

Isn't it a pleasure to mix drinks for one who combines shrewd knowledge uv human nacher, whiskey, and prompt pay, in sich correct proportions? Uv course it is. But my buzzum friend is Terrence O'Sullivan, who is perhaps the most regler customer I hev. Mr. O'Sullivan is one uv the oldest Dimocrats in Noo York, it hevin bin three years sence he left Cork. It is not known wat he wuz before leavin Ireland—there is a mystry hangin over him. From wat I hev bin able to gather from him when he is convivuelly loosened. there wuz a conspiracy organized agin him in his native country, consistin uv a sheriff, four witnesses, a judge and twelve joorymen, wich resulted in his incarcera-shen in a basteel. There wuz a pocket book and a watch mixed up in it, the partikelers uv wich I never got. On his releese Mr. Sullivan proceedid to wunst to Noo York, and commenst life ez a laborer on an excavshen on Broadway. Forchunitly six weeks after he landid an eleckshun took place, and he immediately got employment ez a repeater. Doorin the war he wuz engaged in enlisting hisself under various names for the bounty, the monotony uv wich okkupashen he varied by occasional burglaries and operations in the streets on intoxicated Western men. He hez bin second and bottle holder in many prize fights, and hez an interest in two unpretendin faro banks and one lot-

Uv course Mr. O'Sullivan holds office. Hevin one hundred and sixty-three votes at his control he iz a skool direkter, inspecter of Boa Constrikters in the menagery at Central Park, clerk to three boards and in addishen hez a sub-contract for street cleanin. Ez ther aint no Boa Constrikters and no Boards, and ez the streets are never cleaned, why Mr. O'S. hez a tolerable soft thing uv it, or wood hev were it not that he hez to divide his salaries up among so many. But, nevertheless, he lives comfortably and happy.

Mr. O'Sullivan hez a brother who is, at this time, an inmate uv the State Prizen "Awer George," hob ich g'sawt, "wann at Sing Sing, for highway roosery, and du nix du konnsht mit denna members, last Monday we went up to Sing Sing to forwass set ich der donn a hunnert dahler see him. "Hevins!" ejackilated O'Sulliyan, "is this thing permitted in the Democratic State uv Noo York? Hey we fought nigger ekality at the polls so many years to hev it practised here, in a Democratic State under Democratic offishls?"

"And here, too, where only Democrats is degraded by it!" I put in.

We sought out the warden and demandid that this infamous practis be changed. The warden sympathized with us, but sed it coodn't be. There wuz no provision in the laws governin the prisons uv the State g'sawt er kent so g'wiss er leabt gor nix; for keepin niggers separate. "You see," du for mich, weil sei shlate shun ful war. he remarked, "it's only now and then that any uv the degradid race git here, and there's no provision made for em. It can't be helped." "Then," sed O'Sullivan, "do I understand that the Democrisy uv Noo York city is to be continyoually threatened with nigger ekality. They are till the Legislacher changes it." retorted the warden.

We left the prison shortly after that,

"Nasby," sed he finally, after a silence procha nix geaya michtsu du, un hutmer uv perhaps half an hour, doorin wich more sublime and pathetic than to see a shel never break into a house, or pick a pocket, or go through a drunken man pocket, or go through a drunken man pocket. But Mr. O'Sullivan wuz inflexible. He shood quit all practices wich pinted in he direkshun uv a penetenshary, for it would kill him to be compelled for a minit to eat, work or walk beside a nigger, even the he work or walk he had been some a few minutes, one of them said: "Jim, was a revealed to do it."

HYDROPHOBIA.

The Philadelphia Sunday Republic of he come out shusht right ever since." the 2d inst., contains the following: Within the past week, there has been consider- boy !" said a schoolmaster. "He wanted able consternation in the vicinity of Six- to know if you take ten from seventeen teenth and Market streets over the fact of how many will remain, so I took ten of the death, by hydrophobia, of a number of horses, goats, and dogs, at the stating of Henry Bickley, Esq., on Barker-st. above Sixteenth. This gentleman had some twenty head of horses, two goats, and some twenty head of horses, two goats, and several dogs. In Appear to the first several dogs. several dogs. In August last, a rabid cur lazy son recently gave the youth one week ran into the office and snapped one of the dogs. In a short time this animal'showed signs of hydrophobia, and, after having bitten another one of the dogs was slaughtered. The last one died after four days of the most intense suffering. About a month since, a mule in the stable also gave evidence of having been inoculated with the virus. It broke from a stall and was confined in a shed. While here, one of the stablemen, named Alexander Montgomery, went into the place, and, while cleaning the animal, was nipped in the arm. Fortunately for Montgomery he had two woolen shirts on, and it is believed that the virus was cleaned from the teeth before they touched the flesh. Caustic was also freely used on the wound. The mule died, and in a week or two a goat was attacked with the malady and after considerable trouble, he was slaughtered, but not before he had inflicted severe wounds upon a horse. Another goat, who had been bitten by one of the dogs, was also dispatched at the same The stable was purified, and it was time. believed that the complaint had disappeared. To the surprise of the worken, on going to the stable on Christmas morning, one of the horses was found running about the building in a perfectly frenzied state. Every effort was made to ecure him, and, in so doing, Michael Ryan, an employee, was bitten. The wound was cauterized, and every attention has been paid to its condition since that ime. Again, on Wednesday last, another horse was found dead in the stable. The remaining horses seem to be all right, but there is no telling what minute they may be attacked.

DEMOCRATIC STRONGHOLD.

A beautiful state of things in New York is thus pictured by the Sun: "By immunity from punishment, and grown lusty by the bribes they feed upon, gangs of repeaters perambulate the city from poll to poll on election day, and stuff their ballots into the boxes, under simulated names, or forged names, or the names of real citizens who have not yet voted; and this they do as openly and fearlessly as they parade in the torchlight procession of the previous night, and drank libations of whisky to the success of their candidates. In some of the wards of the city these gangs of repeaters are as regularly organized as the genuine voters; and to such pertection has the system arrived that, through duly authorized agents, their ballots have become an article of merchandise as really as poultry or potatoes. The recent charter election demonstrated that this system will, unless speedily crushed, soon ripen into fearful riots at the polls between rival corps of repeaters. Already the leading strings in some of the wards have slipped from the hands of the political magnates who organized the scheme, and the repeaters have set up for themselves, in some cases selling their votes to irregular candidates, and in others using their strength to elevate to office some favorite member of their gang."

We do not wish to inform you, reader, that Pr. Wonderful, or any other man, has discovered a remedy that cures Consumption, when the lungs are half consumed, in short, will cure all diseases whether of mind, body or estate, make men live forever, and leave death to play for want of work, and is designed to make our sublunary sphere a blissful paradise to which Heaven itself shall be but a side show. You have heard enough of that kind of bumbuggery, and we do not wonder that you have by this time become disgusted with it. But when I till you that Dr. Sage's Catarrh Remedy will positively cure the worst cases of Catarrh, I only assert that which thousands can testify to. Try it and you will be convinced. I will pay 450 Reward for a case of Catarrh that I cannot cure.
