REIGART'S OLD BRANDY. This new and most abused Alcoholic Stimulant was never intended as a beverage, but to be used as a medicine of great potency in the cure of some of the most distressing diseases which sweep away their annual thousands of victims. With a purely physical and scientific basis, it is the favorite remedy of invalids—especially those afflicted with that miserable and incurable disease, Dyspepsia, a specific remedy, which is nothing more or less than Brandy.

REIGART'S OLD BRANDY. In cases of Dyspepsia, we can summon numbers of witnesses—one case in particular we cite: A hard-working farmer had been afflicted with an exhaustive Dyspepsia for a number of years, his stomach would retain almost every kind of food; he had sour eructations constantly to his appetite—in fact, he was obliged to restrict his food to crackers and bread, and as a beverage he used McGurn's Root Beer. He had tried every medicine he could get, and at last he was advised to try Reigart's Old Brandy. He used the Brandy faithfully and steadily; the next day he was able to eat his regular food, and the second day he was a well man, with a stomach capable of retaining anything he chose to eat. He still keeps it and uses it occasionally; and since he has this medicine he has been a healthy and happy man. Reigart's Old Brandy.

Washington's Birthday. Yesterday, February 22, was the anniversary of the birth of George Washington, the father of his country, the first president of the United States—the first in war, the first in peace, and first in the hearts of his countrymen. Falling on Sunday this year, there was no general celebration of the day. In some cities, however, the celebration took place on Saturday and in others to-day. In Lancaster the only observance of the day is the waving of flags from several flag-staffs and the ringing of the Washington fire company's bell.
