"The Danites."-On Monday evening Joaquin Miller's play of "The Danites" will be produced in this city by a company under the management of James Ward, of Philadelphia, who has secured the right from McKee Rankin to play the piece in Eastern Pennsylvania. "The Pirates" To-night .- A great many seats have already been sold for the performance at Fulton opera house to-night, when Messrs. Gilbert and Sullivan's latest operatic success, "The Pirates of Penzance," will be produced for the first time in this city by a company of fifty persons, organized by Mr. D'Oyly Carte. The press of the cities of New York and Philadelphia, where the opera is now running to immense success-at the Fifth Avenue in the first named place, and at the South Broad in the latter-unite in classing "The Pirates" as

among the brightest of modern light operas. It is said to be characterized by the delightful humor, brilliant wit and deft satire that won for "Pinafore" its immediate great success, while Mr. Sullivan is credited with the impos sible feat of surpassing himself in the music, which is pronounced superior to that of the last named opera. Dr. Warren's Lecture .- The eminent astron-

omer and lecturer, Rev. Henry W. Warren, D. D, will deliver his popular lecture "Recreations in Astronomy," in Fulton opera house, on Thursday evening of next week, under the auspices of a number of gentlemen of this city, whose inquiry into this field of science during the present winter have succeeded in arousing such great popular interest and resulted in the formation of an organization specially devoted to the study. The lecture will be illustrated with calcium light, under direction of Prot. Wm. Long, who had charge of the light on the occasion of the great Proctor lecture here. Another feature of the occasion will be the grand chorus of a hundred and fifty voices oupils of the boys' and girls' high schools, under the direction of Prof. Carl Matz. Dr. Warren has already been heard twice in Lancaster within the past few years; once on the "Forces of a Sunbeam," and again on a "Trip to the Stars," and enjoys among our people the reputation of an eloquent orator. The chart is now open at the book store of John Baer's Sons, North Queen street, where seats may be secured without extra charge.

I have given its working a personal inspection, and find that it merits my professional sanction. I especially recommend the Pad in all malarial affections, and in chronic diseases of the various organs it is invaluable."

SKIN DISEASE.

derful Cure by the Cuticura Remedies. Messrs. Weeks & Potter: Gentlemen.—Cuty-cura Remedies have done me a power of good. I have been affileted with skin disease for sixteen years. Some days it troubled me more than others, but at night the itching nearly drove me wild.

I would scratch until the blood would run down my limbs.

I have had several physicians. Some said they could cure me, but others said not.

I will say that before I used the Cuticura Remedies I was in a fearful state, and had given up all hope of ever having any relief.

But, like a drowning man grasping at a straw, I thought I would try the Cuticura Remedies, about which I had read so much.

They have perfumed: a wonderful cure for me, and of my own free will and accord I recommend them. Yours truly, MESSRS. WEEKS & POTTER: Gentlemen.—CUT commend them. Yours truly, S. A. STEELE. 68 W. Van Buren St., Chicago, Ill., March 17,
