The little child of John Green that was so badly burned two or three weeks ago, by his clothes taking fire, died this morning at his father's residence, No. 723 East Orange street, owing partly to its severe injuries and partly to a severe cold it caught and which developed into catarrhal pneumonia.

In Town. Samuel Heilbroner, of the firm of Heilbroner, Joseph & Co., manufacturers of cigars and packers of leaf tobacco, New York, arrived here today. During the month of December he purchased a quantity of tobacco in this county, but on account of having opened a large cigar factory, which occupied their entire attention up to the present time, were prevented from receiving their purchases sooner. They have this day begun to receive and have notified all from whom they have purchased to this effect, notwithstanding they have been grossly misrepresented by people no doubt for the purpose of injuring the reputation of their house, and no doubt with a view of purchasing these same lots of tobacco which was bought early in the season by this firm.

The Curtin Yocum Case Reported. In the House after a personal explanation from Mr. Reagan regarding certain newspaper statements public business was taken up. Mr. Springer (Ills.), chairman of the committee on elections, submitted the majority report of that committee on the Pennsylvania contested election of Curtin vs. Yocum, declaring the election to have been null and void and remitting the question to the people of the district. The minority report submitted by Mr. Calkins (Ind.) declares Yocum to be entitled to the seat. Both reports were ordered to be printed and laid on the table.

After considering some other business without definite result the House went into committee on revision of the rules.

"OUT OF ALL PROPORTION." Canada's Rains and Increase of Crime. OTTAWA, Ont., Feb. 24.—In the House of Commons Hon. Mr. Blake introduced a bill for the more effectual prevention of crime. He said the increase of crime was out of all proportion in 1879. There were 1,318 prisoners in the penitentiaries, an increase of 25 per cent. in two years. He proposed to subject old convicts to a system of police surveillance and general and stringent supervision. The government will most likely adopt the bill.

Out of the Shadow of Death. PHILADELPHIA, Feb. 24.—In the supreme court to-day Justice Trunkey rendered an opinion in the case of Mrs. Catharine Zell, of Carlisle, under sentence of death for murder. The decision reverses the decision of the lower court, and grants a new trial.

PETER'S PENANCE. Irish Prelates Sending Money to Rome. ROME, Feb. 24.—The Bishop of Kilmore, county of Armagh, has sent to the Pope £400 as Peter's Penance. £450 have been received from the Archbishop of Armagh.

Mouat's Sense of Security. Mr. Mouat, a select councilman of the great moral city of Philadelphia, is the guilty of the most criminal acts, and yet escape the penalty of his crimes because he is one of that strong political brotherhood, that if it cannot pack juries or shape verdicts, can mitigate the rigor of justice by commanding clemency. This persons did what he did because he knew that he would not be punished for it, and therefore he is not as much to blame for what he did as is the society in which he lives, which confesses to him and all like him its inability to reach and punish him or them for offenses against it. There is the great unwritten law of the quarter sessions, which is ever so much stronger than the written law, which decrees that guilt sustained by political influence is as good as innocence that can be proved, and very much better than innocence that cannot be proved.
